

'The Ringing World' was founded in the year 1911 by John Sparkes Goldsmith, who remained its proprietor and editor until his death in 1942

No. 2106. Vol. XLVII.

FRIDAY, AUGUST 10, 1951

[Registered at the G.P.O. for transmission as a newspaper] 4d.

PEAL RINGING IN 1950

THE statistically minded will find something to contemplate in the Peal Analysis table for 1950, which is published in this issue. Only once in the annals of peal ringing has the total of 2,723 peals been exceeded, and this was in 1949 when special rejoicings added materially to the total. And there is no diminution in the cult of peal ringing; this present year shows the zest for the pastime fully maintained. Comparative figures since the end of the war are as follows: 1945, 1,304; 1946, 1,795; 1947, 2,174; 1948, 2,639; 1949, 2,906; and 1950, 2,723.

Of the 2,361 peals on tower bells the following comparative figures are of interest:—

	1950	1949	1948
Maximus	31	47	17
Cinques	50	43	43
Royal	86	109	92
Caters	89	99	82
Major	938	1,052	957
Triples	297	335	346
Minor and Doubles ...	870	839	821

The most pronounced change is in five and six bell ringing. Perhaps the chances of success are higher, but, nevertheless, it is a branch of the Exercise with increased popularity.

Of Maximus ringing there are two main schools—at Leicester and Birmingham—and of the 31 peals rung during the year 24 were in Surprise methods. From both centres a spirit of enterprise is noted, and Leicester reached Spliced Surprise in four methods. The College Youths had three peals of Cambridge Maximus. There was an advance of seven in the number of peals of Cinques, with St. Martin's Guild scoring 17 and the Archdeacons of Stafford 8. No fewer than 22 Guilds or Associations scored twelve-bell peals, which in itself is an encouraging feature.

While ten-bell peals did not reach the heights of 1949, a record of 175 peals makes good reading. Thirty-four Associations scored peals, as against 32 in the previous year. The success of the Archdeacons of Stafford with 16 ten-bell peals will be noted; they outpaced Leicester. Peals of Surprise Royal were rung in 14 different methods and totalled 51. Cambridge (24) and Yorkshire (8) were the two most popular Surprise Royal methods.

More than half the peals of Major were in Surprise methods, the total being 499, against 561 in 1949. The

order of popularity of Surprise methods with the comparative figures of last year were: Cambridge 101 (133), Yorkshire 82 (88), London 56 (53), Bristol 53 (62), Superlative 47 (69). The drop in Superlative is difficult to explain. In 1948 it was second to Cambridge and now it is fifth. The Oxford Diocesan Guild gained notoriety by their Spliced Surprise Major ringing, reaching by stages 22 methods. During the year there were 25 peals of Spliced Surprise Major against 38 in the previous year. These were distributed among 14 societies. In all, 52 different Surprise Major methods were rung. Double Norwich Court Bob Major still holds its popularity with 116 peals, of which 17 were rung for the Lancashire Association and 12 for the Kent County Association. Plain Bob Major had 185 and Kent Treble Bob 83. Nevertheless, these figures are a substantial drop on 1949, when Plain Bob had 197 peals, Double Norwich 133 and Kent Treble Bob 98.

While there was a decrease in the number of peals of Triples, Stedman with 120 was an increase on 110 in 1949. For the Oxford Diocesan Guild 15 peals were rung and 10 each for the Midland Counties and Southwell Diocesan Guild. Peals of Grandsire Triples numbered 157, an appreciable drop from 190 and 199 in 1948. Is it a sign of an advance or does it indicate a falling off of first peals on a working bell?

Minor and Doubles peals were more numerous than at any period in ringing history with a total of 870. Leading Guilds in five and six bell ringing were Lincoln Diocesan 80, Bath and Wells 55, Leicester Diocesan 54, Kent County 52, Chester Diocesan 46 and Peterborough Diocesan 41.

Handbell peals numbered 362, against 382 in 1949 and 274 in 1948. While Bournemouth and Leicester were the two main centres, peals were rung for 36 different Guilds and Associations, and the Midland Counties with 30 peals and the North Staffordshire Association with 23 peals are likely to be enthusiastic centres in the future.

Leicester Diocesan Guild for the second year in succession head the list as the most prolific Guild with 194 peals against 267 in the previous year. The order of the leading associations is as follows: 2 Kent County 165 (168); 3 Yorkshire 142 (150); 4 Chester Diocesan 141 (143); 5 Lincoln Diocesan 138 (126); 6 Lancashire 129 (161); 7 Winchester and Portsmouth 121 (148); 8 Oxford Diocesan 112 (94); 9 Bath and Wells 87 (73); 9 Sussex County 87 (87); 11 St. Martin's Guild 82 (62); 12 Norwich Diocesan 79 (94).

The Ancient Society of College Youths rang 20 peals, against six by the Royal Society of Cumberland Youths. Oxford University Society pipped Cambridge University with 14 peals to 11. For two years Cambridge has had the lead. In all 52 Associations or Guilds in affiliation with the Central Council rang peals.

The Exercise is indebted to the Peals Analysis Committee for their painstaking work. It is no light undertaking to maintain these records, year in and year out. Associated with the convener, Mr. Walter Ayre, is Mr. H. Miles and Mr. G. L. Grover.

GILLETT AND JOHNSTON

LIMITED

No matter in which corner of the country you happen to be, as likely as not you will come across Gillett and Johnston bells or tower clocks.

Gillett and Johnston craftsmanship is embodied in an all-embracing service—as much in the preservation and restoration of old rings of antiquarian interest as in the installation of new.

SUBSCRIPTION REMINDER

There are still a few readers who have neglected to renew their subscriptions. They, and new subscribers, should write without delay to Mr. J. E. Jeater, 11, Frankwood Avenue, Petts Wood, Kent.

Among the disappointments in the attempt to commemorate the 200th anniversary of Holt's Original on July 7th was one at Ormskirk by the Lancashire Association. Their attempt was to ring the Original silent but it broke down about half way. The band, which hopes to try again shortly, consisted of Miss J. Preston 1, J. Spice 2, E. Humphriss 3, T. R. Butler 4, T. W. Hesketh 5, F. Varty 6, P. W. Cave 7, J. Guilbert 8.

Mr. H. T. Bonshor has 'circled' Great Dalby, Leicestershire, tower.

We regret to learn that Mr. Francis S. Wilson, of Canford Cliffs, Dorset, was admitted to Poole General Hospital last week suffering from a severe hæmorrhage. He had to be rushed to hospital for a blood transfusion.

Hereford Cathedral Society, now in its eighth year, is affiliated to the Hereford Diocesan Guild. Three of the members have rung peals for the Guild and the Society rings for Sunday services at the Cathedral and All Saints' Church.

At the age of 69 years, Mr. Walter Starr, of Swainwick, near Bath, revisited the village of his boyhood, Bitton, to ring his first peal of Major. The 'grandfather' of the band, Walter was quite prepared to carry on for another couple of hours, but his hot and thirsty colleagues were happy to adjourn to a cooler place for a sociable evening.

Only once before, in February, 1906, has a peal of Stedman Triples been rung on the bells of St. Saviour's, Oxtou. There are three survivors of the band, viz., Messrs. G. R. Newton (the conductor), E. H. Lewis (president of the Central Council) and T. W. Hammond. It was the late H. W. Wilde's first peal of Stedman Triples.

BELFRY GOSSIP

At a Degree Ceremony held in the University of Manchester on July 13th, the degree of B.D. (Bachelor of Divinity) was conferred upon the Rev. R. D. St. John Smith, M.A., president of the Lancashire Association.

Latest effect of the spiral of inflation is a proposal to the Norwich Diocesan Association to increase the annual subscription from 2s 6d. to 5s. for those over 16.

The peal at Snodland, Kent, on July 28th, by Rochester Cathedral band was rung for the Village Festival week of Britain. It was also a birthday peal for Mrs. V. A. Jarrett, wife of the treble ringer and mother of the 3rd and 4th ringers. Also for the wedding of the Bishop of Rochester's son at Rochester Cathedral that afternoon.

Many visitors to the N.W. Devon-N. Cornwall area will remember the church of Pancrasweek, with a hard-going ring of five, the subject of some comment in a leading article of this paper about two years ago. Despite intense heat and the ever-present fear of broken ropes (or worse!) the first quarter on the bells was rung on July 29th. It is to be hoped that the Birmingham friend who stood in at short notice is not under the impression that these bells are the best the district can offer!

Miss Bessie Carter, John W. Griffiths, A. Edward Reeves, Thomas Price, John F. Butler, Brian Harms, William A. Farmer, Frederick G. Beddow, John N. Linden and Percy Swindley all completed Plain Bob from Minor to Maximus with the peal at St. Chad's, Shrewsbury, on July 28th. The conductor, Mr. W. A. Farmer, also completes the same as conductor. The tenorman, Percy Swindley, rang the second half with the rope untucked, but it did not make any difference to the capable way in which he struck the bell.

LETTERS TO THE EDITOR

5,040 GRANDSIRE TRIPLES AT EXETER CATHEDRAL

Dear Sir,—As the arranger and conductor of the peal at Exeter Cathedral on July 7th, I feel bound to protest against your editorial on the subject which appeared in the issue of July 27th.

Although I myself consider that a peal—and a good one—was rung, this letter is not a complaint or argument against Central Council rulings and I am, of course, willing to accept their decision on the matter.

In any case I prefer to leave such controversy to more experienced and knowledgeable persons on ringing matters.

My protest lies in the fact that your editorial implies that we did not behave in an honourable manner, that we did not 'play the game.' I resent, sir, such an implication as this.

Surely the very fact that an honest account of what occurred during the 'peal' was sent to you for publication for everyone to see is, in itself, ample proof of our integrity.

We commenced the peal with the intention of using an extra man if it was found to be necessary (this has, I believe, been done before), we did use him, and we published the fact when we claimed it as a peal.

I, personally, am not bemoaning the fact that our efforts have been rejected although it is, naturally, a great disappointment, but our actions, sir, do not deserve an editorial which refers to questions of honour.—Yours faithfully,
FRANK L. HARRIS.

Britford, Salisbury.

NOTE.—We have never questioned Mr. Harris's personal integrity; on the contrary, we admire the frank way he explained the details of the performance. If Mr. Harris did not know the Decisions governing a true peal there were other members of the band who did. It was the submission of the performance as a peal which was contrary to the 'Rules of the Game.' For the maintenance of the Decisions of the Council, the Exercise is mainly dependent on the conductors.—Ed.

BARRON BELL TRUST

Dear Sir.—Following comments at the Central Council meeting with reference to the Barron Bell Trust, the following information may be of interest to members.

Early this year I wrote the Charity Commissioners regarding the Trust and they informed me that the Trust was still in being and that Mr. C. M. Walsend, 53, Bridge Street, Eastcote, Pinner, Middlesex, is the secretary to the trustees. I have written that gentleman and he will pass to the trustees any correspondence.—Yours faithfully,

JOHN A. HILL

Andover, Hants.

SUPERLATIVE PEAL AT BROADCLYST

Dear Sir,—Upon rechecking the peal of Superlative rung at Broadclyst, Devon, on June 16th, composed by Nolan Golden and conducted by myself, it has been found that by the incorrect interpretation of a call, 448 extra changes were unintentionally rung. This makes the peal one of 5,568 changes instead of 5,120 as published.—Yours truly,

G. S. MORRIS

Lyme Regis, Dorset.

TEIGNMOUTH, DEVON.—On July 18th, 1,260 Grandsire Triples: M. J. Bray 1, F. J. Pillar 2, A. L. Bennett 3, H. G. Lewis 4, C. F. Austin 5, E. M. Atkins (cond.) 6, J. E. Lilley 7, W. J. Harvey 8. First quarter 1, 2 and 8. A 74th birthday compliment to Mr. C. F. Austin, also a compliment to the conductor on the birth of a grandson.

TRANSIT OF GREAT PAUL

Dear Sir,—I understand the photograph of Great Paul reproduced in 'The Ringing World' was taken at Little Brickhill, Bucks. The bell also stayed for one or two nights near 'The Woodman', at the entrance to Highgate Woods, near London, and it was here that I saw it. I am nearly 77 and I well remember, as a small boy, being lifted up by my father so that I might touch the bell.—Yours faithfully,

W. J. NORTON.

Alderton, Towcester.

Dear Sir.—My father was gardener at St. James' House, Fulham. The house kept the altar linen, surplices, etc., in order, for many of the City churches, including St. Paul's. A van collected and delivered them and I was often perched up with the driver.

I well remember meeting 'Great Paul' as she was being worked round a corner near St. Paul's Cathedral and saw the heavy timber underneath the tower ready for her. I have often spoken of it.—Yours truly,

EDWARD H. ADAMS.

Warwick.

Dear Sir.—Whether it was merely by accident or by announcement in the Press, I cannot say, but a fair crowd had gathered in Verulam Road, St. Albans, opposite the then Head Post Office, midway between Dagnall Street and The George Tap to see the transit of Great Paul.

I, like many older people, put my little hand on the outer side of the bell. At that time I knew nothing about bells or ringing and was almost too young to appreciate anything but its mere size.

As far as my memory goes it was on a Friday and the local press held their issue back a trifle to give an acknowledgement of the safe passage of such a memorable bell.—Yours faithfully,

ALFRED BARNES.

Reddish, Stockport.

HOLT'S ORIGINAL

Dear Sir,—With reference to your paragraph in Belfry Gossip regarding the Original, I regret that we were unable to make an attempt on the 200th anniversary as we had a meeting that day. Having called the peal 42 times (eight times round the circle and once non-conducted), I still have no short cut to memorising the composition. On several occasions I have given my arrangement to would-be conductors and I know of two who used it and called the peal successfully.

I call this peal by arranging the bells before in this order:—

5345444	3D	3D	7D	4D
4	4D	5D	5D	7D
3	3D	7D		
5	7D	7D	5D	
74	5D	7D		
577	3D	3D	4D	
44	7D	5D		
755	4D			
3	4D	4D		
37	7D			
34	3D			
5	7D			
3	4D			
73	5D			
74	7D	7D		
43	3D	3D		
53	5D			
57	4D	4D	7D	
53	5D	5D		
34	4D			
37	3D	3D		
75	3D	3D		
737	7D	7D		
74	4D	3D		
35	—	—	5	

D means doubles.

A shift is soon noticed by either the bell you want to call before being in the hunt or 2 or 6 coming before at a double.

Yours faithfully,

T. E. SONE.

Paddock Wood, Kent.

SWANSEA AND BRECON DIOCESAN GUILD

Annual Festival at Sketty

The 23rd annual meeting of the Swansea and Brecon Diocesan Guild was held at the Parish Church, Sketty, Swansea, on July 14th. The weather was excellent and the attendance was accordingly very good.

The annual service was held at St. Paul's, Sketty, and was conducted by the Vicar, the Rev. H. C. Williams. The Lord Bishop of the Diocese was also present at the service and gave the Blessing.

The company then adjourned to the Church Hall, where the good people of the Parish had prepared a very nice tea. The president (the Lord Bishop) proposed a hearty vote of thanks to the ladies who had worked to prepare the tea, and also to the Vicar and the good people of Sketty for the excellent meal provided. The general secretary seconded the vote of thanks.

At the annual meeting the Lord Bishop presided and the balance sheet was presented by the general secretary, in the absence of the treasurer, the Very Rev. Dean of Brecon. The accounts showed a balance in hand of £20, after paying £23 to clear the memorial account.

ELECTION OF OFFICERS

Mr. J. T. Williams, of Morriston, now a member of the Sketty tower, was elected Ringing Master. Mr. Gwyn Lewis, retiring Master, placed the Master's pendant on Mr. Williams. The new Master expressed his pride in the honour conferred upon him and expressed the hope that he would be able to carry the duties

of Master with the same proficiency as Mr. Lewis had. Mr. J. T. Williams is also a past master of the St. David's Guild, and one of four brothers who are members of this Guild.

Other elections were: Hon. general secretary, Mr. D. G. Williams; hon. treasurer, the Very Rev. Dean of Brecon; hon. auditor, the Rev. H. M. Hughes (Minor Canon of Brecon).

The Committee were re-elected en bloc, Mr. Meredith, Sketty, being elected for Sketty in place of Ringing Master.

Knighton was selected for the annual festival and meeting in 1952.

Mr. Gwyn Lewis, Central Council delegate, gave a detailed report of the meeting of the Council held at Chester, and appealed to members to support 'The Ringing World' as it was the ringers' own paper and should be supported by all ringers. Mr. Lewis was thanked by the chairman for his excellent report.

Mr. Lewis was elected peal recorder for the Guild and the secretary was empowered to purchase a good book for the purpose.

Mr. A. J. Hoare spoke of the need of a bell restoration fund and this matter was referred to the committee for report to the next annual meeting.

The general secretary moved a hearty vote of thanks to the Lord Bishop for being present and taking the chair and stated that the Bishop was a very good friend to the Guild of Ringers. He also thanked the Vicar of Sketty for his excellent address at the service and the organist and choirboys for their assistance.

40 YEARS AGO

From 'The Ringing World,' August 11th, 1911
ATTEMPT FOR FOUR SURPRISE PEALS

The announcement . . . that four Surprise peals were to be attempted in one day on the same bells has been much discussed in all parts of the country and there was a good deal of speculation as to what enterprising band was going to start upon this formidable task and what ring of bells was available for such a performance. It was the Guildford band who undertook the task and Warnham, Sussex, where an attempt was once made for 20,000 of Canterbury Major, was the tower. Last Monday's attempt was not successful, but two peals were rung.

Naturally an early start was necessary. The bells went off into Bristol Surprise at 5.5 a.m. and came round at 8.10. After an interval of 50 minutes . . . Cambridge Surprise was started for at 9 a.m. The ringing . . . was a bit too fast, but, nevertheless, the peal was rung, the bells coming into rounds at 11.50. An interval of two hours was then taken, London Surprise being attempted after dinner. A second start had to be made but after an hour's ringing a shift course occurred and 'Stand' was called. As there was not then time to ring the four peals, no other was attempted. . .

[Four Surprise peals have been rung in one day on at least two subsequent occasions—but not on one ring of bells!]

LEEDS AND DISTRICT SOCIETY

Visit to Kippax

The Society's monthly meeting was held at Kippax on July 28th. It was a perfect day for a meeting and despite the counter attraction (Test Match in Leeds) the attendance was good. Bells were rung up at 2.30 p.m. as a final part of a wedding and, immediately following, the church choirboys were giving an open-air play at which the ringers were interested spectators. Ringing until tea-time was enjoyed in a variety of six-bell methods.

The business meeting was held in the Church Hall, following tea. Mr. J. W. Benten presided and members were present from Armley, Batley, Bramley, Burley, Calverley, Drighlington, Headingley St. Chad, Leeds Parish Church, Pudsey, Rothwell, Woodlesford and the local ringers. Three new members from the Kippax tower were elected, viz., Miss J. Wilkinson and Messrs. W. Cowell and K. Woodcock.

A comprehensive vote of thanks to the Vicar and churchwardens for the use of the bells and to the local company for the other arrangements was proposed by Mr. I. Slack and seconded by Mr. R. H. Dove. Mr. H. Lawn acknowledged the thanks and hoped that when the Society came next time the local ringers would be able to join in more of the ringing.

The next meeting is due to be held at Otley on August 25th. The venue of the September meeting was discussed and it was finally agreed to exchange the Rothwell tower with the East Ardsley tower.

Mr. I. Slack asked if members would act as missionaries and visit towers wanting assistance with learners. It was pointed out that certain members were visiting two and three towers each week giving their services in the cause of ringing. Learners were asked to visit other towers where a helping hand and a welcome was awaiting them.

A final suggestion was that a list of practice nights be printed; will all local secretaries accordingly notify the district secretary of their practice night and time.

ROMSEY, HANTS.—At the Abbey on July 8th, 1,260 Grandsire Triples: C. Herbert 1, J. Page 2, M. Northway (first quarter Triples 'inside') 3, Miss H. Kebby 4, M. Aymes 5, K. Jacobs 6, C. T. Drew (first quarter Triples as cond.) 7, W. Bell 8. First quarter of Triples for 1, 2, 4, 5, 6, 8. Believed to be the first quarter by a local band for over 35 years.

NORWICH ASSOCIATION

Talk of 5s. Subscription

A general meeting was held in St. Clement's Hall, Norwich, on July 28th, with the president in the chair and 36 members present from Wymondham, North Elmham, Fakenham, North Creake, Loddon, Norton Subcourse, Norwich, Caister-on-Sea, Beccles, Diss, Saxlingham, Mendham, Pulham St. Mary, Redenhall, St. Martin-in-the-Fields, Hethersett, Bunwell, Somerleyton, Cambridge St. Andrew and Mulbarton. Two important items brought the meeting together and were discussed at length.

The general secretary brought forward the excellent draft service form which the Guildford Guild had prepared. It was decided to communicate with the Guildford Guild saying that the Association was prepared to proceed with the scheme provided that various points involved could be settled to mutual happiness.

The annual report and finance were discussed. It was noted that an annual report of the same style as heretofore could not be produced without a great increase in price, which could not possibly be met with the present annual subscription. It was decided to empower a small committee consisting of Mr. Nolan Golden, Mr. Edwin Goate and the general secretary, to devise a report more economical in format yet as detailed as possible, and to print this.

Notice of motion was given that at another general meeting it would be proposed to raise the annual subscription from 2s. 6d. to 5s. for those over 16, and non-resident life members from 5s. to 10s. The general meeting at which this will be voted on will be at St. Clement's Hall, Norwich, on Saturday, October 20th, at 5.15.

The bells at Mancroft, St. Giles', St. George Colegate, St. Miles' and St. John de Sepulchre were open for ringing and a good tea was arranged by the ladies of St. George Colegate and St. Clement's.

Miss Dorothy Sayers' Popular Ringing
Lecture

As part of Canterbury's Festival programme, Miss Dorothy Sayers, of 'Nine Tailors' fame, gave a lecture in the Chapter House of the Cathedral on ringing to an audience of over 500.

Miss Sayers traced the history of ringing from the earliest times down to the present day. She spoke of the history of some of the more famous societies, also the present day activities of ringers, their peals, meetings and outings.

She explained how the changes are rung, and as an example took the changes on three bells, gave their notes, divided the audience into three sections, each with its own note and got them singing. The audience seemed to enjoy this part very much. At the end of her lecture she was given an ovation and was afterwards besieged by autograph hunters, most of them with a copy of one or other of her books.

Miss Sayers was introduced by Miss Margaret Babington, O.B.E., who is hon. steward and treasurer of the Friends of Canterbury Cathedral.

5,024 RUTLAND SURPRISE MAJOR

By MAURICE HODGSON

42356	—	—	—	—
65324	—	—	—	—
35264	—	—	—	—
23564	—	—	—	—

Repeat five times with the following modifications:—

- Insert an extra course, called MH, after the first course of the first part.
- In the fourth part, omit W in the first course, H in the second and M in the third.

Contains all the combinations of the 4th, 5th and 6th in 5-6.

Rung at Hanbury at July 1st.

OBITUARY

FLYING OFFICER K. G. CARLTON

A former ringer at Willesborough, Kent, Flying Officer Ken G. Carlton met his death when his plane crashed at Filey, Yorks. Ken was a regular service ringer from 1936 to 1941 when he joined the R.A.F. He had rung nine peals, his first being in April, 1936 at the age of 13. His last, in December, 1938, was a peal of Minor in seven methods.

To his memory and as a mark of respect 1,260 Plain Bob Minor was rung at Willesborough on July 23rd, by R. Newton 1, L. Smith 2, W. J. Lancefield 3, W. P. Garner 4, M. S. Lancefield 5, E. S. Ruck (conductor) 6.

MR. JOHN DUNKLEY

The Northampton Branch of the Peterborough Diocesan Guild has lost a valued officer by the death on July 24th of Mr. John Dunkley in his 83rd year.

Mr. Dunkley was captain of Kingthorpe Parish Church, Northampton, for 50 years and had been deteriorating in health for about a year but, however, still rang up to his 80th birthday. Besides being a much respected ringer, Mr. Dunkley was very well known as a fine bowls player and cricketer. He was the oldest master builder in Northampton.

Mr. Dunkley had rung several peals, but this was not his keenest ringing interest; he set his ideals on loyal Church service ringing, good striking and dependability; he was a good churchman and rarely missed attendance at service.

All his ringing friends are so glad that, before he died, Kingthorpe bells were reinstalled and ringing again after being at the bell-foundry early in the year.

The wagon which took the bells away was halted outside his house so that he could see them with his keen eye.

After the funeral, at which a large number of ringing friends paid their tribute to a much respected ringer, a well-struck quarter peal of Grandsire Doubles was rung half-muffled by the following: J. Payne 1, S. Earl 2, E. Frost 3, W. Hammons (conductor) 4, F. Benfield 5, D. Wright 6. S. E. N.

OXFORD DIOCESAN GUILD

Reading Branch at Mortimer

The summer quarterly meeting of the Reading Branch was held at Mortimer, at the southern extremity of the Diocese, on July 28th, one of the sunniest Saturdays of the year.

About fifty members and friends attended the service at St. John's Church and the Vicar gave a very appropriate and interesting address. Tea was then taken on the lawn of the Vicarage garden by the kind invitation of the Vicar and Mrs. Whitmill, and so good was the meal, so warm the weather and so fine the scenery, that many felt they would have liked rather to spend the rest of the day reclining on the lawn and recounting past ringing experiences than to spend the evening ringing.

However, at long last, the gathering was sufficiently roused to hold a short business meeting at which five new members were elected. Ringing was then resumed at both towers where the bells were kept going in the standard methods up to Cambridge Surprise until nine o'clock. A. D.

RANG A PEAL IN THE LAST CENTURY

To the list of those who rang peals in the last century should be added the name of Mr. A. R. Ward, of Ryde, Isle of Wight. Despite his 79 years, Mr. Ward still climbs the stairway to ring the bells of All Saints', Ryde.

This grand old man rang his first peal in this tower in 1889, it being rung in honour of the daughter of the late Canon Poole. The Canon was mainly responsible for the building of All Saints', Ryde, with its lofty spire which can be easily seen from the mainland.

STORY OF A GREAT RINGING CAREER

DIARY OF THE LATE MR. W. H. FUSSELL—20

Edited by ERNEST MORRIS

TALES OF DRINKING

At the end of his 1888 diary, Mr. Fussell devotes two or three pages with the above title. Thus: 'Mr. Turner, the present churchwarden of Lugwardine, rang, when a young man, in the tower there, when only five bells. Emery, an old man now working on a farm close by as a labourer, is still foreman of the old Lugwardine ringers. These two well remember the time, and speak of it now, when the old vicarage stood close by the tower, facing it; the old brick wall now left standing being the only parting between the churchyard and Rector's grounds. The late Rector was in office for many years and never interfered with his ringers and at last was too old to do so! On Christmas day and night and New Year's Eve and night it was not uncommon for the ringers to be ringing all night long on and off at intervals, and continued so till next day, and if some were not able to work through bad weather, ring on for several days together. A couple of large stone jars were in use and two pairs of men sent off with a jar alternately to the various farm houses round about for cider, which was always freely given by all the farmers for the ringers. These two jars were kept going so long as the people would give and the men able to stand—in some cases by leaning against the wall. The ropes would keep the men from falling as they rang.

FIRES IN THE TOWER

'Clay pipes and tobacco were, of course, much used—spitting about the tower and occasional bad language too, until the belfry was a perfect den. There was also a roaring fire constructed as follows: A couple of gravestones pulled up and placed in the corner of the tower, sticks and paper laid ready for lighting. When dark, one or two would stroll over a hopyard, at no great distance away and pick up a few hop-poles, which were placed with the tarred ends to the lit fire; the poles caught up and blazed away to the ceiling, sometimes 10 or 12 feet high. The old wooden shutters were, of course, seldom closed. On the wall, facing the tower a half hogshhead of cider was once fixed at Christmas time—this was pulled at and emptied between then and New Year's Day. There used to be some bother if a bell was overthrown as there were no stays on them.

'At Withington a similar kind of going-on was carried but the ringing room then was where they have now put the clock, and only five bells. At Bosbury the walls and ceiling timbers show the blackened smoke stained effects of a fire which used to be in the corner on any ringing night. This belfry and bells is one of the most perfect specimens left of what ringing rooms and bell-ringing used to be 50 years ago. The only addition is wooden (and some iron) stays to the bells. Well worth a change-ringer's visit if anywhere near.

'At Peterchurch, Mr. C. Garrett's father was a farmer and a ringer. If he happened to be ploughing and heard the bells go up for a wedding or anything else, he would take in the horses, leave his plough, and at once go up and ring for the rest of the day and night. He it was who saw Peterchurch bells arrive in the village—six bells, all at once!

THE WAGON THAT BROUGHT THE BELLS

'Mr. Garrett's grandfather and his great-uncle were the two who arranged to get the bells home from Gloucester by road and provide horses and cart for the purpose. Up till within very recently parts of the old farm wagon which actually carried the bells could be seen laying about near the churchyard. The old villagers would often come with pride and point out to a friend or visitor "the wagon what brought our

bells here." Cider drinking and smoking was carried on here and a fire lit somewhat after Lugwardine. The Vicar was not so particular and evidently one of the good old sort. He would come into the churchyard where a company of farmers from miles around would play at ball against the walls and caution a boy to see the shutters shut for fear of breaking a window and occasionally saying, "Well done" and "Good" when an exciting game was on. As soon as service time was up (his big watch was referred to) he would say: "Now, lads, let's get in and have it over—open the shutters, boy—tell the ringers to set up a bit."

'Peterchurch was a notorious place for fighting, then-a-days farmers would meet on Sundays at "The Crown" and if they quarrelled, generally arranged to fight it out "after dinner" or "after church." A village policeman was seldom seen and even if there, both parson and policeman would say: "Let 'em fight it out." As many as two or three stand-up fights have taken place in the field between the church and the river on the south side. "The Crown" is now occupied by a Dissenter named Lane, who is a teetotaler but sells ales and spirits, and yet professes strong temperance principles.

'At Woolhope cider was drunk to a great extent—the tower arch opening into the nave was closed up and the doorway (small) used for passing in and out. This door is now built up. Sellack once boasted of a good ringer named Gabriel Link—he it was who came to Hereford to teach All Saints' men Triples. Gabriel rang at Ross a good deal 20 years ago with the Bullocks and Drews in Triples. Some years ago John Davies, of All Saints', and a band of six, had five days' ringing; commencing at Sellack—Kings Capple—they went to Holme Lacey and Fomhope and Woolhope, across to Tarrington and Stoke Edith. Rang at Lugwardine and Wittington, back to Hampton Bishop and Kings Capple again: some went to Ross and rang. This band could ring six-scores of Grand-sire Doubles but most of the rings they visited went badly and they had to put up with 'thirties.' Plenty of drink was then given them—they had to beg what food was not given them—most of them being out of work at the time of this excursion.'

(To be continued.)

RAINHAM, KENT

For a tour of Kent and Sussex on July 14th, ringers of St. Margaret's, Rainham, were joined by friends from Bobbing, Borden and Chatham, a start being made at 7.30 a.m.

The first tower was Edenbridge, followed by Crawley, before having lunch at Horsham. The afternoon's programme was Cowfold, a handy six, Uckfield, and, after tea, at Leigh. The tour was about 160 miles and Rainham was reached at 11 p.m. Thanks are accorded to all who helped to make the outing a success.

F. C.

ACCIDENT ON TOUR

Mr. Dennis Airey, of Darlington, while with the Roving Ringers on tour last Saturday, was injured in a road accident at Great Yarmouth. The accident necessitated his return home to the regret of his colleagues.

BROADCASTING

Mr. W. A. Farmer, of Shrewsbury, is speaking on 'Shropshire Bells and Ringers' in the Midland Region countryside programme next Sunday at 7.10 p.m.

'THE CATHEDRAL OF WEST LONDON'

An Amalgamation of Parishes at Ealing

For many years prior to the war, Ealing was noted for the possession of two exceptionally beautiful churches, Christ Church and the daughter Church of St. Saviour, which, although separate parishes, were only a few hundred yards apart. Both churches were famous for their elaborate and beautiful ritual, in the Anglo-Catholic tradition, and both attracted large congregations.

During the autumn of 1940, St. Saviour's was completely destroyed by incendiary bombs, and in the summer of 1944 Christ Church was so badly damaged by a flying bomb that it almost seemed that this too would become a total wreck. However, under the guidance of the late Father de Vere and his successor, Father Bell, a wonderful scheme of restoration has been carried out at Christ Church, including the rehanging of the bells and recasting some of them (St. Saviour's had no bells), and the church, often known as the Cathedral of West London, is now almost back to its pre-war condition.

St. Saviour's, too, had an imposing scheme of restoration in view, but were not permitted to proceed, and recently were informed by the Diocesan Authorities that their church was not to be rebuilt, and the two parishes were instructed to amalgamate, under the title of Christ the Saviour, to operate from Christ Church. This involved the resignation of the Vicar of Christ Church (Father Bell) to the deep regret of the congregation, and the taking over of the combined parish by the Vicar of St. Saviour's (Father Aglionby).

The inauguration of the combined parishes was recently carried out with great ceremonial by the Bishop of London and the two are now working happily together with a large congregation. The peal, recorded elsewhere, is therefore of historic importance to the parish, and was rung at the wish of the church authorities as the first under the new title. It was also rung as a compliment to Mr. H. J. Eldred on the birth of a grandchild, and was also the 25th peal together by Messrs. Squire Croft and H. W. Rogers.

KINGSTON RINGERS' OUTING

The annual outing of the Kingston Ringers was, this year, only the official title for a large family party. Coincidence of several local ringing functions produced a shortage of ringers; it was, therefore, happily possible to invite all Rabbit's friends and relations for July 14th, and a lively time was had by all.

The programme revolved round bells, scenery and food. It was for lunch at Banbury that the party sped through the Thames valley all morning, with hasty ringing at Burnham and Abingdon: while at Marlow certain members of the band were nearly left behind for too much idling on the river bank. The afternoon's ringing at Hook Norton, Bicester and High Wycombe was especially enjoyed. The family-picnic atmosphere was now at its height, the children vanished, ice cream abounded, and it was whispered that at Bicester the second tea relay scamped their ringing for fear the first would eat more than their share.

The day ended with what is now a curious but happy assortment of memories of cider, handbells and the 'processional outline' of Windsor Castle floodlit against the sky. Not to mention a detour through the remotest suburbs of Feltham at 11 p.m. to drop certain importunates at their very doors.

The secretary and all who co-operated are to be congratulated on the success of the whole day; and thanks are due to the incumbents for permission to ring and to the members of local bands who gave up their time. RABBIT.

VISITING OTHER TOWERS

BLAXHALL, SUFFOLK

A coach tour into Essex was planned by Blaxhall ringers for their outing on July 14th, the party including friends from Leiston, Wickham Market and Hasketon.

The towers selected provided much variety. Ringing was enjoyed on the six of St. Leonard's, Colchester; then came the quiet eight at Feering All Saints' and the heavy tenor of 21 cwt. at Kelvedon, where the long draught did not find much favour with some of the band. After a shaky start, ringing got going to some Cambridge Minor.

An excellent lunch at Witham was followed by a visit to St. Nicholas' and All Saints' (8), the small ringing chamber causing a queue on the belfry stairs. Some good ringing took place at Braintree but the best performances of the day were after tea at Halstead. Finally came Earls Colne where, after getting used to the springy ropes, ringing was enjoyed on this fine eight. Our thanks to the organiser and those in Essex who made this a most enjoyable day. A. S. P.

GREAT TEY

St. Barnabas', Great Tey, outing, on July 14th, numbered no fewer than 70 ringers and friends. Great Tey was left at 7.30 a.m. and the first halt was at SS. Peter and Paul's, Dagenham, where the Vicar met the visitors. The ringing was enjoyed.

Owing to a traffic jam it was decided to bypass St. Mary's, Chatham, and make straight for Maidstone. After lunch a visit was paid to the heavy ten at All Saints', where Mr. Mannering, who had helped arrange the outing, awaited the visitors. A good pull preceded a return to the New Inn Hotel for tea.

Ringling followed at St. Michael and All Angels', Marden, and Tunbridge Wells. Home was reached in the early hours of Sunday morning. Mr. J. W. Dyer, who was responsible for the arrangements, thanks steeplekeepers and others for their kind co-operation.

HEREFORD CATHEDRAL SCHOOL

The Hereford Cathedral School Society held its annual outing on July 25th and with the welcome help of several visitors spent the day touring out-of-the-way towers near Ross and Monmouth. (The Society was founded in 1943 and has held regular outings during the Summer Term since 1945.)

The convoy of two cars and two motor-cycles set out from Hereford at nine and soon afterwards Much Dewchurch's six were going, followed by Orcop's and Garway's fives. Here three vehicles lost the leader (somebody had to come time during the day!) and arrived a few minutes late. Here, also, the Master of the Hereford Guild managed to dislodge his pillion passenger over a bumpy piece of ground! After these diversions we found that the bells went much better than we had expected from previous warnings.

Skenfrith (6) was the next tower, and thence to Llantilio-Crossenny, where the Vicar was sorry to disappoint us as the bells were unringable, and spent twenty minutes giving us a history of the church. At Llangattock-vibon-Avel (6) the ropes were, on the average, eighteen inches too low, and the treble and tenor were more easily rung sitting down! An instruction 'Get closer, tenor', was promptly obeyed by the tenorman moving along the bench, and 'Stand' was called very literally! After all this we enjoyed some light refreshment kindly provided by the Vicar.

Staunton (6), near Monmouth, where the bells are rung from the chancel steps, was considered the best tower of the day; thence to Goodrich (6) and finally to the pleasant light eight at Bridstow. Here we were very kindly entertained to supper at the home of the Master of the Society.

Methods rung were Plain Bob, Grandsire, Stedman and Reverse Canterbury Pleasure.

MAIDSTONE DISTRICT

July 21st will be a day to remember for members of the Maidstone District of the Kent County Association, who held their annual coach trip to the surrounding wilds, the destination this year being Sussex. The day proved one of the warmest of the year and signs of this were apparent by the time the slow work amidst the traffic jams of Maidstone had been accomplished and the coach set forth on its hunting course to Buxted. This proved indeed of a Treble Bob variety and the beauties of the Kentish Weald were displayed from all possible angles before the coach made a belated arrival. Here the church lies in the middle of a deer park and is itself worthy of this gracious setting. The bells proved to be a pleasant octave and in the short time available they were employed on the standard methods.

The next tower was Maresfield, only one mile away. These bells proved to be an eight, recently augmented from six, and they went so well as to be difficult to ring to some members of the party. Here an attempt was made to ring Belgrave, but two or three leads were sufficient to decide the band that further study would be profitable. Rounds, Grandsire, Plain Bob and Double Norwich were rung in rather better style.

The next stop was at Ringmer for refreshment. A sandwich lunch was eaten in the landlord's garden. Once again attempts to catch up with the timetable were of no avail, and the party had, unfortunately, no time to spare on arrival at Lewes. The ten bells of St. John-the-Baptist's, Southover, were rung to rounds, Grandsire, and Stedman Caters, Plain Bob Royal and to finish, a course of Superlative on the back eight. Leaving just before a wedding, the next port of call was the historic and picturesque village of Alfriston. Here the six-bell ringers came into their own ready to provide the best ringing of the day. But all too soon a breaking rope prevented any further stay and the bus was on its way to the sea at Eastbourne. A few hectic minutes were snatched on the front by most of the party and a few were seen to venture into the sea. And so to tea!

After tea, ringing was had at St. Mary-the-Virgin's, Rounds, Grandsire, Stedman, Double Norwich and Superlative were rung and the tone and 'go' of the bells much appreciated. All too soon a move was made to Rotherfield, but once at St. Denys' Church the fine timbre of the bells and friendly welcome extended by members of the local band ensured a pleasurable visit. At last most of a course of Belgrave was accomplished. The standard methods from rounds to Bristol were brought round and ringing went on until nine o'clock.

After a brief stop at Goudhurst the coach made its way back into the Maidstone area to begin its long round of the villages taking people home. It had been a long and tiring day but none the less enjoyable. The thanks of all the party are due to Dr. Hatcher for the organisation which, even if a little out of phase, never ceased functioning with scientific precision.

F. P. W.

GRANTHAM AND DISTRICT VISIT SURFLEET

A party of ringers from Grantham, Ancaster and Great Ponton paid a visit to Surfleet on July 23rd.

The party arrived just after 7 p.m. and, having been welcomed by Mrs. Richardson, soon set this light ring of 12 bells in motion. A variety of methods from Grandsire Doubles upwards were rung but the full 12 were only heard in rounds.

After ringing, the visitors adjourned to the Church Room where excellent refreshments were provided by Mrs. Dobney, of Surfleet. Mr. J. M. Simpson expressed the thanks of the visitors to their hosts.

J. M. S.

EDGBASTON, BIRMINGHAM

The ringers of Edgbaston Old Church held their annual outing on July 14th and a party of 27 consisting of ringing and other friends left Selly Oak by motor coach at 8 a.m.

Our first stop was Hinton-on-the-Green in the Vale of Evesham, where we received a warm welcome from the Rector, the Rev. F. C. Chamption, and one can imagine our surprise when the first finger to greet us was Mr. Phil Corby, who, with his family, were staying with Mr. and Mrs. J. Thomas, both of whom later came and rang with us. Stedman, Grandsire and Double Norwich were rung and also a course of York-shire, assisted by Mr. Corby and his host and hostess, which enabled a fair member of the party to ring her first course in that method.

Through the glorious Cotswold country via Broadway and Stow-on-the-Wold, to Burford, where we were met by the local captain, Mr. W. J. Dixon, and for nearly an hour we greatly enjoyed the beauty of this splendid eight.

After a substantial lunch at Oxford, the party adjourned to All Saints' Church, where we received a welcome from Mr. Walter F. Judge. As we were about to leave we were delighted to see Mr. Rodney B. Meadows, of 'Belfryman-ship' fame.

Our next stop was at Banbury where a delightful tea was partaken of at a local cafe. Unfortunately, we could not have the use of the bells as they had been promised to other visitors. At the parking station the party was rather alarmed as the police were there enquiring for the writer. This, however, turned out to be nothing more serious than a message from Mr. V. B. Hunt, at Stratford-on-Avon, to the effect that we could not ring there until 8 p.m. instead of 6.30 on account of a musical programme at the local flower show.

Leaving Banbury we travelled via the historic Edge Hill to Stratford, where Mr. Hunt had kindly arranged for us to ring as we could not ring at Banbury. He and one of his colleagues were there to welcome us and some well-struck Grandsire and Stedman Caters were enjoyed; also Double Norwich on the back eight.

On arriving home, shortly after 10 p.m., everyone agreed that this was one of the most successful of Edgbaston outings, thanks to the organisation of Messrs. W. Mumford and T. Russell.

W. C. D.

WINCHESTER CATHEDRAL

An ambitious programme was arranged by Winchester Cathedral ringers with a few friends from neighbouring towers, for their first outing in 47 years.

Ringling took place at St. Martin's and St. Paul's, Salisbury, and Westbury. At the last-named tower one of the youthful members found to his disgust that when trying to swing the tenor he only succeeded in lifting himself off the floor! Lunch followed at the White Horse Restaurant.

Owing to a late arrival ringing had to be curtailed on the heavy ten at Wells Cathedral (tenor 57 cwt.) and it was here that some of the party had to adjust their ideas on heavy belfrymanship!

At the tea-table at Trowbridge, Mr. Lampard thanked, on the members' behalf, Mr. J. A. C. King, the organiser of the outing, and welcomed visitors from Alresford, Sparsholt and St. Maurice's, Winchester. He gave a special welcome to Miss Betty Edmonds, daughter of the Mayor of Winchester, who has recently made a start in ringing. Trowbridge tower was visited and as the bells were set going in rounds it seemed that something was wrong. After a while it dawned that although twelve ropes were being pulled only ten bells could be heard. We discovered later that this was due to an oversight on the part of the Rector, who omitted to inform the captain of the visit and the latter had consequently tied two trebles the night before for beginners. The two towers at Devizes—St. John's and St. Mary's—were visited before starting on the homeward journey.

NOTICES

The charge for one insertion of a notice of a meeting is one penny per word, minimum 2s. For additional insertions with no change one-half above charge for each insertion.

Other notices one penny per word, minimum 2s. 6d.

All notices must be prepaid.

Notices must be received not later than Monday.
