'OLD GREEN EYE.'

Addressing a gathering of ringers at a meeting of the Sussex County Association on Saturday, the Vicar of Ringmer took the opportunity of uttering a word of warning against the intrusion into the belfry of the ogre which he described as 'Old Green Eye.' Such a warning is not out of place. Jealousy stalks everywhere, among every sect, in all walks of life, and through every pursuit. It is to be found in the ranks of ringers, no less than among other sections of the community, for ringers are only human; and although the warning was given to an assembly of Sussex ringers, the advice has a much wider application. The Vicar of Ringmer spoke as a former ringer, and, therefore, not without experience of the ways of ringers. And who is there, with any experience at all, who has not seen at some time or another the disastrous effects which 'Old Green Eye' can work in a company or in an association?

Jealousy is usually the product of a small mind and congested vision, and coupled, as it often is, with selfishness, can do a vast amount of harm in a ringing circleas it can, of course, in any other sphere. It is jealousy that frequently impels the local conductor to keep all the calling in his own hands—particularly if he is not of a very brilliant type—because he is fearful that if he gave any other members of the company a chance his own position might eventually be undermined. His jealousy prevents him studying the best interests of the company; for no band ought to be without a reserve of conductors any more than they ought to be without a reserve of ringers. Then there are those jealous rivalries which prevent some ringers-and good ringers, too-from inviting other equally good ringers to join them in their ringing and particularly in their peal ringing; and those petty jealousies which arise when someone, who thinks he ought to be included, is left out of, a touch or peal. work, as the Vicar of Ringmer also pointed out, is the essence of progress in change ringing, and jealousy and selfishness are its greatest enemies.

But jealousies do not stop at the instances we have mentioned. They can be found in other directions—sometimes between associations, who look upon themselves as rivals instead of as coadjutors in the promotion of the art of ringing, and, sometimes, even in the correspondence which appears in these columns, 'Old Green Eye' frequently gets a footing unobserved, but his presence is quickly and often disastrously revealed, and while we do not for a moment believe that ringers are, as a body, any more prone to fall victims of his snares than any other section of the community, ringing is so essenti-

ally a pursuit that demands the team spirit, that there can be no room for jealousy in the beifry if the best resuits are to be achieved. It is for this reason that we would emphasise the warning given at Ringmer, which incidentally is a place that should have some interest for ringers from the fact that it was while he was curate here the late Rev. C. D. P. Davies pursued some of his early and valuable explorations into the problems of the

SUSSEX COUNTY ASSOCIATION

VICAR'S WARNING AGAINST 'OLD GREEN EYE.'

A well-attended meeting of the Southern Division was held at Ringmer on Saturday, when 44 members were present, representing the following towers: St. Peter's, St. Nicholas' and the Good Shepherd, Brighton, Buxted, Crawley, Heene, Lindfield, Rotherfield, Scaford, Shoreham, Southover, Lewes and members of the local band. In the afternoon some good ringing was done on the fine eight untouched bells by Mears and Stainbank, in spite of the short draught necessitated by the organ being under the ringing room.

A short service was held and in the course of an interesting address the Vicar (the Rev. J. W. Capron) referred to 'Old Green Eye,' the jealous monster which he, as a one-time ringer, thought all should take special care to avoid if the best results were to be obtained. He also stressed the importance of the team spirit among ringers.

After a splendid tea, the business meeting was held, and, on the motion of Mr. William Hart, of Brighton, a very hearty vote of thanks was passed to the Vicar for his address and generosity in providing the tea, also to Mr. Painter and other local ringers for having everything in readiness, and to their wives for kindly serving

The tower was again visited, and the bells kept going in various methods from Grandsire to London Surprise until 8 o'clock.

DEATH OF A WELL-KNOWN UTTOXETER RINGER.

FIFTY YEARS AT ONE CHURCH.

There passed to his death on Wednesday, October 4th, suddenly, a man of sterling character in the person of Mr. Charles Snith, of Uttoxeter, Staffs. He had just completed 50 years as a ringer at the Parish Church, where he had been leader for a number of years. He was one of the first to take up change ringing at Uttoxetr, and had rung just over 30 peals. Ringing was his one hobby, and if there was a meeting anywhere in the North Staffs or Midland Counties districts, Charlie, as he was familiarly known, was there. His cheery countenance and unassuming manner will be greatly missed by all who knew him.

His last ring was done at St. Paul's, Burton-on-Trent, on the previous day, when he went to help Mr. J. H. Swinfield get some of the young ones of that band through their first peal. After ringing an hour, however, he felt unwell and had to give up. He reached home young ones of that band through their first peal. After ringing an hour, however, he felt unwell and had to give up. He reached home where he collapsed and died before medical aid could be got to him. His passing has left a void in the local band which will be hard to fill.

The funeral took place at Uttoxeter on Saturday, the church being filled by sympathisers. His fellow-ringers acted as bearers, and four of them rang the 'swing peal' on handbells over his grave.

After the committal service, with the bells fully mufiled the 'whole pull and stand' was rung 69 times, the number of his years. Amongst the many floral tributes was one in the shape of a bell from all associated with ringing at Uttoxeter.

Ringers were present from Rocester, Marchington and Doveridge, and Mr. J. Swinfield represented the St. Paul's band and Midland Counties Association.

On Sunday morning, as a mark of esteem to their old leader, with

PEALS AND PRACTICE MEETINGS TO BE ARRANGED.

The half-yearly meeting of the North Wales Association was held at Rhyl on Saturday, September 30th. It was not a very big gathering, but members were present from Bangor, Llanduduo, Abergele, Wrexham, Gresford, Flint, with the local band. The Rev. E. V. Cox (president of the Devon Guild) was also present. A service was held in St. Thomas' Church, conducted by the Vicar (Canon Edwards-Davies), who cordially welcomed the members to Rhyl.

A short business meeting followed, the chairman being the Rev.

R. C. Jones (president of the association), who made a suggestion that more peals should be rung to create more interest and inspiration to young ringers, and that a qualified hand should visit towers

tion to young ringers, and that a qualified hand should visit towers

for that purpose.

It was also decided to arrange combined practice meetings in each district and that the district accretaries lose no time in making the

necessary arrangements.

A vote of thanks to the Vicar for his kind welcome and his interesting address at the service concluded the meeting. The members were then entertained to tea, kindly provided by the Rhyl ringers. Some very good practice was put in on the bells during the afternoon under the guidance of Ringing Master A. E. Pegler.

A HEREFORDSHIRE RINGING CONTEST.

SIX BANDS COMPETE AT ALMELEY.

The first annual competition for the shield presented to the Clifford and Presteigne Districts of the Hereford Diocesan Guild by Mr. H. T. Chandler, of Lyonshall, was held at Almeley on Saturday, September 30th. Six towers entered for the contest, three from each district, viz., Almeley, Bredwardine, Whitney, Kingbon, Pembridge and Eardisland. To give all towers an equal chance, the test consisted of raising the bells, ringing rounds or changes for five minutes and falling the bells.

Mr. C. Edwards, Master of the Hereford Guild, acted as adjudicator.
Tea was provided at The Bells, 44 sitting down. After tea Mr.
Edwards announced the result of each band's efforts, giving valuable

advice in passing, which should be of great benefit to his listeners in their efforts at the next competition.

The band with the least faults proved to be Kington, and the shield was handed to the captain (Mr. L. Jones) by the Vicar (the Rev. W. Kearns).

A hearty vote of thanks was accorded the Vicar for the use of the bells, to Mr. Edwards for his services and the shield secretary (Mr. J. P. Hyett) for making all arrangements. The donor of the shield was prevented from being present by being on board H.M.S. 'Glorious.'

BELFRY GOSSIP.

Another peal has been rung in which three generations of one family took part. At Preston, Suffolk Arthur Symouds, Stedman H. Symonds and Dennis Symonds rang the three front bells to a peal of Minor. It is good to see such a portent of the continuation of the Lavenham family's connection with ringing.

Our readers will observe with interest the record of a peal 'rung for pleasure.' So many reasons are advanced from week to week for peal ringing that this candour is refreshing.

A local fund has been started for the restoration of the six bells at Pirbricht Surrey.

A local fund has been started for the restoration of the six bells at Pirbright, Surrey.

The composition of the peal of Bob Major rung at Timberscombo was by J. R. Pritchard.

The peal of Grandsire Triples at Alsager, reported last week, was rung for the Chester Diocesan Guild. The composition of the peal of Lincolnshire Surprise rung at Staines was by the Rev. H. Law James and not by Gabriel Lindoff. Incidentally this was sent in as 'Lincoln' Surprise.

The errors and omissions were due to defective reports, but 'The Ringing World' pleads guilty to having printed Walkden for Walsden as the place where a peal of Cambridge Surprise Major was rung on

NEW BELLS IN MEMORY OF OLD RINGERS.

TREBLES TO BE ADDED AT SOMERSET CHURCH.

TREBLES TO BE ADDED AT SOMERSET CHURCH.

It is rare that we hear of bells being added to towers to honour the memory of old ringers, but a movement is now on foot to add two new trobles to the heavy ring of six at St. Michael and All Angels, Somerton, Somerset. This ring was rehung in a cage for eight by Warners in 1915 during the time when the old ringers, in whose memory the proposed additions are to be made, were active service ringers. Part of the cost of the two trebles is being defrayed by the relatives of these ringers, the family of the late Mr. Tom Gibbs, a ringer, sexton and acting verger at this church for 49 years, being the chief subscribers.

BLACK SATURDAY.
BUT DISAPPOINTMENT WAS TURNED TO GLADNESS.

Ten expert ringers, asked to keep a date, Two rang Plain Bob elsewhere, and then there were eight

Two rang Plain Bob dsewhere, and then there were eight. Eight Surprise ringers, conductor's thoughts in heaven, One stayed to shift his 'digs,' and then there were seven. Only seven ringers, conductor in a fix, One had to work O.T., and then there were six. Of these six ringers, one waited for a ride. The West tractor went on strike, and then there were five. And three of the five weary waiting ones wended their way to the water, wendering whether to weep or wassail. But they retraced their steps to the stonemason's yard, earnestly earmarking an epitaph for the erring egoists.

And the fair mistress of the house charmingly chose cake and cups of 'cha,' bringing brightness unto those benighted bellringers.

And so they decided to seek solace at some secluded spot, the fair mistress of the house taking the wheel, and leaving her lord to look after the lair.

Pausing in their haste to listen to the peal on the bells of Buckland, the course end 12356478 with a bob at H. was heard. Then on to Bampton, again finding disappointment through illness, and a fruitless search for a 'Falcon,' which was not, still edded to the general grief.

But at last they found a friend, who cheerfully changed their course to Clanfield, where they found bells, ringers and ringing.

And it came to pass that they returned to their homes light of heart and with a great gladness.

YOUNG BANDS' PROGRESS.

At Bishopstoke, Hants, on Sunday, October 8th, for harvest festival evensong, a 1.260 Grandsire Triples: R. Clark 1, G. Hutchinson 2, G. Pullinger 3, S. Winkworth 4, G. Grant 5, E. Wheeler 6, J. Hill (first as conductor) 7, C. Ayliffe 8. This is the first quarter-peal ever rung by an entirely local band at Bishopstoke. All are Sunday service ringers. This is the result of three years' hard work by their instructor. Four of the band, including the conductor, are still in their 'teems.'

A course of Double Norwich was rung for evensong at St. James' Church, Poole, on Sunday last, by the local band. Each ringer learned to handle his rope in the tower (with the exception of the captain, Mr. F. W. Townsend). It is the first time such a feat has been accomplished in that district, and probably in the whole of the Salisbury Diocese.

WEDDING BELLS.

On Wednesday evening, September 27th, at the Parish Church, Battle, Sussex, in honour of the wedding of Mr. Dennis Hale, who is a member of the band, a quarter-peal of Grandsire Triples (1,260 changes) was rung by the following: H. Franks 1, W. Franks 2, G. D. White (All Saints', Hastings) 5, John P. Pelloe (Chiddingfold) 4, John Sinden 5, A. Levett (All Saints', Hastings) 6, William J. Jeffries (Deptford, conductor) 7, G. Prodger 8.

LUNDY ISLAND'S DERELICT BELLS.

DILAPIDATION IN THE BELFRY.

To the Editor.

Sir,-1 was interested to see a note from 'Enquirer' concerning the above church, as I was informed on my last visit that very few ringers ever visited that part of 'our unknown Empire.'

Lundy is an island about three miles long and half a mile broad, attacted in the Bristol Channel. It is reached by the motor boat 'Lerina,' which runs as required from Instow, North Devon, with mails and supplies. During the summer, Campbell's luxurious steamers run frequently from Minchead and Ilfracombe.

Both these journeys can be, and often are, most unpleasant, especially the former, which is 24 miles and takes 21 hours. The island is often called 'a little corner of heaven, reached through the gates of hell.' Some of the younger generation call it 'the island of quick romance.'

Almost on the highest part of the island, where it can be seen for many miles on a clear day, stands the small but beautiful Church of St. Helen.

ST. HELEN'S CHURCH ON LUNDY ISLAND.

It has a senting capacity of about 80, and was built by a former owner of the island towards the latter end of the 19th century. Services are held there about once in six or eight weeks, but as the population of the island, including the staff of two Trinity House lighthouses, is never much more than 20, the congregation is very

to enter the church.

On the right as one enters is a memorial tablet to the former owner and donor of the church. It reads as follows:—

'In loving memory of Hudson Grossett Heaven, Priest, Lord of the Manor of Lundy, who died in 1916 having accomplished the dream of his life by erecting this Church to the Glory of God.'

On the left of the tower is the door to the ringing room and bells, and over this door hangs a peal board, with the following inscription

and over this door hangs a plant on it:

1905. Church of St. Helen, Lundy. Gloucester and Bristol Diocesan Association of Change Ringers. On Wednesday, August 23rd, eight members of the above association, at the kind invitation of the Rev. SURREY ASSOCIATION.

COMBINED PRACTICES DISCUSSED BY NORTH-WESTERN DISTRICT.

A meeting of the North-Western District of the Surrey Association A meeting of the North-Western District of the Surrey Association was held at All Saints', Carshalton, on Saturday, September 30th, over 30 members and friends attending from Croydon (St. John's and St. Peter's), Ewell, Chelsea, Boddington, Brockley, Epson (Christ Church), Carshalton, Merton, Benhiiton, Warlingham, Buckland and Banstead, and, according to the attendance book, one 'bird of passage.' Ringors were rather slow in coming in the afternoon, but a start was made about 4 o'clock with Grandsire Triples and call a start was made about 4 o'clock with Grandsure Triples and call changes for the benefit of some promising members of the Carshalton company. The next effort, a touch of Stedman Triples, came to grief owing to a broken rope, but this was soon remedied, an expert splicer being in the beirry, and ringing continued until 5.30, when all present attended evensong.

Tea was served in the Parish Hall and a company of 25 thoroughly enjoyed the good meal provided. Father Simmons, the curate, called in during tea and said a few words of welcome to the company and apologised for the absence of the Rector.

The business meeting followed, and the secretary said he was sorry to say that Mr. A. W. Clark, District Master, was unable to be present on account of illness.

Mr. C. H. Kippin therefore occupied the chair for the business meeting, at which two new members were elected and the election of one member ratified.

The secretary then put forward a suggestion by the committee with regard to combined practices to be considered by the meeting. The suggestion was that as the practices were not sufficiently supported during the carlier part of the year, it was impossible to carry them on in their present form, but to let any tower that required help apply to the district secretary. The committee would then do all they could to help those towers.

There was considerable discussion on this subject and various views put forward, but most members were of the opinion that combined practices were necessary.

practices were necessary.

In the end the committee's suggestion was accepted by the meet-

In the end the committee's suggestion was accepted by the meeting, and the secretary was asked to inform the various towers.

The meeting closed with a vote of thanks to the Rector for the use of the bells, and to Mr. L. Reece and the local company for making such excellent arrangements. The tower was again visited and ringing continued until 9 o'clock, with the exception of a slight delay, when the services of the expert splicer were again required, but even this little interval was utilised for a heated discussion on combined practices and the encouragement of beginners. It is hoped that good results will come of it for both experts and hegimers.

The methods practised during the afternoon and evening ranged from call changes to Bristol Surprise Major.

The ringing room contains two ropes and the broken clock mechanism, and one is tempted to pass by quickly and ascend the ladder to the bells, where a sad sight awaits one.

Eight bells, covered in rust, wheels broken, stays broken, in fact everything in a general state of neglect. I could not find any inscrip-

tion on the bells, but there was a small plate on the stay holders of most of the bells, bearing the name of a Smethwick firm.

I swung each bell, some with difficulty, and the tone was perfect,

and it made me think how many churches would like to have that one time beautiful peal.

It is a pity that they have to be left where they are to rust away, but it is a consolation to some of us to think that they lie near the grave of the person who gave them, and loved every inch of that beautiful island. H. J. CANN.

'A SORRY SPECTACLE.'
Mr. Arthur Wilkins, of Bristol, writes of a visit he paid to Lundy Island as follows:—
I went over to Lundy about three years ago, and the condition of the church and bells can only be described as hearthreaking, especially to a ringer.

Even when the one and only peal was rung the 'go' of the bells was so bad that had it not been that Jack Thomas was with the band, and spent some hours up aloft removing the effects of sea spray, etc.,

and spent some hours up aloft removing the effects of sea spray, etc., it would not have been possible.

The church itself is, I believe, not now used at all, or at all events only occasionally, and the peal hoard is getting difficult to read. The helity presents a very sorry spectacle. Only two of the eight ropes were still to be seen, and only one intact, the other finishing just below the 'sally.' There was no sign of the other six! Every tripper who landed, it seemed, had a pull at the one good rope, and I should be very surprised to see it intact to-day.

I can give your enquirer details of the somewhat exciting trip the band had getting across and back, and of their enforced stay on the island, if he cares to write me. My father, the late 'Jnck' Wilkins, was in the band, and, although I was only a 'kid' at the time, I well recall his story.

DURHAM AND NEWCASTLE DIOCESAN ASSOCIATION.

CHANGED PROGRAMME A GREAT SUCCESS.

The annual festival of this association, which is held alternately in the two dioceses, was held at Durham on September 30th. Originally this was a whole-day event, held on Mondays, and ringing commenced at about 10 in the morning, with a festival service at 1 o'clock and dinner at 2. In later years the day was changed to Saturday, with the times as before, but as very few members can now get off for a whole day, it was decided to make a change this year and have the festival service at 5 o'clock and the dinner and annual meeting at 6,

concluding with a social evening.

The festival service was held in the choir of the Cathedral, over 60 members being present. The special form of service was used, and the singing of the hymus, 'O praise yo the Lord,' 'To Thee, O Heavenly Father' and 'Hark on high the joyful music,' was most

The new Dean of Durham, Dr. Alington, welcomed the members, and in the course of a very thoughtful address said it was the people of the Middle Ages who invented church bellringing, and bells were the least altered thing in these days of change, although the art of bell-ringing might have changed a good deal through the ages past. •

After an excellent dinner at the Three Tuns Hotel, the 56th annual meeting was held, the president (Mr. J. Anderson, of Newcastle) being in the chair.

The treasurer (Mr. J. W. Parker, of Sunderland) submitted a very satisfactory financial statement, the balance in hand, including £8 13s. 6d. in the Peal Booking Fund, being £52 7s. 6d.

The secretary, in his annual report, referred to the death of the late president, Mr. E. E. Ferry, and also to the loss the association had sustained by the death of Mr. J. A. Gofton, of Monkseaton, Mr. George Siddle, of Chester-le-Street, Master Raymond Thompson, of Wickham, and Mr. George A. Ward, of Chester-le-Street, also of Canon W. Bothamley, Vicar of St. Nicholas', Durham, a life member for 26 years. Bishop Woods' departure from the district would also be a severe blow, as he had especially endeared himself to ringers. They were also sorry to lose Mr. Parkinson, of Houghton-le-Spring, who had removed to Blackpool. who had removed to Blackpool.

THE YEAR'S PEALS.

The peal report showed 28 peals, as against 37 last year, nearly half of the peals being in Minor methods. Mr. W. J. Davidson, Newcastle, had rung 14 peals during the year, and six members rang their first peal. The list of peal conductors was headed by Messrs. W. G. Davidson and Roland Park with six each. Miss E. Stephenson, of West Hartlepool, was the first lady to ring in a ten-bell peal by the association, and Mr. W. H. Barber, Newcastle, was the first to call a peal of Stedman Triples (composed by Mr. J. W. Parker) in exactly equal halves.

J. F. Bird, Gesforth.

On the motion of Mr. W. Story, J.P., a vote of thanks was passed to the Dean and the Cathedral authorities for their kindness, and a programme of handbell ringing, songs, recitations, etc., arranged by Mr. W. J. Davidson, Newcastle, and Mr. E. A. Gallimore, Durham, was carried out. The gathering was one of the most successful festivals which the association has held, and it was generally agreed that the change in the arrangements was a great improvement.

SWANSEA.—On Saturday, September 16th, at St. Mary's Church, a quarter-peal of Grandsire Triples: G. Howells I. F. Curtis 2. W. Dobbins 3. J. Brettell 4, J. Williams 5, Will Dobbins 6. J. A. Hoare (conductor) 7, J. Williams 8. Also 504 Stedman Triples by the same band. Rung as a farewell to Mr. J. Brettell (ringer of the 4th), who is leaving Swansea. He has been there for a long period.

CHALLENGE CUP FOR HANDBELL RINGING.

RULES FOR THE LONDON COUNTY ASSOCIATION'S CONTEST.

The 'Dawe' Silver Challenge Cup, presented to the London County Association and North Southwark Diocesan Guild by Mr. F. E. Dawe for the encouragement of handbell ringing among the members, is to be competed for each year at the close of business at the annual general meeting. The following rules will govern the contest:—

1.—The cup shall be called the 'Dawe Cup,' and shall be competed

for at the completion of each annual meeting of the association. 2.- The object of the contest is to stimulate change ringing on

handbells by local companies.

3.—Only members of the association shall be allowed to compete. They shall be ringing-members of the same company, which must be attached to a tower in the area of the association, and no member

stall take part in more than one band in any year.

4.—The contest shall consist of at least a full course of any method on eight bells. Each member of the band must ring two bells 'retained in hand.' Previous to a band going into 'changes' they shall ring six whole pulls of 'rounds,' and the same shall be repeated upon the completion of the changes. During the ringing no word shall be spoken by any member of the band. The ringing shall be set of handbells provided independently for the occasion.

5.—The representative of each company intending to compete shall give notice in writing to the general secretary of the association not later than the quarterly meeting in January, and shall state the names

of the proposed competitors.

6.-The main consideration in the contest shall be correct and good striking, and it shall be umpired by three competent persons, whose decision shall be final. The umpires shall be selected at the quarterly meeting held in January, and during the contest, shall not see the competing bands or know their order.

7.—Immediately preceding the contest (the umpires having withdrawn), the bands shall decide by lot the order of their competition.

8.—The successful company shall hold the cup for the ensuing year, and shall keep it in the tower from which the band has been entered. The present actions the hand has been entered. The person entering the band for the contest shall be held responsible for the safe custody of the cup and its return to the association, and the cup shall not be held by a company for more than two consecutive years.

LINCOLN DIOCESAN GUILD.

NORTHERN BRANCH MEETING.
In accordance with previous arrangements, the half-yearly meeting of the Northern Branch of the Lincoln Diocesan Guild on Saturday should have been held at Louth, but, owing to illness, the bells were not available, therefore Washingborough was chosen as an alternanot avaliable, therefore washingorough was chosen as an attena-tive. Eleven towers were represented, namely, Barrow-on-Humber, Bigby, Blankney, Branston, Gainsborough, Lea, Lincoln, Ruskington, Upton, Washingborough and Willingham. There were also present Mr. George Gabriel Lindoff, Housham, and Mr. R. W. Stockdale (hon. secretary of the North Notts Association).

Washingborough tower contains a nice ring of eight bells, which are in good going order and were well utilised during the afternoon and evening in various methods ranging from Grandsire Triples to London Surprise Major, although the latter method did not altogether materialise. Service, consisting of the Guild office, was held, at which naterialise. Service, consisting of the Guild office, was held, at which Cauon H. T. Parry (Grimsby District president) officiated in the absence from home of the Vicar. An interesting address was given by the Rev. R. Olsen, St. Giles', Lincoln.

Subsequently members and triends to the number of 35 were present

Subsequently members and friends to the number of 35 were present at tea, which was followed by the business meeting. Through the very regrettable absence, owing to illness, of the much respected president of the branch (Mr F. F. Linley), Canon Parry was voted to the chair. An apology for absence was read from Mr. R. Richardson (Guild Ringing Master). The balance sheet of the Rev. H. Law James Memorial Fund was presented. Mr. George Gabriel Lindoff and Mr. A. E. Lamming, Goxhill, were elected performing members. Brigg and Scumthorpe were both proposed as the place for the 1934 half-yearly meeting, and the majority of the members voted in favour of Brigg. September 15th being fixed as the date.

On behalf of the members, the secretary was requested to write a letter of sympathy to Mr. Linley expressing their regret at his illness and wishing him a safe recovery.

letter of sympathy to Air. Linley expressing their regres at his and wishing him a safe recovery.

A hearty welcome was extended to the visitors, to which Mr. Stockdale responded in a very capable and humorous manner.—The Rev. Olsen also replied, and said he considered it would be very appropriate if there were any laymen amongst the ringers who might be able to give an address at some of the meetings.

be able to give an address at some of the meetings.

He very kindly brought with him plans of the proposed new church for St. Giles', Lincoln, in which the material, including the bells, of St. Peter-at-Arches, is to be incorporated. The plans were inspected with interest by the members present.

Votes of thanks were passed to Canon Parry for officiating at the service and presiding at the meeting, to the Rector for the use of the bells, to the organist and organ blower, the caterers, and last, but not least, to the local ringers and others who had helped to make the meeting such a success.

This concluded the business, after which further ringing took place during the evening.

OXFORD SOCIETY.

Here are some further extracts from Hearne's diary, of special interest in view of the forthcoming Bicentenary Celebration.

SEPTEMBER 28th, 1734.

Yesterday being the obit of William of Wickham (founder of New College) some of the Oxford Ringers agreed to ring at New College, proposing to ring 6876 cator changes upon the ten bells there. They designed to have begun at 11 in the morning, but 'twas near 12 before designed to have begun at 11 in the morning, but 'twas near 12 before they began, for they had rung only two hundred changes when the clock struck 12. They had so many gross faults that 'tis not worth while to particularize them all, only thus much may be noted, that a Bob was missed being called before they had got to two hundred and that they strangely blundered a little after they had rung 1100 and so after 1400 and 1900 and at length when they had rung 2714 (which wants 4162 for the whole) they were quite out it being then 3 quarters after one. Then they set the bells and soon after began again and rung 650 and made an end at very near half hour after 2. I was very apprehensive yesterday when they first began, that they would not perform their task, the compass being too wide, and the person that rang the ninth bell making a bad step even at the first. Though 'twas so wet I heard them all the time walking for that purpose up and down in the Parks on the east side of Wadham Cellege. Had they finished the peal and done it well, I should have taken care to transmitt to print the names of the several ringers to posterity, 6876 they finished the peal and done it well, I should have taken care to transmitt to print the names of the several ringers to posterity, 6876 changes having never as yet boon rung in Oxford. But as the performance was so had (considering the character each ringer bore for his skill in the art of ringing) as it will not be for their credit to have their names mentioned so neither will it be for the honour of William of Wickham to discover who the persons were, that performed so lamely on the day he died.

DECEMBER 2nd, 1734.

On the 5th November last some Oxford ringers were resolved to show their zeal for the Government by ringing Cator changes upon Christ Church 10 bells. They were some of the best ringers and because they think they merited much by their performance, I shall here specify the names of every one of them, at the same time noting that those 3 excellent ringers, Mr. John George, Mr. Thomas Yate, and Mr. John Broughton, acted much more for their honour and credit, who declined ringing among them that day, by which these three avoided the censure of being poor mercenary ringers (for the others rang for money) and of giving credit to a downright false notion that the Prince of Orange, landed on the 5th whereas it was the 4th, to say nothing of the Powder Plot which yery many wise men give out the Prince of Orange, landed on the 5th whereas it was the 4th, to say nothing of the Powder Plot which very many wise men give out was a more sham. I happened that day between 3 and 4 in the afternoon to go through the White Walk while the bells were ringing, and I heard several say 'twas good ringing. Coming to the Cloysters 1 stood still to listen and in 15 minutes discovered 18 considerable faults, the last 6 so considerable that they were confounded and so gave over and yet they boast 'twas extraordinary good ringing and that they rang 2000. I cannot say anything to the number of changes nor to the goodness of the ringing, yet 'twas good enough for the day. gave over and yet they boast twas extraordinary good ringing and that they rang 2000. I cannot say anything to the number of changes nor to the goodness of the ringing, yet 'twas good enough for the day. I should likewise here remark that the reward of mercenary ringers was only 1/6 a man. The names of all those 10 ringers just as they rang were as follows: Mr. Richard Hearne a taylor, 2 Mr. John Vickers second butter of New College, 3 Mr. Wm. Crozier a corkcutter, 4 Mr. Guy Terry a potash maker, 5 Mr. Brickland a schoolmaster, 6 Mr. Thomas Nash a Cabinet Maker, 7 Mr. Arthur Loyd carpenter, 8 Mr. Wm. Barnes second cook of Christ Church, 9 Mr. Richard Smith a glover, 10 Mr. Benwell, Sexton of Christ Church, And now I have mentioned this 5th November ringing, I will beg leave to take notice of the names of those who rang at New College on Friday September 27th last, being the Founders Day, a thing I should not have done, had not the ringers been so proud of this 5th November ringing at Christ Church and been so much ashamed of that at New College and yet I think there is much more reason to be ashamed of that at Christ Church than of this at New College. That they are ashamed of what was done at New College appears from all accounts insomuch that they have endeavoured as much as ever they could to conceal the names of those that chiefly creed or

from all accounts insomuch that they have endeavoured as much as ever they could to conceal the names of those that chiefly crued or blundered in the ringing which notwithstanding have been able to find out. The names of the ringers are in order thus: 1 Mr. John Vickers. 2 Mr. Tom Nash, 3 Mr. John George, 4 Mr. Guy Terry, 5 Mr. Thomas Yate, 6 Mr. John Broughton, 7 Mr. Richard Smith, 8 Mr. Will Barnes, 9 Mr. Arthur Lloyd, 10 Mr. Nicholas Benwell. As to Mr. Vickers he is very ingenious in the Art of ringing and is excellent in calling the Bobs and managing the musick of ringing. I think he is one of the very best in England and he is withall a very good ringer himself; and yet at this time he missed calling two of the Bobs, one of which was before they had gone 200 changes, as at the same time did likewise Mr. Arthur Lloyd and Mr. William Barnes (otherwise two famous ringers) committ most notorious blunders, and these were the three chief blunderers in this undertaking and 'twas from their mistakes that the peal was spoiled, and yet it must be owned, that it happened purely from their being much (Continued in next column.)

KENT COUNTY ASSOCIATION.

CANTERBURY DISTRICT'S HELP FOR BENEVOLENT FUND. The annual meeting of the Canterbury District was held at Canterbury on Saturday. Upwards of 60 members attended, the following being among the towers represented: Ashford, Deal, Dover, Egorton, Faversham, Hadlow, Headcorn, Herne, Littlebourne, Sturmy, St. Peter's, Thanet, Ramsgate, Teynham, Wickhambreaux and Wingham, as well as Canterbury Cathedral and St. Alphege, Canterbury.

Canterbury.

The association's service was held in St. Alphege Church, at which the Rector (the Rev. Gordon Wilson) officiated, assisted by the Rev. Canon Whorlow. The Rector gave a very interesting address, mainly concerning the historical facts of the life of St. Alphege, to whom the church is dedicated. Mr. W. E. Pittman, Mus. Bac., presided at the organ.

After the service the members adjourned to Gaywood's Rooms for tea, which was provided by the association. The Rev. Canon F. J. O. Helmore, who presided at the tea table, was supported by the Rev. Canon Whorlow, the Rev. C. A. Manley (Vicar of Littlebourne), the two district representatives and the hon. district secretary.

Subsequently the business meeting was held, when Canon F. J. O. Helmore was unanimously elected to the chair. The hon, secretary (Mr. P. W. Smith) read his report for 1933, and produced the balance sheet, which showed a very substantial balance.

The appointment of district officers for 1934 resulted in Mr. F. Brett and Mr. Harrison Smith being re-elected as district representa-tives, Mr. Percy W. Smith as hon. district secretary, and Mr. F. Brett as Ringing Master.

Quarterly meetings for next year were arranged as follows: Spring meeting to be held at Wingham; summer meeting at Lyminge: annual meeting at Canterbury. The next by-meeting was arranged for Faversham.

Before the meeting closed a collection was made for the County Benevolent Fund, and a proposition was eventually made and carried that these collections be a regular feature at the annual and summer meetings of the district.

The meeting closed after an exceptionally merry speech by the Rev. Canon Whorlow, who proposed a hearty vote of thanks to the chairman 'for keeping the meeting in such splendid order.'

Canterbury Cathedral, St. Alphege and St. Stephen's bells were available during the afternoon and evening.

EARLY OXFORD RINGING-Continued from previous column.

in liquor, whereas they ought to have been sober, as indeed there can never be any true ringing but by person that come to it perfectly

MARCH 12th, 1735.

Yesterday a new attempt was made at New College by Oxford Ringers to ring 6876 cator changes, but they did not succeed as it was hoped they would. They began about 4 an hour after 12 and rang till a little after 3 in the afternoon. Being indisposed with a Diarrhoxa, I could not go out to hear them.

Diarrhœa, I could not go out to hear them.

MARCH 13th, 1735.

The ringers at New College on Thesday last were the very same that rang at Christ Church the 5040 cator changes on January 1st, 1734: (1) Hearne a taylor, (2) Vickers butler of New College, (3) George a taylor, (4) Guy Terry a Potash Maker of St. Clements. (5) Yates cook of Magdalen College, (6) John Broughton Barber, (7) Rich. Smith Glover. (8) Barnes 2nd cook of Christ Church, (9) Arthur Lloyd of Holywell, (10) Nicholas Benwell who shows Great Tom. I am told by good judges that the ringing was extraordinary good. Twas pity and all were sorry that they were baulked which was occasioned by the ropes slipping somehow or other out of Nicholas Benwell's hands, who rang the Tenor and for aught I know is as good a tenor man as any in England.

a tenor man as any in England.

MARCH 22nd, 1735.

On Thursday last the Oxford Ringers began to ring at New College at three quarters after 12 o'clock and rang completely what they had attempted several times before, 6876 cator changes, finishing the peal about 3 quarters of an hour after 4 o'clock. 'Tis the first time that such a number of Cator changes was ever rung in Oxford upon Ten balls. I did not hear the ringing unself for the same reason I have bells. I did not hear the ringing myself for the same reason I have specified before, but I have heard from good Judges that 'twas a glorious performance. For though there were two very great blunders glorious performance. For though there were two very great bunders and some other bad ringing yet considering the length of the peal, it was admirable ringing such as can hardly be mended unless it be by the Londoners it being a thing as it were next to impossible to go through such a long tedious work without faults. The names of the Ringers were as before. They were very much caressed when they had done and were handsomely entertained at New College.

MAY 25th, 1735.

The Oxford Ringers are gone over this Whitsuntide to Warwick to ring the fine 10 bells there, having been invited over to that purpose. MAY 31st, 1735.

I hear the Oxford Ringers rang this Whitsuntide above 30,000 changes excellently well at Warwick.

NORTH NOTTS RINGING CONTEST.

CRAWFORD CUP COMPETITION AT SHIREOAKS.

The Shireoaks band won the sixth annual competition for the Crawford Challenge Cup, which took place for the first time at St. Luke's Church, Shireoaks, on Saturday week. This was the first time the Shireoaks company had won the cup. The cup had previously been won by Ordsall 'A' team three times and by Anston

The cup was presented to the North Notts Association in 1928, to be competed for each year by the affiliated towers of the association. The donor of the trophy, Mr. Arthur Crawford, Rampton, gave the cup in memory of his father, Mr. Charles Crawford, of East Markham. The late Mr. Crawford was an enthusiastic ringer in North Notts, and was one of the best known in the area. Each competing team had to ring 360 changes in any method they

(Treeton).

After the contest the competitors and friends adjourned for tea at the Public Hall. There were about 70 present.

The Vicar (the Rev. Ronald V. Dodds) presided, and was supported by the Rev. R. F. Wilkinson (Rector of Ordsall), the Rev. R. Hodgson (Vicar of Anston). Mrs. Palmer and Mr. J. R. Knowles (churchwardens), and Mr. R. W. Stockdale, East Markham (hon.

secretary).
The Vicar extended a hearty welcome to the association to

The decision of the judges was as under:

Shirecaks company 57 faults, including a penalty of 30 faults for ringing on their own hells: Auston company, 61, including 10 faults for failing to set the bells: Ordsall company 135 faults: East Markham company, 191 faults, before breaking down: and Worksop company, 225 faults.

pany, 225 faults.

The Vicar then declared, amidst applause, Shireoaks company the winners of the cup. This was, he added, the first time the competition had taken place in the purish, and the success achieved should be a source of great encouragement to the Shireoaks ringers.

Mrs. Palmer, the people's warden, presented the cup to Mr. Fred Hargreaves, and congratulated the company upon their success.

Mr. Fred Hargreaves, captain of the Shireoaks team, in reply, said he was pleased that the company had won the cup after their previous efforts. The old adage was true that 'tl' at first you don't succeed.

efforts. The old adage was true that 'If at first you don't succeed, try, try again,' and he advised other companies to continue to try until they won the cup.

Mr. Hargreaves then went on to urge young men to take up the art of bellringing. It was one of the finest recreations, both physically and mentally, and he felt sure that if they only made a start to learn they would continue it. He expressed the hope that every band would try and obtain a few young persons to take up the art of change ringing. Mr. Hargreaves urged upon members of all the towers to do all they could to further interest in the competition and not to be affected to outer it.

mot to be afraid to enter it.

Mr. Flint, one of the judges, in speaking of the contest, remarked that the ringing of the Anston company was excellent, and they would have went the cup if two of the ringers had not failed to set the bells.

The Rev. R. F. Wilkinson congratulated Shirecoaks company upon

omning the cup, and wished them every success. He observed that Ordsall 'A' team had carried off the cup for three years in succession. They had not brought a second team this year.

Mr. Sydney Palmer, a ringer at Sheffield Cathedral, and a member

of the Yorkshire Association, made a few remarks respecting the

management of associations.

management of associations.

Mr. Stockdale (hon. secretary) proposed a hearty vote of thanks to the ladies who had served the tea, the judges, and the Vicar for presiding and allowing the association the use of the bells.

The Rev. R. F. Wilkinson added that they had complete confidence in the judges. They set a high standard in ringing, and he hoped members would continue their very good work.

The secretary intimated that a meeting should have been held at North Collingham in August, but for some reason or other it was not convenient. He was going to interview the Vicar.

Mr. Stanley Lamb, of Worksop, was made a member of the association.

at Sutton-on-Trent.

The following bolfries were represented: East Retford, Worksop, Ordeall, East Markham, Anston, Barlhorough, Edwinstowe, Gamston, Langwith, Sutton-on-Trent and Cuckney.

During the evening various touches were rung on the bells,

V.W.H. BRANCH FOUNDER'S FAREWELL.

The autumn meeting of the Vale of the White Horse Branch was held at Uffington on Saturday. Ringing began about 3 o'clock, and a short service was held in the church, conducted by the Vicar (the

Rev. G. A. Bridle).

The Vicar of Buckland (the Rev. R. L. C. Newhouse) gave a farewell address, as he is leaving Buckland in mid-October for Chale, Isle of Wight. He said he considered it a great honour to be asked by the Vicar of Uffington to preach. The privilege of starting the branch had been given to him in 1913, and he was secretary of it for the had been given to him in 1915, and he was secretary of it for the first eight years of its life. This task had given him much pleasure, and he was glad to see the branch still growing. He appealed for loyalty to the officers of the Guild from every parish, and asked members to remember that in their work they must be churchmen first and ringers after. A man might be a first-class ringer but a poor churchman. This did not help forward the aims of the Guild. In conclusion, he felt he could not use more fitting words for the occasion than those used during the service, 'The Lord be with you,'

occasion than those used during the service, 'The Lord be with you,' as they really mean 'Good-bye.'

Tea was served in the Village Hall to 28 ringers, and the business meeting followed, the Rev. A. J. de D. Deune (chairman of the branch) presiding, supported by the Rev. R. L. C. Newhouse, Mr. R. T. Hibbert (general secretary), Mr. R. Gilling (branch secretary) and members from Uffington, Faringdon, Buckland, Hinton, Waldrist and Shellingford, with a visitor from Swindon.

The Chairman said he was pleased to see so many present, and thanked the Vicar for conducting the service. He gave a hearty welcome to Mr. Hibbert, who had paid an unexpected visit. He paid tribute to the work done for the branch by the Rev. R. L. C. Newhouse, and said he was sure it was the unanimous wish of the meeting

that he would have happiness in his new parish.

One new member was elected, and it was decided to hold the spring meeting at Hinton Waldrist in February, and a meeting at Shrivenham on October 21st, when Mr. Hibbert would be present to inspect repairs done to the bell frame before giving the grant of £2 2s. from the Guild Restoration Fund.

Mr. Hibbert congratulated the branch on the attendance at the meeting and the number of young ringers present, and asked them to stick to it, as it was young members that the Guild wanted.

The ringers then adjourned to the tower, where ringing continued during the evening, Mr. R. T. Hibbert, Miss S. Davis and Mr. W. Hibbert, jun., being among those who took part.

BRANCH INSTRUCTORS TO ATTEND WEEKLY PRACTICES

BRANCH INSTRUCTORS TO ATTEND WEEKLY PRACTICES

The half-yearly meeting of the Bicester Deanery Branch was held
at Piddington on Saturday, October 7th.

There was a good attendance of members from Bicester, Brill.
Bucknell, Caversfield, Islip, Launton, Middleton Stoney and Waddesden, and the bells, a light ring of five, were rung to Grandsire and
Stedman Doubles for the service, which was conducted by the branch
president (the Rev. W. O. Reilly). The lesson was read by the Rural
Dean (the Rev. C. D. Read), and an excellent sermon preached by
the Rev. G. Dixon, president of the Central Bucks Branch. The
Rev. H. J. Edwards presided at the organ.

Tea was afterwards served at the Seven Stars Inn.

At the business meeting it was arranged that branch ringing
instructors should attend the weekly practices of those towers needing
instructors.

instruction.

The sum of three guineas was voted to Bicester to help defray the cost of improvements in acoustics and sound control, both inside and outside the tower, if the Church Council would carry out the work.

Further ringing, in which many beginners rang their first touches, brought to a close a very enjoyable meeting.

The quarterly meeting of the Devizes Branch was held at Holy Trinity, Bradford-on-Avon, on Saturday. Ringing commenced at 3 p.m. and good use being made of this grand old peal.

The service was conducted by Mr. C. D. Heginbothom and was much enjoyed, Mr. Attaway ably presiding at the organ.

Tea was partaken of in the Church House and was arranged by Mr. J. Stafford. The usual short business meeting followed, Mr. Heginbothom (branch chairman) presiding.

A letter was read from the Rev. C. A. Plaxton inviting the branch to hold their annual meeting at Southbroom in January.—A short discussion took place, and it was decided to hold the matter over until the next monthly meeting.

The next two monthly meetings were arranged as follows: Seend in November, and Westbury in December:

The usual votes of thanks having been passed, the tower was again visited. Christ Church bells were also available during the evening, Various methods up to Double Norwich were rung during the meeting, representatives attending from the following towers: Devizes (St. John's, St. Mary's and St. James'), Southbroom, North Bradley, Holt, Rowde, Westbury, Trowbridge, Bratton, Melksham, Kington Magna, Buckland Newton, Wootten Bassett and Ealing.
