#### THE DAY OF REMEMBRANCE.

Falling this year upon Saturday, 'Armistice Day' provides a great opportunity for peals in celebration of the anniversary of the cessation of hostilities in 1918, and, doubtless, there will be many bands who will avail themselves of the occasion. The day which saw the end of the great clash of arms in Europe is one which will remain a vivid memory with the present generation, and, as it marked the triumph of our arms, after more than four years of fierce warfare in which our sword was drawn for freedom and right, we may well celebrate the anniversary of such an epoch in the world's history by the joyous pealing of our bells.

But 'Armistice Day' as an occasion for rejoicing occupies on the 11th November only a secondary place in the thoughts of most British people. Primarily do their minds revert to those brave sons who fought and died, and hence it is as 'Remembrance Day' that this anniversary occupies first place in the hearts of the public. Last year ringers in hundreds of towers throughout the country joined in commemorating the day, first by muffled ringing, as a tribute to the fallen, and then, in many cases, an 'open' peal or touch to celebrate the triumph of the nation on the field of honour. The suggestion is made that a similar course shall be followed next week, and we imagine that in a majority of the towers the proposal

will be acted upon.

From among the ranks of the ringers who went out in such large numbers to bear their share in the great adventure, approximately one thousand laid down their lives; and 'Remembrance Day' would be a specially appropriate occasion upon which those who now occupy the belfries, and grasp the ropes that once these departed heroes handled, could collectively honour the memory of their old comrades. In some areas the ringing is being properly organised, to ensure that it shall be general, and also, which is important, that where mixed bands are made up for peal attempts, individual companies shall not be so depleted as to deprive them of the opportunity of taking their proper part in the general ringing. This is, of course, a necessary step, for it might easily happen, where towers are not overmanned, that the absence of a couple of ringers might make impossible the effective use of the bells. 'Remembrance Day' is emphatically one of the days in the year when the bells ought to ring in every steeple in the country, and we hope that it will be possible this year. If it be only rounds that are rung it matters not so long as the ringers give of their best. It should be done even at the sacrifice of personal convenience, for what is this

compared with the sacrifice made by those men who came not back? The memory of the dead should first be honoured, whatever else may be contemplated in the way of celebration, and if this be done the ringers may rest assured that in this they will be giving fitting expression to the feelings of those who will hear the bells.

#### THE PEAL AT EDINBURGH.

Bards have sung that 'Ail good gifts around us come from Heaven above,' but the writer never realised until last Saturday the time of the year at which good gifts are sent. On arriving, however, in St. Cuthbert's belfry, 'neath the shadow of Edinburgh's glorious castle, no one could have failed to realise that in and close around the month of October was the appointed time for the arrival of the best of 'good gifts.' In the first place the peal was a beauty from start to finish, the second of Bob Major to be rung in Scotland; 'twas the first peal of Major in Scotland in which a lady has taken part. It was the first peal of Major by the treble ringer. It was Miss Whitson's first peal and first attempt, and great credit is due to her for the masterly style in which she finished her work. It was rung as a birthday compliment to the following five members of the band and birthday compliment to the following five members of the band and two old friends: Miss Whitson (October 18th), Messrs, Astley (Oct. 21st), Cleveland-Ellis (Nov. 6th), Heathcote (Oct. 18th), Sykes (Oct. 24th), And to Joseph Broadley (Oct. 25th), of Bradford, and ex-Sergt, Joseph Williams, of Newent. So who will say that October is not the season for good gifts?

#### CERTIFICATES OF MERIT.

To the Editor.

Sir,—Although I have given very little assistance myself I have always considered your correspondence column to be one of the most interesting (occasionally amusing) features of your journal, and as a member of the Sub-Committee of the Midland Counties Association dealing with the above matter, the letters from Mr. Wilson and Mr. Vallance are appreciated by at least one of your subscribers.

The suggestions by Mr. Wilson will certainly have to be very carefully considered, while the fact of such an experienced ringer having put forward a similar idea previously will give the committee a certain amount of confidence they are not chasing a shadow.

Mr. Vallance goes further, and actually appears to have a concrete plan in his head!

I might repeat here that the committee of the M.C.A. was an-

I might repeat here that the committee of the M.C.A. was appointed to consider whether the matter is 'possible 'or 'desirable'; therefore I am sure any further suggestions of any nature will be welcomed by those interested.—Yours faithfully,

A. C. WRIGHT.

#### ' AN UNFAIR STATEMENT.

Dear Sir,—In the current issue of 'our paper,' under the heading 'Certificates of Merit,' appears a letter from Mr. Wm. Willson, in which he says: 'A ringer may boast of his 200 or 300 peals, largely of Doubles and Minor—the whole bunch of which would not equal a zolitary peal of London'—a most unfair statement, and one which cannot be allowed to pass without comment,

I take it that the writer is one of those who, on coming to the end of 'Eight Bell Peals,' passes on to the reading matter, considering 'Six and Five Bell Peals 'as being of no consequence. I will, therefore, refer him to the leader of June 14th, 1912, and to the peal list for December 2nd, 1921, page 734, in which is recorded a peal of Treble Bob Minor in 24 methods, in seven true extents, and would ask him to find out its value in points, as allowed by the Central

of Troble Hob Minor in 24 methods, in seven true extents, and would ask him to find out its value in points, as allowed by the Central Council, then compare it with the points allowed for London.

What encouragement is it to Minor ringers who, doing their best with the bells at their disposal, have their efforts belittled, and who again, may I ask, is entitled to a 'Certificate of Merit,' he who is nearly always ringing with a good band or he who goes about the countryside giving a helping hand and willing to stand in with a band of novices, giving encouragement rather than discouragement?

—Yours very truly,

BISHOP OF COVENTRY AS PATRON.

The quarterly meeting held at Nuneaton on Saturday, October 21st. may be classed as one of the most successful in the history of the Coton, Guild. Members were present from Berkswell, Chilvers Coventry, Croft, Exhall, Grendon, Hinckley, Leicester, Lichfield, Stoke-in-Coventry, Stoke Golding, Stoney Stanton, and the local band. The bells were raised shortly after 3 o'clock, and were soon sending forth their music in Stedman Triples. They were kept going in various methods until 5 o'clock, when the Guild's service was taken in church by the Rev. Stanley Morris, curate of Attleborough, and Vicar-designate of Wolvey, who also gave the address. The Rev. H. B. Dawson, curate of Nuneaton, kindly presided at the organ.

organ.

After service a meat tea was provided in the Parish Room by kind parmission of the Vicar (Canon Deed), between 20 and 30 sitting down, including the president, Canon H. C. A. Back, M.A. The president being unable to stay for the business meeting the chair was occupied by the Ringing Master (Mr. A. Roberts).—The Hon. Secretary read a letter from the new Bishop of Coventry, in which he said: 'I shall have much happiness in acting as patron of the Guild of Church Bell ringers, and hope that the Guild is very flourishing. Anything I can do to serve it will be a pleasure.'

Leamington was selected for the next quarterly meeting, in January, 1923.—Three new members were duly elected.

The Chairman moved a hearty vote of thanks to Canon Deed for the use of the bells and the Parish Room, to the Rev. Stanley Morris for officiating at the service and for his able address, also to the Rev. H. B. Dawson for presiding at the organ.—Mr. H. Argyle, senr., seconded, and the motion was carried unanimously.—The Rev. S. Morris replied.

S. Morris replied.

A vote of thanks was accorded the ladies for their kind assistance at the tea.

The tower was again visited, and the ringing was exceptionally good, every method attempted being successfully brought round. The touches included Grandsire and Stedman Triples, Duffield, Double Norwich and Bob Major, London, Bristol, Cambridge and Superlative Surprise.

A convivial hour was spent in the Queen's Head Hotel, during which the handbells were brought into use in various methods, while the tune ringing by Messrs. H. Briggs and C. H. Webb was much enjoyed. Thus concluded a most successful meeting and friendly enjoyed. gathering.

#### BELFRY GOSSIP.

' Name ' peals are not uncommon in these days, but it is inter-Cumberiand Youths at St. Martin's-in-the-Fields on Saturday, Nov. 3rd, 1796. The ringers were all Williams, and it is surprising to find that in those far-off days, when facilities of locomotion were so limited, that eleven ringers boasting all the same Christian name could be got together.

The peal was a 5,129 Grandsire Caters, and it is recorded in the tower as 'the first peal ever rung on any bells by any society, the members being all of one name.' The band was William Whitehead treble, William Richardson 2, William West 3, William Stophens 4, William Gibson 5, William Shipway 6, William Brown 7, William Court 8, William Tyler 9, William Castle and William Rigby tenor-The peal was called by William Shipway.

This number of ringers of one Christian name in a peal has only been once exceeded, and that was when twelve Johns rang a peal of Stedman Cinques at St. Giles', Cripplegate.

On November 5th, 1787, as recorded in the annals of St. Peter's, Sheffield, 'was rung on eight bells at this church a peal of 6,048 Sheffield, was rung on eight betts at this church a peal of 6,048 changes of that intricate method called Cambridge Surprise in 4 hours and 18 minutes, by the following persons, viz.: R. Owen treble, G. E. O. Wylde 2nd, Samuel Willey 3rd, William Leo 4th, Charles Fletcher 5th, John Hill 6th, Samuel Dutton 7th, Thomas Babb 8th. The weight of tenor 33 cwt. The above is the first peal of this method ever rung in the country.

This composition has not been handed down to us, but it is beyond question, we believe, that the peal was a false one. In any event, the ringers evidently did not know of a 5,152 Cambridge which had been rung in 1783, at St. Giles-in-the-Fields, London.

The first peal of Superlative was also rung on November 5th. This was at Huddersfield in the year 1821.

We have always looked upon Mrs. George Williams as the first lady peal ringer, for 30 years ago she rang the trebles to a handbell peal of Grandsire Triples. The 'Bury Post' of Nov. 5th, 1788. however, records a handbell peal of Bob Major rung at Nowton, in which the tenor was rung by a girl of 13. We have no further information than this, and wonder whether any of our readers can give us further particulars.

On November 8th, 1888, a peal of 6,720 London Surprise Major, then the longest length in the method, was rung at Burton-on-Trent

The first eight-bell peal at Coddenham was rung on November 9th, 1742. And on the same date in the year 1800 the first peal of Oxford Treble Bob Major in Liverpool was rung.

The ringer of the 7th in the peal of Double Norwich at Oswald-twistle was William Barnes, not William Riling, as printed.

At an informal meeting held recently, the members of the belfry of St. John the Baptist, Hillingdon, presented Miss N. G. Williams (upon her leaving Hillingdon to take up her residence near Bath with an ivery-fitted dressing case, as a token of appreciation of her work as local secretary.

In connection with the opening of the peal of twelve at Taunton it is interesting to recall that the former ring of ten was dedicated on June 25th, 1885. The ringing for the service was carried out by a specially selected band, and after a luncheon in the City Buildings the first peal of Caters in Somerset was rung on the bells.

The band contained some well-known names, being made up of Joseph Field 1, Thomas Payne 2, A. F. M. Custanco 3, William Finch 4. Samuel Hounslow 5, Charles Hounslow 6, Rev. F. E. Robinson 7, Rev. C. D. P. Davies 8, James W. Washbrook 9, William Wakelin 10. The peal was composed by Henry Johnson, and conducted by the Rev. F. E. Robinson. It was rung under the auspices of the Oxford Discrete Cavild. Oxford Diocesan Guild.

The inquiry was made in our columns a fortnight ago for any instance of a ringer taking part in his own golden wedding peal, as Mr. Jos. Gregory, of Deane, Bollon, had done on Sept, 25th. Mr. R. C. Loveday, of Thrapston, Northants, writes that Mr. W. J. Gilbert rang the 3rd to a peal of Kent Treble Bob Major at Raunds on February 25th last, in celebration of his golden wedding.

#### CAMBRIDGE SURPRISE ROYAL CENTENARY

COMMEMORATION OF AN INTERESTING EVENT.

The centenary of the first peal of Cambridge Surprise Royal did not pass unmarked on Thursday of last week, and it is pleasing to record that two attempts were made for the same composition as that rung at All Saints', Wakefield, on October 26th, 1822.

At All Saints', Worcester, the peal was successful, but at St. Stephen's, Bristol, the attempt failed through a broken rope. The same composition was being rung, but unfortunately one lead after the first part and the treble rope came down and put an end to the ringing. However, as our correspondent remarks, 'it is better to have tried and lost than never to have tried at all,' especially as the failure was not due to the ringers. the failure was not due to the ringers.

The peal of a century ago is recorded in the belfry records at All aints', Wakefield, as follows:-

Ou Saturday, the 26th day of October, 1822, nine of the society of ringers of this church, with Joseph Tebbs, of Leeds, succeeded in accomplishing a peal of Cambridge Surprise Royal, comprising 5,400 changes, in three hours and thirty-five minutes, being the first peal ever attempted in the above difficult method by any set of men in the kingdom, which will be a standing laurel for the society for ages to come. The above peal was composed and conducted by William Woodhead. The band as stationed:—

#### THOSE DELUSIONS.-OCTOBER BREWED.

Dear Editor,—First of all let me hasten to assure good Tom O'Kent that I labour under no delusions, though I will admit that often have I tarried at ye hostel known as Ye Tiger hard by ye Common of Chiselhurst to such a late hour and to such goode purpose, that goode Mistress Peppery has in ye past, of ever blessed memory, given me so many pieces of her minde that I marvel at ye bounteous store of this product that goode Dame Nature did bestow upon ye best of spouses, not to mention ye generosity of yo Goode Mistress in such matters on my endeavouring to convince her that I had passed ye evening in ringing with Good Tom O'Kent and his merrie men. Then did ye goode woman also say that I suffered from delusions mixed with a generous proportion of Nut Brown (oh no, not shag). However, to our muttons. Good Tom O'Kidder did claim that he was the first father to ring a peal of London with his son, Good Tom O'Kent, or his son, did reply that they had done that years ago, and tike many more of your correspondents they omitted to mention that they knew it had been done before. So leaving people to infer that they laid a prior claim. I passed the remark on reading this letter that I was very surprised at Tom for omitting to give the honour to the Banister family, as I knew he had rung under the peal board in Woolwich Tower, which records the second peal of London ever rung. He must have seen it scoves of times. I range London ever rung. He must have seen it scores of times. I rang with him there a quarter of a century ago; and rang my first of Stedman and London under that 'vermilion' board.

I did note with pleasure ye varied suggestions for certificates for various stages of proficiency in ringing, and did discuss ye subject with goods Mistress Peppery, who did, as is her wont, brighten up my bemused ideas and did point out to me that ye goode Editor did provide us, week hy week, with ye best of diplomas as to our respective merits, and did sound ye loud trumpet at every step forrespective merits, and did sound yo loud trumpet at every step forward which we took in ye art, even unto ye course on handbells over our mortal remains, though ye goode woman does oft affirm that 'ruins' will more fitly describe mine. And when I did suggest that as an added attraction 'wound stripes' should be granted for tough jobs, like Matfelon at Whitechapel, and a torpedo badge to indicate when one had shipwrecked a peal by having to 'give it up,' ye goode woman did remind me that I generally got shipwrecked coming home from a peal, so that I should never be able to wear 'em all at once. However, if ever I arrive home with another certificate, smash it o'er my pate she swears she will.

I did then refer to ye discourse on Q-sets, and did read ye problem of ye cat and its tails at which ye goode woman did say that, even were it true, ye cat was short on change compared with ye ringing frateinity after a peal, and she did affirm that she was in agreement with good Mr. Trollope when he had said, some time gone, that no one had a right to claim anything as his own, and that

gone, that no one had a right to claim anything as his own, and that the house that Jack built theory was very good. But even then the brickmakers would have been hard hit as method builders if someone had not invented some clay.—Yours sincerely,

#### SURREY ASSOCIATION.

ALLIANCE WITH NEW GUILDFORD DIOCESE DISCUSSED. A meeting of the Central district was held at Clapham Park on Saturday last, when ringing on the fine peal of eight was much enjoyed by a representative gathering from the towers in the disenjoyed by a representative gathering from the towers in the district, including members from Ewell, Leatherhead, Croydon, Streatham, Mitcham, Beddington, and the local band, which includes

Streatham, Micham, Beddington, and the local pane, which includes several ladies, who are making good progress.

At the business meeting after tea, the Master, Mr. J. D. Drewett, presided, and among other business, the matter of an alliance with the new Guildford Diocese was discussed, and a resolution carried approving the same, and inviting the old Winchester members to form a Guildford district of the Surrey Association.

A vote of thanks to the Vicar and the lady members who had

arranged the tea, was carried unanimously.

In connection with the question of the amalgamation of the towers in the new diocese of Guildford with the Surrey Association, we understand the proposal originated out of a communication received from the secretary of the Guildford District of the Winchester Guild, in which towers now in the Guildford District but actively affiliated to the Surrey Association, were invited to a meeting to consider—

(1) Whether it is advisable to form a new Guild for the new

Diocese of Guildford, or

(2) To try and come to an arrangement with the Surrey Association and combine the two ringing societies in Surrey to form one Guild or Association with an alteration of name, say, the Guildford Diocesan Guild and Surrey Association, or vice

(3) Any question which may arise from the above.

The discussion on the question at the Surrey meeting was taken part in by, among others, members from Leatherhead and Ewell, two of the towers which would be affected, as they are at present in Winchester Diocese.

The members welcomed the proposed alliance, but could see reason for an alteration of title. They, however, invited the Guild members to form a Guildford district of the Surrey Association. They, however, invited the Guildford

The towers in the Central District of the Surrey Association which are also in the Winchester Diocese are Dorkipg, Leatherhead, Ashtead, St. Martin's and Christ Church, Epsom, Ewell, Ranmore and Banstead.

There are other towers in West Surrey similarly situated.
Consideration of the subject between the Mid-Surrey towers and the
Guildford District of the Winchester Guild is to take place at a meeting at Leatherhead to-morrow.

#### ARMISTICE DAY.

Sir,-May I again appeal to my fellow ringers throughout the country to do their best to carry on and extend the good work begun so well last year on Armistice Day in the ringing of muffled or halfmuffled peals and touches?

No doubt there will be many peals rung this year, but I do hope that if peal ringers are drawn from other places it will be so ar-

ranged that their own towers are not neglected.

This is an occasion on which we as a body can show our gratitude for all our lads did for us, and in doing so, I feel sure we are expressing the gratitude of the vast majority of our fellow countrymen. It will also show that we still 'remember' those we loved and -Yours faithfully,

Wellingborough. F. BARBER.

#### THE PEAL AT APPLEDORE.

Of the band in the peal at Appledore, Mr. and Mrs. H. Baker and Mr. B. Baker reside at Frittenden in the Tenbridge District of the Kent County Association, and Mrs. Baker is the first resident lady ringer in that district to ring a peal. Miss Thomas comes from Mersham, Messrs. Tribe and Burgess from Tenterden, Johnson from Appledore and Billenness from Hawkhurst. The peal was rung on Applectore and Billenness from Hawkhurst. The peal was rung on the 38th anniversary of the wedding of Mr. and Mrs. Alfred Johnson, Lushington, Appledore. Mr. Alfred Johnson is captain of the Appledore ringers. The peal was also rung as a birthday compliment to Mr. George Johnson, whose birthday was on the previous Tuesday. Mr. and Mrs. George Johnson kindly entertained the company to tea and supper at their residence, Veness House, Appledore.

#### BROKEN ROPE SPOILS MEMORIAL PEAL.

On the occasion of the opening of the Lych Gate War Memorial On the occasion of the opening of the Lych Gate War Memorial and unveiling of the roll of honour at Crofton Parish Church, on Saturday, Sept. 23rd, an attempt was made to ring a muffled peat of Minor, the methods comprising Kent, Killamarsh, City Delight, Arnold's Victory and London Scholars. During the ringing of the last method, the breaking of the fourth rope brought the attempt to a sudden termination, which was the more unfortunate, as the band had got almost to the end of the complete peal. The ringers were: W. Green 1, J. T. Chamberlaine 2, G. Hunt 3, T. Hilton 4, A. Panther (confuctor) S. A. Gill 6. A. Panther (conductor) 5, A. Gill 6.

#### THE SHORT-COURSE SYSTEM.

By JOSEPH W. PARKER.

It is generally admitted that, in the case of methods with a plain hunt or a treble-bob hunt, the plain course is too long. There is too great an interval between the course-ends, and, with two or three exceptions, leads can, with advantage, be left out. There is nothing new in this idea, for peals of Bob Major with bobs at 5th's

and 4th's perfectly illustrate the principle of shortening the course.

Such peals are not popular because, being regarded as parting the tenors, their good properties are overlooked.

The present article is to draw attention to the fact that Plain Bob and other methods, from Minor to Maximus, with a shortened course, may be regarded as a different system, i.e., methods with three hunts.

Take any method which has 32 after the treble at the first hand-stroke lead-end, say, as in Bob Major, 13254768. If eight's place is made the bells come round, if second's place is made it is Plain Bob. If, however, fourth's place is made, the result is 12357486, giving a method with three hunts coming home every lead, and five working bells retaining their coursing order. Thus, in effect, five bob-leads of a method become a plain course of the short-course variation, and, to obtain peals, second's place must be substituted for fourth's at a bob, and a plain lead becomes a bob lead.

To put it more clearly, it is better in sucli methods to learn the

bob work as part of the course, and when a call is made, to do the work of a plain lead.

Composition, of course, must meet the need of such altered condi-

In Plain Bob the three hunts all do the same work, but in others.

while the Treble or Primary hunt will always have a plain or Treble Bob path, the work of the two secondary hunts may vary from this, the work of these two always being a reflection one of

the other.

It is not necessary, however, to confine the scope of the system to existing methods, or to the first lead end 12357486, for the short-course of Plain Bob has as its lead-ends the following:

12357486

Then the first lead-end of a short-course method may be any one of the first four without sacrificing regularity. Further, it is quite legitimate to vary the work of the secondary hunts from that of the treble; as a mafter of fact, unless two bells he still behind, it must be done in the case of Treble Bob.

This system gives to the Exercise the means of increased interest in ringing, as the secondary hunts vary the monotony of a method, a greater number of the more musical changes may be obtained in a touch or peal, and there is further scope for method building and composition.

The methods and peals appended show in some measure what may

DUNELM SHORT COURSE SURPRISE

be done in this direction.

It must be remembered that in ringing existing Treble Bob methods on this plan the proof is varied, and a method with a clear proof scale may be false if the course is shortened.

#### HERTFORD COUNTY ASSOCIATION.

The September meeting of the Northern District was held at Royston on Saturday, Sept. 30th. A short service was conducted by the Vicar (the Rev. J. Harrison), who gave a very interesting address. Tea, followed by business meeting, took place at an adjoining

The Vicar presided, one new member was elected, and the usual

vote of thanks was accorded.

The meeting was honoured with the presence of the President of the Association, who unfortunately arrived too late to occupy the chair. Binging both on the tower bells and handbells ranged from Cam-

bridge Surprise to Plain Bob, and was kept going until 9 p.m. The church stands almost at the junction of two Roman roads, among the chalk downs. The one is called Ermin Street, and the other Icknield Way, which begins about Weymouth, and terminates on the Norfolk coast. The church has much of the 13th century architecture, and adjoins the remains of a priory which was founded in the 12th century.

#### EXCURSION TO WINDSOR.

On Saturday, Sept. 23rd, the progressive little band of ringers at Purley, Berks, together with the choir and clerk, held their annual outing, accompanied by the Rev., Mrs. and Miss Pring. Starting by charabane at 11.30, in fine weather, they proceeded to Windsor, via Reading. Wokingham, Bracknell and Ascot. On reaching Wind-sor Great Park a halt was made, and luncheon partaken of and thoroughly enjoyed.

Resuming the journey, Windsor was reached at 1.30. ing and most instructive visit was made to the Castle. Unfortunately for the ringers, owing to important business, one of the band was unable to be present, so that ringing anticipated could not be indulged in. The homeward journey was made via Slough, Maidenhead, Twyford and Reading, Purley being safely reached at 8.15. Many thanks are due to the Rev. and Mrs. Pring, Major and Mrs. McAndrews, and other local ladies and gentlemen for their generosity in providing for such an ideal outing, which was greatly appreciated by all.

#### ST. MARTIN'S SOCIETY, LEICESTER.

ENJOYABLE VISIT TO KETTERING.

The annual outing of the above society for 1922, on October 7th, will rank as one of the most successful and enjoyable of a long series. The venue selected was Kettering, and shortly after 2 p.m. the party of about twenty ringers and friends reached that town after a commonplace and uneventful journey by train. Met by Mr. D. Nicholls, a stalwart of the Kettering band, a bus was found patiently waiting their convenience, and tracks were made for Rothwell, iently waiting their convenience, and tracks were made for Rothwell, where the magnificent peal of eight were soon raised and set going to the tune of Loudon, followed by Bristol, Cambridge, Superlative, Double Norwich and Stedman Triples, all of which were successfully brought round. Much interest was also displayed in the fine church, with its famous crypt. The bells are a splendid ring by Taylor, and the tone and go leave nothing to be desired. Reluctantly, Rothwell was left for the return journey to Kettering, where ample justice was done to a fine repast. Afterwards the bells of the Parish Church were taken possession of any Stedman Catera and Cambridge. Church were taken possession of, and Stedman Caters and Cambridge Royal were negotiated in good style, several of the local ringers taking part. This peal of ten are in fine going order, but the trebles cannot be heard to advantage in the belfry, a point possibly more noticeable to strangers.

The visitors were doubly fortunate in having a private room reserved for their comfort, after ringing had ceased at the church, and a most enjoyable evening was spent, the handbells being requisitioned both for change and tune ringing, in which Mr. S. Cotton and Mr. G. Cleal, of silent handbell peal fame, once again gave of their blest. In the vocal part of the entertainment several old artists, after a time, came 'out of their shell 'with distinction. The party were very pleased to welcome Mr. R. Richardson after a

peal exploit in the neighbourhood;

Mr. Nicholls expressed the great pleasure it had given the ringers f the district to receive the visit of the Leicester ringers, and he of the district to receive the visit of the Licester ringers, and no paid a high tribute to the quality of the ringing, in which the young mascot of 14 acquitted himself with great credit, accomplishing successfully London, Bristol and Cambridge Royal.

The very best thanks of the visitors are due to Mr. Nichola for

the thorough arrangements he had made for the comfort and entertainment of the visitors, which it is hoped to reciprocate when a fresh peal is obtained at St. Martin's, the present condition of the fresh peal is obtained at St. Martin's, the present condition of the bells being such that no enjoyment would be derived by any visitors. It was a real pleasure to have the opportunity of ringing on bells in such direct contrast. Thanks are due to the Vicars of Rothwell and Kettering for giving the Leicester ringers this opportunity. Ten o'clock arrived all too soon, and the party leisurely made their way to the station to catch (according to the secretary) the 10.50

p.m. to Leicester. On reaching the station a few minutes prior to 10.30 it was found that the last train was due out at 10.30, the 10.50 being a train that set forth from Leicester! Ho had evidently enjoyed himself to the extent of desiring to commence the whole proceedings over again. Anyhow there were no stragglers, and all managed to get safely aboard, unanimous in their expression of having had a good day,

#### A PEAL AT ST. BRIAVEL'S, GLOUCESTERSHIRE.

On Saturday, October 14th, members of the Hereford Guild made their second journey to St. Briavel's, Glos., in search of a peal of Grandsire Triples. The Bridstow detachment cycled to Ruardean, where they picked up four of the local band, including two Bishops (without gaiters). The transport had been arranged for by Ex-Sergt. (without gaiters). The transport had been arranged by Williams, whose absence, through illness, was keenly regretted. On the party being loaded up in the motor it was observed that none that not be a supplied that had their hair standing up. Being of the company on this occasion had their hair standing up. Being a beautiful autumn day, the journey through the Forest of Dean was much admired. As the roads here have some very sharp right-angled turns they required considerable skill and care on the part of our Jehu. St. Briavel's stands on a hill, and is a notable landmark from the railway between Monmouth and Tinters. The peal of eight are the easiest going bells to be found in a day's journey. After commandeering the services of Mr. Coates, the local foreman, the bells were set going in good style, the half-way single coming up in 1 hr. 23 minutes. All went well until the last part, when some of the band got the wind up,' and caused trouble. However, the 'skipper' rose to the occasion, and kept a firm hand—or voice of the company on this occasion had their hair standing up. skipper ' rose to the occasion, and kept a firm hand-or voice

with the result that disaster was averted, although some had visions of a third journey to St. Briavel's.

One wished that these bells were at Bridstow, but, after all, reflected that perhaps it was best for them to pursue their steady work and sharper of could be the control of the steady work. of call changes, Grandsire Doubles, etc., as at Bridstow they might get twisted about in Treble Bob, and all sorts of Major methods. perhaps even in that abomination-London Surprise,

The return journey suffered somewhat from the fact that on a previous journey 'Jack ' had used up all his store of anecdotes, but in spite of this drawback the Bell Hotel was safely reached, and the ' ecclesiastics ' duly deposited. W. P.

#### EALING RINGERS' FIRST OUTING.

The first outing of the band of St. Mary's Parish Church, Ealing, was a complete success. The ringers and friends left Ealing Broadway at 1.20 p.m. for Reading, which was to be the scene of activities for the day. A course of Grandsire Caters on handbells was brought round en route, but Bob Major could not be managed, owing to frequent en route, but Bob Major could not be managed, owing to frequent interruptions of passengers passing through the corridor, and the boisterous spirits of the party. On reaching Reading the party made their way to St. Giles. Mr. A. W. Osborne, the genial foreman, welcomed the ringers, and the bells were raised in peal, but owing to nervousness or 'the holiday spirit' this could not be called exactly a success. However, touches of Grandsire and Stedman Triples, Plain Bob and Double Norwich Major were rung. A move was then made to St. Mary's Church, where Mr. J. Swain extended a hearty welcome. The heavy bells were soon set going to the tune of Stedman Triples, Grandsire Triples and Kent Treble Bob Major following. On vacating the tower rain was falling, and the restaurant ing. On vacating the tower, rain was falling, and the restaurant was quickly sought. Here tea was waiting, and the ringers did ample justice to the meal. After tea, further handbell ringing took place, much to the delight of the waitresses. Time files, and when Caversham was reached, the party were behind scheduled time. However, with Mr. E. J. Menday and other local ringers, the bells of St. Peter's were soon tapping off well-struck changes. Grandsire and Stedman Triples, Plain Bob, Keut and Cambridge Surprise Major were the methods. A pleasing alteration in programme became necessary, as an old friend, Mr. J. R. Mackman, had invited the band to supper, and the tower was left at 8.30 p.m. A cheet but arrivable the research. short but enjoyable time was spent with Mr. and Mrs. Mackman, and some ringing on the host's splendid handbells took place. This and some ringing on the host's splendid handbells took place. This occupied more time than was anticipated, and a hasty stampede to the station was the result. The London train was waiting, and everybody boarded it safely. Ealing was reached at 10.15 p.m., where the party dispersed in heavy rain, damp but cheerful. The ringers wish to thank the incumbents of St. Giles' and St. Mary's, Reading, and of St. Peter's, Caversham, for the use of their bells; Messrs. Swain. Menday and Osborne, and other local ringers, for their kind assistance; and Mr. and Mrs. Mackman for giving the party such an enjoyable supper. Special thanks must be accorded to Mr. A. W. Osborne to arranging tea and other items. F.W.G.

On Saturday, September 23rd, through the kindness of the leading church people, an enjoyable day's ringing was spent in Essex by the Starting from Lavenham Church at 8.20, Halchurch people, an enjoyable day's ringing was spent in Essex by the Lavenham ringers. Starting from Lavenham Church at 8.20, Halstead was reached by 9.30, the party being received by Mr. A. Wiffen. Touches of Grandsire Triples, Bob Major and Kent Major were successfully brought round. Bocking was next visited, where touches of Stedman, Oxford and Forward Major were rung. Mr. A. Shufflebotham, who kindly welcomed the party, took a rope in two touches, and also acted as pilot to Braintree Church, where a hearty welcome was extended by Mr. Charles Howard, Ringing Master of the Essex Association. Here the mascot of the party (Stedman S., junr.) had to be carried on his father's back up the ladder, about 30 feet high and nearly upright. A touch of Double Norwich came to grief. The party then adjourned to a splendid dinner, after which touches of Grandsire Triples and Double Norwich were brought round. Then came a six miles' run to Coggeshall, where, according to programme, Grandsire Triples, Kent and Double Norwich were rung After bidding farewell and success to some well-known brother ringers, who were waiting to attempt a peal of Double Norwich, the rung After bidding farewell and success to some well-known brother ringers, who were waiting to attempt a peal of Double Norwich, the journey was resumed to Earls Colne, which was reached about 445 Hero Stedman and Forward were brought round, the latter being the first on the bells in the method. After refreshing the innerman, tracks were made for Sudbury St. Gregory, the last tower on the programme. Here at 6.50 the party were met by the local company and Mr. J. Lee, of London, Stedman and Forward, Kent and Double Norwich, in which Mr. J. Lee, Mr. D. Elliott, of Great Henry, and the local company joined, were brought round. Home was reached about 8 p.m., after a splendid outing. The ringers wish, through 'The Ringing World,' to thank the clergy for the use of the bells, the ringers who received them, and the friends who so generously contributed towards the cost of such an enjoyable outing. The handbells were much used whilst travelling.

THE LATE MR. T. WALLIS.

In connection with the appeal on behalf of the widow and daughter of the late Mr. T. Wallis, of Edenbridge, Kent. Mr. J. W. Steddy acknowledges with thanks the following: Previous list. £75s.; Mr. W.
