## BOURNEMOUTH

**J**UST over a century ago it would have meant a slow and lonely journey to travel from Christchurch Priory to the ancient port of Poole. On a summer's day it would have been pleasant enough with blue sea and a grand view of Old Harry Rocks and the Needles on the one hand and the pine woods on the other. One or two houses were being built in the evergreen valley at that time, for Bournemouth was already becoming famous as a health resort.

The first Vicar of St. Peter's must have foreseen the rapid growth Bournemouth would make, for he planned and built the large church that stands in the centre of the town, but it is doubtful if even he ever imagined that one day it would be the mother of nearly thirty churches.

To-day, Bournemouth closely borders its two older neighbours, and is still expanding northwards; it would be difficult to find a more beautiful health resort with its sands and promenades, well-kept pleasure gardens and recreation grounds, its fine Municipal Orchestra (which will be celebrating its diamond jubilee during the Council's visit), its Pavilion and Winter Gardens and many other amenities.

Christchurch, with its ancient Priory, Wimborne Minster, and Poole, with its busy harbour, each has a charm of its own, and the view from Constitution Hill (on the way to Poole) is reputed to be the finest on the South Coast. Be that as it may, it was hereabouts that Marconi carried out his first experiments and Baden-Powell started his Scout movement on Brownsea Island in Poole Harbour.

Is Bournemouth a good place for a conference? Well, as the late Professor Joad would say, 'it all depends on what you mean by a conference? At any rate, it is a favourite rendezvous for an increasing number of conferences each year.

The ringer will find plenty of bells in first-class order and within a short radius; St. Peter's Church can boast of possessing the only ringing set within the borough boundary, but a few yards over the border at Westbourne there is another tuneful Taylor eight at St. John's, Surrey Road. Christchurch Priory possesses a fine twelve, and there are tens at Wimborne Minster and at Poole (St. James').

A little further out there are first-class eights at Swanage and Kingston in the Isle of Purbeck, at Blandford and Wimborne St. Giles' and in the New Forest, now resplendent in bright spring colours; there are good octaves at Ringwood, Fordingbridge, Lyndhurst, Lymington and Milford.

The late George Williams once remarked that in the early nineteen hundreds you would have to comb the county of Hampshire to find a band capable of ringing a peal of Grandsire Triples. To-day, whilst most towers stick to the standard methods for service ringing, spliced Surprise Major ringing is frequently practised. We still have some of the men with us who have done so much to improve and spread the practice of 'scientific' in our district. George Preston, of Christchurch, thirty years district secretary, often walked into Bournemouth to teach the St. Peter's band, besides giving much instruction in the New Forest towers. Fred Townsend, formerly Ringing Master of the Wimborne Branch of the Salisbury Guild, must be remembered for his fine work at Poole and his pioneer work in double-handed handbell ringing. These two ringers, with A. F. Martin Stewart, past Master of the Salisbury Guild, will be among the many local ringers to welcome the Central Council at Whitsuntide.

So, in the names of the two neighbouring Guilds of Winchester and Portsmouth and Salisbury, we extend good wishes for a pleasant and successful visit to all Central Council representatives and their friends when they come to beautiful Bournemouth.

A. V. D.

## FORTY YEARS AGO

From 'The Ringing World' of May 23rd, 1913

ASHTON-UNDER-LYNE

The Lancashire Association

On Saturday, May 27th, 1913, in 4 hours and 15 minutes

At the Parish Church of St. Michael

A PEAL OF KENT TREBLE BOB ROYAL, 6,080 CHANGES

Tenor 27 cwt.

Isaac Sidebotham	Treble	Benjamin Gill	6
Samuel Wood	2	Samuel Booth	7
Thomas Jakeman	3	Albert Adams	8
Thomas Bottrill	4	Harry Chapman	9
Fred Page	5	James George	Tenor

Composed and conducted by Samuel Wood

The above band started for 14,000 Kent Treble Bob Royal, but as the ringing was not satisfactory to the conductor, he decided to come round at the above length.

[The Editor commented: 'Mr. Sam Wood is following an admirable ideal in declining to have anything but the best in a peal. The original length was successfully accomplished in the following year']

# GILLETT AND JOHNSTON LIMITED

No matter in which corner of the country you happen to be, as likely as not you will come across Gillett & Johnston bells or tower clocks. Gillett & Johnston craftsmanship is embodied in an all-embracing service—as much in the preservation and restoration of old rings of antiquarian interest as in the installation of new.

**BELL FOUNDERS  
AND  
CLOCK MAKERS**

Comprising 576 Rutland, Bristol, Eastcote, and 384 each London Ealing, Wembley, Cambridge, Superlative, Yorkshire, Lincolnshire, Cray and New Gloucester.

**'NOTES FOR BEGINNERS'**

Many instructional books, of varying quality, have been published on ringing, of which only a few have stood the test of time. 'Troyte,' one of the best, is now unhappily out of print, but 'Ropesight,' not many years its junior, is now in its eleventh edition, which testifies to its popularity. Of more recent books, 'The Ringers' Handbook' and 'Village Bells' appear to have come to stay.

There is, however, room for another book which neither goes into too much detail over matters which a pupil may nowadays expect to learn from his instructor, nor, on the other hand, presupposes a degree of basic knowledge which not everyone who teaches is in a position to impart, and with this in view Mr. Wilfrid G. Wilson has produced a small booklet which he calls 'Notes for Beginners.' Written for his pupils at Ealing, the booklet not only sets out the usual rules for ringing Grandsire and Plain Bob, but also explains some of the 'whys' which are so often left to the imagination; for example, why a dodge occurs in Plain Bob when the treble leads. This essential point is often not properly understood by young ringers, not all of whom can make the necessary deductions for themselves.

The booklet, produced at the very modest price of sixpence, is worthy of a much wider distribution than was intended when it was compiled, and it is to be hoped that some means will be found of making this possible. Instructors would find it a most useful aid when introducing their pupils to the mysteries of change ringing.

**UPPER CLAPTON, E.**—At the Church of St. Matthew, on May 3rd, 1,260 Grandsire Triples: Miss N. Hales 1, Miss G. L. Friswell 2, Mrs. R. K. C. Wilkins 3, H. J. King 4, D. Neal (cond.) 5, J. A. Hales 6, R. K. C. Wilkins 7, J. Hales 8. Arranged for Mr. H. J. King, an hon. member of the Society, and at one time a local ringer.

**CHESTER DIOCESAN GUILD  
Novices and Coronation Ringing**

A meeting of the Bowdon, Mottram and Stockport Branch was held at Mottram on April 25th when some 60 members and friends were present. The bells were in use from early in the afternoon and the later arrivals could hear their merry peals ringing out from the eminence on which the church stands as they approached the village.

The service in church was conducted by the Vicar, the Rev. Canon E. W. Tyson, who gave a warm welcome to his church and parish and also gave an interesting address. Mrs. Tyson kindly officiated as organist. Tea followed in the schools, where the local ringers' wives had provided an excellent repast.

At the usual business meeting the Vicar presided and it was decided, if possible, to hold an additional meeting at St. Margaret's, Dunham Massey, on July 25th.

A report on the Guild Committee meeting was presented and the subject of Coronation ringing was broached. It was recommended that the keynote for all Coronation ringing be 'co-operation' with the local authorities rather than the ringing of peals. It was mentioned that an effort should be made to enable all the ringers in the tower to take part in the ringing on this historic occasion, from the veriest novices to the experts, as it is, we trust, very likely that most of those who will ring on this occasion will not be with us when the next Coronation occurs.

The meeting expressed its cordial thanks to the Vicar for his assistance and to Mrs. Tyson for her help, to the wardens for permission to hold the meeting, to the local ringers and their wives for the admirable way in which they had catered for the needs of those attending. Further ringing was then enjoyed until quite a late hour, when the call of departing buses could no longer be resisted.

### IMPORTANT NOTICE

Will secretaries sending Notices for the issue of June 5th please note that the latest date to secure insertion in that issue is first post Monday, June 1st. This is to enable our printers to participate in the National Holiday on Coronation Day.

This week we record a peal of Grandsire Caters rung at St. Paul's Cathedral, Melbourne. Ringing history has thus been made again in Australia. This is the first peal of Grandsire Caters in the Southern Hemisphere and we extend on behalf of British ringers our warmest congratulations to the band.

The Yorkshire Association has now a membership of 1,606.

Miss Anne R. Barr is the first lady to ring a peal on the bells of St. Augustine's, Rugeley, Staffs.

Mr. Kenneth W. Mackintosh has now joined the elite band who have rung Stedman Doubles to Cinques.

Mr. F. I. Eaton, a very faithful and enthusiastic member of the band of All Saints' Church, Leamington, was elected to Leamington Borough Council at the May elections.

One of the best television broadcasts concerning practical ringing was that from Kingston Seymour, Somerset. Mr. J. T. Dyke's exposition was masterly. The team of six boys with handbells who changed places to show a plain course was well done. Congratulations to all concerned.

A team of handbell ringers from the 1st Drogheda Company of Girl Guides will broadcast in the Children's Hour programme on June 1st at 5.30 p.m. from Radio Eireann (530 and 240 metres). The youngest member of the team is eight years and the eldest eleven years. The captain of the company is Mrs. F. E. Dukes. District secretary (Eastern), Irish Association of Change Ringers. This young company have already performed at the Olympia Theatre, Dublin, Metropolitan Hall, Dublin, and Gate Cinema, Drogheda.

## BELFRY GOSSIP

The Diamond Jubilee of the Imperial Institute was marked by the ringing of the bells by members of the Ancient Society of College Youths on May 11th. A recording of the ringing was taken by the B.B.C. for the Pacific Service.

Mr. J. Frank Smallwood was interviewed by Mr. Valentine Selsey, the B.B.C. reporter, before the recording was taken. The same evening Frank's voice was heard in 'Radio Newsreel.'

The bells will again be heard on May 27th to mark the public opening of the Institute's Coronation display when seven simultaneous exhibitions will be staged under the title of 'Queen and Commonwealth.'

The Snowdon Dinner will take place in Sheffield on October 24th.

Apart from being rung as a 21st birthday compliment to T. A. Cross, the peal of Plain Bob Major rung at Gillingham on May 9th was also a birthday compliment to Miss E. B. P. Walker and Mr. V. A. Jarrett (father of the conductor) and Mrs. Kenward (wife of the ringer of the 4th). Also a welcome home from Jamaica of Mr. and Mrs. L. Pickles, brother-in-law and sister of the conductor.

Rotherham Parish Church ringers raised over £20 for improvements to their ringing chamber by a concert held on May 6th arranged by Mr. N. Chaddock. Items included a short play, dancing (ballet and tap), elocution, instrumental music and tune ringing by Wickersley Modern School of Handbell Ringers. The curtain was rung up with a course of Grandsire Triples by Messrs. C. Wright, A. Firth, N. Chaddock and T. C. Ryder. Performers numbered over 50 and refreshments for them were provided by Mrs. T. C. Ryder and Mrs. N. Chaddock.

## THE COLLEGE YOUTHS GO NORTH

### A Great Welcome at Liverpool

WITH an ever-increasing membership in Lancashire and the North, the Ancient Society had no difficulty in deciding where the country meeting should be held this year, and even if they had, the matter would have been settled for them by the warm, even pressing, invitation received from Liverpool. So it was that the London contingent were up betimes on May 9th and were on the early morning train which speeded them to the great Merseyside town. The journey north was whiled away by yarns, and one enterprising member of the party soon got busy in establishing friendly relations with the refreshment staff on the train.

On arrival at Lime Street we were met by Mr. Percy Cave and were guided to the restored Church of Our Lady and Nicholas. This church, which was destroyed by enemy action, has now been rebuilt, and is an example of what can be done by enterprising churchfolk. In addition to spacious modern accommodation for worship, there are included beautifully appointed rooms for meetings, teas and other parish gatherings—all self-contained and under the one roof. The crowning glory, however, from the visitors' point of view, is the magnificent ring of 13 bells which have been recently installed, replacing the woolly uninspiring ring which was there before the destruction of the church.

We found members and friends from Derby, Oldham, Runcorn, Southport, Manchester, Sheffield, Chesterfield, York, Birkenhead, Wallasey and many other places waiting to greet us, in addition to prominent Liverpoolians like G. R. Newton and Tom Hammond. A short touch on the middle eight started the ringing, and then the full twelve were rung to touches of Stedman Cinques. The magnificent tone of this twelve impressed us all and they were a delight to ring.

The business meeting was held in one of the fine church rooms. The following new members

were elected: E. F. Shearn and M. J. Horseman (Nailsea, Somerset), E. H. Langley (Wokingham), C. A. Benn (Reading), J. V. Donaldson (Vancouver, B.C.), R. G. Edwards (Birkenhead), T. Rogers (Wallasey), A. Hibbert (Chapel-en-le-Frith, Derbys), F. S. Almond (Woolton, Liverpool), T. W. Hammond (Aintree, Liverpool), T. E. Larkey and T. Lee (Liverpool). The Master (Mr. F. E. Collins) charged them all to uphold the dignity and prestige of the Ancient Society.

The Master said how much the Ancient Society appreciated this warm invitation to come to Liverpool, and thanked the members of the St. Nicholas' company for their efforts to ensure the success of the visit.

He was supported by Mr. J. F. Smallwood, who said that he would like to associate the name of Mr. Cave with the vote of thanks. It was due to his efforts that they had been able to hold this meeting. Now that they possessed such a fine ring of 12 he hoped that Liverpool would become a centre for good twelve-bell ringing—and they might feel assured that the Ancient Society would take great interest in their achievements.

The whole party then took tea as the guests of the St. Nicholas' company in yet another of the fine rooms of the church. They were welcomed by the Ringers' Chaplain, who explained that the Rector would have welcomed them himself but for the fact that he was conducting a mission in Leeds. He was, however, very interested in the visit of the College Youths and sent his best wishes, and hoped they would have an enjoyable and successful gathering.

It is interesting to note that one member present, Mr. S. Scattergood, is a direct descendant of one of the Masters of the Ancient Society over 300 years ago!

Train time arrived all too soon, and it was a very happy and satisfied party which was seen off by the good friends who came to the station. Thank you, Liverpool. You did us proudly. J. F. S.

## CORONATION PEALS AND QUARTERS

Ringling for the Coronation is expected to be on an unprecedented scale, and in accord with the warm affection with which our gracious Queen is held.

The correspondence in connection with this great signal of national rejoicing is expected to be heavy. To enable the Editor to cope expeditiously with the heavy mail, we ask those sending in peals or quarter peals to observe the following conditions:—

(1) Each peal and quarter peal to be written on one side of a sheet of paper with the name and address of the sender on the sheet.

(2) Follow precisely the style peals and quarter peals are appearing in our journal. If you have any doubts write your peal with a copy of 'The Ringing World' in front of you.

(3) Reduce footnotes to a minimum. Just first peals or first in the method. Coronation peals are rung for one purpose only. There can be no secondary occasion like somebody's birthday or wedding anniversary.

(4) Any special incident in connection with the ringing, like, for example, a veteran who rang for Edward VII. Coronation or an amusing incident, should be written on a separate sheet of paper and attached to the peal or quarter peal.

(5) The production of our Coronation numbers will be expensive and it will be necessary to enlarge 'The Ringing World' to 20 pages. Any voluntary donation to meet this added cost will be appreciated.

(6) Sets of Coronation peal or quarter peal cards printed in patriotic colours can be obtained from 'The Ringing World' Office, price 5s. a set of 12 post free. Remittance should accompany the copy.

(7) Make certain that every first pealer has a copy of 'The Ringing World.' Send your order for additional copies when dispatching your peal or quarter. These mementoes will be treasured in years to come.

## CENTRAL COUNCIL MEETING

### Ringling Arrangements for Whitsun

SATURDAY, MAY 23rd

Christchurch Priory (12), 2.30 p.m. to 5 p.m.

St. Peter's, Bournemouth (8), 11 a.m. to 12.30 p.m., 3.30 p.m. to 5.30 p.m.

St. John's, Surrey Road (8), 2.30 p.m. to 5 p.m.

SUNDAY, MAY 24th

Christchurch Priory, 9 a.m. to 10 a.m., 5.30 p.m. to 6.30 p.m.

St. Peter's, 9.30 a.m. to 10 a.m., 5.30 p.m. to 6.30 p.m.

St. John's, 10 a.m. to 11 a.m., 5.30 p.m. to 6.30 p.m.

Poole, St. James' (10), 5.30 p.m. to 6.30 p.m.

Wimborne Minster (10), 5.45 p.m. to 6.30 p.m.

Ringwood (8), 5.30 p.m. to 6.30 p.m.

MONDAY, MAY 25th

Wimborne Minster, 6.30 p.m. to 8 p.m.

St. Peter's, 10 a.m. to 11.30 a.m., 3.30 p.m. to 5 p.m.

St. John's, Surrey Road, 2.30 p.m. to 5 p.m.

Ringwood and Lymington (8) are available from 2.30 to 5.30 p.m. Ringers are advised to

arrange a party to meet at these towers as many local ringers are working on Whit Monday this year.

Coach tour leaves St. Peter's Hall at 9.45 a.m.

for Kingston (8) 11 a.m., Swanage (8) 12.30 p.m., Wimborne St. Giles' (8) 3.30 p.m.,

Wimborne Minster (tea 5.15) 6.30 p.m.

WHIT TUESDAY, MAY 26th

Christchurch Priory, 7 p.m. to 8.30 p.m.

St. Peter's, 7.30 p.m. to 9 p.m.

St. John's, 7.30 p.m. to 9 p.m.

## DEVONSHIRE RINGERS

A NUMBER of members of the Devon Guild held a very successful week-end coach tour recently, when Loughborough was the main objective.

Leaving Buckfastleigh on the late evening of Friday, May 8th, various members of the party were picked up at Newton Abbot, Exeter, Broadclyst and Taunton. Gloucester was reached in the early hours of the following morning, where a halt was called for an hour in order to do justice to a good meal at a local cafe. Loughborough was reached at exactly 6 a.m. After a hurried look around, the party moved into their various billets for breakfast, and subsequently assembled outside Messrs. John Taylor and Co.'s foundry, where they were met by Mr. J. P. Fidler and Mr. C. Harrison, who spent the whole day with the visitors.

The party spent a good time looking around the foundry, where they found much to interest them, items in the Tuning Department specially coming in for a good deal of attention. Among the bells seen here were the twelve bells of Great St. Mary's, Cambridge, and it was suggested that a six-score of Grandire Doubles should be tapped on the middle six. This was successfully done by Messrs. Southwood, Bennett (conductor) and Harrison, each having a pair of wooden hammers to tap the bells.

The next item on the programme was ringling on the foundry bells, and the visitors surprisingly soon got used to them, the ringling on the whole being very creditable, especially the three courses of Plain Bob Major.

The visitors subsequently adjourned to the Empire Restaurant, where an excellent lunch was enjoyed, after which a move was made to

## VISIT LOUGHBOROUGH

All Saints' Church, where everyone looked forward to having a pull on the grand ring of ten. Prior to the commencement of the ringling Mr. J. E. Lilley voiced the appreciation of the visitors to Messrs. Taylor and Co. for their great welcome and for acting as hosts. This was supported by Mr. E. W. Biffin and carried with acclamation.

The party next went to the Queen's Park, where they had an opportunity of inspecting the magnificent war memorial carillon, and a special recital was afterwards put on on their behalf.

After dinner at six o'clock, the charabanc was again brought into service and a visit was paid to Shephed, where a very pleasant hour was spent on this excellent octave.

On Sunday after breakfast, the return journey was commenced, and as the result of a telephone inquiry the previous evening, the party had the privilege of ringling for Sunday morning service at Leicester Cathedral and St. Mary's, Leicester, and we were deeply grateful to Mr. Harold J. Poole for these facilities. Having subsequently said good-bye to Mr. Poole and his band, the run to Evesham was very much enjoyed, and on reaching here at lunch time Mr. John Thomas was found to be waiting for us. We were very grateful to him for making such excellent arrangements for lunch and for the opportunity of ringling on the fine new twelve at the Evesham Bell Tower.

Before dispersing at Exeter the opportunity was made to express the party's warmest thanks to Messrs. E. W. Biffin and A. L. Bennett for the very excellent arrangements made.

A. L. B.

## THE YORKSHIRE ASSOCIATION

### Retiring Treasurer's Services Recognised

THE annual general meeting of the Association took place in glorious weather at Selby Abbey on Saturday, May 2nd, attended by a large gathering representing all the four Districts. Ringing on the fine ten commenced shortly after 2 p.m. and continued in a variety of methods until 4.15, when the Vicar conducted a very impressive ringers' service and extended a warm welcome to the Association. Unfortunately a prior engagement prevented him from joining the Association at the excellent tea which followed at the Corunna Cafe.

At the business meeting which followed, the chair was taken by the president, the Ven. C. O. Ellison, Archdeacon of Leeds, supported by the general secretary, Mr. L. W. G. Morris, the hon. treasurer, Mr. G. Benfield, and the hon. peal secretary, Mr. W. E. Critchley. Apologies for absence were received from the Vicar of Selby, Mr. G. Horner, of York, and Mr. B. Sutton, of Scarborough.

A hearty vote of thanks to the Vicar of Selby and the churchwardens for the use of the bells and providing the service was ably moved by Mr. P. J. Johnson, seconded by Mr. A. E. Sellers and carried unanimously. A similar vote of thanks to the local company for their excellent arrangements and splendid tea was accorded on the motion of Mr. I. Slack, seconded by Mr. F. A. Staveley.

Mr. H. S. Morley, in reply, said he would pass on the first vote of thanks to the Vicar and Abbey authorities, including the organist, and so far as the local company were concerned, they had derived very great pleasure in making the arrangements, and to know that the visitors were satisfied was sufficient thanks in itself. Mr. Morley pointed out as a matter of interest that the late Mr. W. T. Cockerill, formerly secretary of the Ancient Society of College Youths, had associations with the same room they were now using for the meeting.

The president next presented the Association's 77th annual report, which showed an increase in membership and a slight gain on the year's working. There was a decline of 28 peals rung during the year as compared with last year. The report was adopted on the motion of Mr. P. J. Johnson, seconded by Mr. W. Barton.

### PRESENTATION TO MR. S. F. PALMER

The next business, a very pleasant and popular function, was to present Mr. Sidney F. Palmer, formerly hon. treasurer of the Association, with a wallet and cheque in recognition of his long and devoted services in that office. In making the presentation, the president referred to the valued services Mr. Palmer had rendered to the Association for so many years, and when, a year ago, Mr. Palmer decided not to seek re-election to the office on account of advancing years, the committee were unanimous in deciding to launch an appeal to the members for funds with a view to presenting Mr. Palmer with a suitable memento. Up to the closing date this had realised some £26, and having consulted Mr. Palmer and ascertained his views, he now had very great pleasure in presenting to him the wallet and a cheque for the balance on behalf of the members.

He (the president) said that he understood that donations had continued to arrive after the closing date and told Mr. Palmer that he might expect a further cheque in due course, which, if not sufficient to buy a motor car, was still a token of the affection and esteem in which he was held.

Mr. P. J. Johnson associated himself with the references made by the president, pointing out that Mr. Palmer took over the office at short notice, due to the rather sudden death of Mr. J. Cotterell. It followed that in the circumstances Mr. Palmer's task was rendered more difficult as he was without the guidance of his predecessor.

In rising to reply, Mr. Palmer was accorded a great ovation. He thanked the president and other speakers for their most kind words, and each and all of the members for the honour they had done him. He assured them all that he appreciated to the full the affection that lay behind the gift and he regretted that he was completely lost for suitable words adequately to express his thanks. He was glad to have been able to serve them as treasurer and hoped they would as loyally support his successor, Mr. Gordon Benfield, in whom he had every confidence. He thought he had done the right thing in handing over office while still in harness, and would be only too pleased to render any assistance or advice to his successor. He was glad to say he was still in good health and hoped to come among them on every possible occasion.

The president next announced that the hon. general secretary, Mr. L. W. G. Morris, was due to retire by rota. The committee had considered the matter and were unanimous in recommending the re-election of Mr. Morris for the next triennial period. Mr. P. J. Johnson moved and Mr. W. Barton seconded that Mr. Morris be re-elected. This was carried.

Mr. W. E. Critchley, the hon. peal secretary, was unanimously re-elected on the motion of Mr. I. Slack, seconded by Mr. W. Barton. Mr. P. J. Johnson moved and Mr. J. Ambler seconded that the next meeting be held at Wetherby on September 19th. This was carried.

The president reminded the meeting that the Snowdon Dinner this year would take place at Sheffield on October 24th, and urged all to reserve the date, as having decided it should be held, it was the duty of the membership to ensure its success by loyally supporting it.

The following new members were elected:—Bryan Withill, of St. Michael's, Headingley; Miss G. Hay and L. Bleckton, of Pontefract; Miss Susan Dinsdale, of Collingham; W. E. Elsworth, of Royston; James Reed and David Cubitt, of Wakefield; and John Bower, of York. The president referred to the coming Coronation and hoped that wherever possible, members would play their part by ringing on Coronation Day.

The president next referred to a circular issued by the Ripon Diocesan Advisory Committee which set out an excellent case against the use of 'canned bells' and was glad to report that the likelihood of any further installations taking place in the Diocese of Ripon, except in exceptional circumstances, was now remote; a single bell being recommended where a ringing ring could not be installed. (A report of the recommendations appeared on page 313.)

Mr. H. Walker moved the following resolution:—

'This Association highly commends the decision of the Ripon Diocesan Advisory Committee as a general rule to refuse to recommend to the Diocesan Chancellor the acceptance of proposals for the installation of recorded bells.'

This was seconded by Mr. E. Hudson and carried. This concluded the business.

### Gratefully Acknowledged

The Editorial Committee acknowledge with gratitude the following contributions to meet the cost of producing 'The Ringing World':—

Personal.—W. A. Carter 4s., R. G. Fairweather 5s.

Peals.—Oswaldtwistle 2s. 6d., Pinchbeck 4s., North Stoneham 2s. 6d., Fletching 4s., Selvinge 3s.

Quarter peals.—Poulton-le-Fylde 2s. 6d., Helmdon 2s. 6d., Upper Clapton 1s. 6d., Wimbleton 2s. 6d., Shere 2s., West Clandon 1s. 6d., Marlow 3s., Ruislip 2s., Reigate 2s. 6d., Keswick 2s. 6d., Biggleswade 2s. 6d., Horringer 2s., Ebbw Vale 2s. 6d., Brookfield, London, N.6. 2s. 6d.

## IRISH ASSOCIATION

The annual meeting of the Executive Council was held in St. Patrick's Cathedral, Dublin, on May 2nd. The meeting was presided over by Mr. William Pratt (president), who welcomed the members to Dublin.

The election of officers for the ensuing year resulted as follows: President, Mr. William Pratt; Master and librarian, Mr. R. S. F. Murphy; general secretary, Mr. F. E. Dukes; additional member on Central Council of Church Bell Ringers, Miss J. Stewart.

The annual report and statement of accounts were received and adopted.

The report stated that the membership of the Association was now: Life 14, honorary 6, resident 327, non-resident life members 93, making a total of 450. Ten peals were rung during the year, in which 21 ringers took part, five scoring their first peal. The most outstanding peal was Pontefract Delight Major (first performance). The deaths were recorded with regret of A. J. Corrigan (Bristol), W. Keeble (Colchester), E. Conor O'Brien (Oxford), Major L. J. Roper (Cheltenham) and Dr. J. C. E. Simpson (Chester).

The first report on 'The Irish Bell News' was also presented. It is interesting to note that the Association showed its faith in the journal by purchasing a duplicator to enable the paper to be produced by the labours of the Editorial Committee. All stencils are cut by Miss J. Stewart, while the actual production and stitching is done by Mrs. F. E. Dukes.

The Editorial Committee were re-elected and thanked for their good work: Editor, Mr. Fred E. Dukes; committee, Mrs. F. E. Dukes, Miss J. Stewart and Mr. G. Bingham.

Two old members of the Association, Mr. Daniel McNeice and Mr. Michael Hickey, both from Mount St. Alphonsus, Limerick, were elected life members. They have respectively 65 and 60 years' ringing behind them.

After the meeting the competition for the Murphy Cup was held on the light eight of St. Patrick's Cathedral, Dublin. The finalists from the three districts, viz., St. Mary's Cathedral, Limerick, St. George's, Dublin, and St. Donard's, Belfast, rang in an order not known to the judges. After a keen contest St. George's were declared the winners with 164 faults. St. Mary's came second with 171 faults.

### MARRIAGE OF MISS BRITAIN

On Friday, May 8th, the Church of All Saints, Banstead, saw a gathering of nearly a hundred guests and friends, who had come to witness the marriage of Miss Gillian R. Brittain, of Banstead, to Mr. Raymond I. F. Parsons, of Carshalton, both of whom are popular members of the Society of Roving Ringers as well as, of course, other and older Societies.

The bride, who was given away by her father, wore a beautiful dress and train of Honiton lace over two layers of net and a taffeta underskirt. Her headdress was a Juliet cap and double veil. Her sister Shirley, in pink, was the only bridesmaid.

Mr. David Parsons, brother of the bridegroom, carried out the duties of best man with his usual quiet efficiency. Several ringers were in the congregation and another, Mr. Ken Mackintosh, was the organist.

The young couple left the church to the sound of Stedman Triples coming from the bells on which Jill had learned to ring.

Among the many beautiful gifts were a striking clock, suitably inscribed, from the Banstead ringers; Pyrex cookery ware from the Benhliton ringers; and a lovely bedroom chair from the Society of Roving Ringers. In addition there were gifts from individual ringers.

After the reception—held at Beddington Grange—the happy pair left for Northolt, whence they flew to the Channel Islands.

On the following day the event was celebrated with a peal of Stedman Caters at Beddington, but Stedman Triples at Banstead failed after more than two hours' ringing.

# LETTERS TO THE EDITOR

## HEAVY FIVES RUNG TO A PEAL

Dear Sir,—In reply to Mr. C. Savage's query as to whether a heavier five than those at Ogbourne St. George have been rung to a full peal, the answer is most definitely yes. I append several instances, the weights in brackets being those given in Dove's Guide, whilst the other weights are those given in the reports published in 'The Ringing World':—

Yetminster, Dorset. Aug. 2nd. 1930: 5,040 Grandsire, conducted by W. C. Shute, tenor 19½ cwt. (19 cwt.)

Ludham, Norfolk. Dec. 5th. 1934: 5,040 Stedman, conducted by N. Golden, tenor 22 cwt. (20 cwt.).

Thorncombe, Dorset. Nov. 28th. 1936: 5,040 in three methods, conducted by E. T. P. Field, tenor 20 cwt. 24 lb. (21 cwt. 24 lb.).

Blunham, Beds. Feb. 9th. 1937: 5,040 (2 methods), conducted by C. H. Harding, tenor 22 cwt. (18½ cwt.).

Kingsdon, Somerset. March 20th. 1937: 5,040 (6 methods), conducted by E. T. P. Field, tenor 24 cwt. (23 cwt. 3 qr. 2 lb.).

Eastry, Kent. Feb. 28th. 1953: 5,040 (3 methods), conducted by myself, tenor 20 cwt. (18 cwt.).—Yours, etc.,

CYRIL A. WRATTEN.

Saltwood, Kent.

## THE SILENT PEAL OF LONDON ON HANDBELLS

Dear Sir,—Mr. Cashmore and his band are to be congratulated on another remarkable performance in ringing a silent peal of London on handbells, and they may well be correct in claiming it as the first silent peal of Surprise on handbells. It is not clear from the footnote whether they have taken into consideration a non-conducted peal of Superlative rung, I think, for the Essex Association about 50 years ago by William, Ernest and George Pye and William Keeble. The term 'silent' was not in use in those days, so whether the peal was strictly silent probably no one knows. It was, however, an achievement worthy of recall.

Whilst writing on this subject may I suggest that the expression 'non-conducted' should be disused? A silent peal must be non-conducted in any sense of the term, but not necessarily vice versa. If peals in which mistakes are corrected but no other directions given are noted to the effect that no calls were made, any ambiguity would be removed.—Yours faithfully,

E. A. BARNETT.

Crayford, Kent.

## FIRST SILENT PEAL OF LONDON 'IN HAND'

Dear Sir,—I should like to congratulate Mr. Harold Cashmore and his band on ringing a silent and non-conducted peal of London on handbells. I am sorry to say it is not the first of Surprise rung in this manner.

At Romford, Essex. The Essex Association. On Monday, November 3rd. 1902, in two hours and 35 minutes, in the Belfry of St. Edward's Church, on Handbells, Retained in Hand, A Peal of Superlative Surprise Major. 5,088 Changes. G. R. Pye 1-2, W. Pye 3-4, Ernest Pye 5-6, W. Keeble 7-8. Conducted by G. Lindoff.

The above was strictly a non-conducted peal and was rung without the bobs being called or the slightest intimation of them being given whatever. It is the first peal in the method ever rung silent, and the first Surprise peal ever rung silent on handbells. It is a one-part composition and was rung at the third attempt. Umpires W. Watson and H. Catterwell.—Yours faithfully,

E. W. PYE.

Saffron Waldon, Essex.

## IRREGULAR LEAD ENDS

Dear Sir,—With reference to the discussions on methods with irregular lead ends and possible further reference to this matter at Bourne-mouth at Whitsun, the following may not perhaps be entirely irrelevant or without interest to the protagonists:—

23456	O	I	B
35642	—	—	—
54263	—	—	—
46532	—	—	—
63425	—	—	—
32545	—	—	—
24653	—	—	—
45362	—	—	—
56234	—	—	—
63542	—	—	—
34256	—	—	—

The figures given here are those of one part of 720 Original Minor (Treble Observation). The bobs are 4ths place from the front, and the calling is as follows:—

O = Treble moving from 2nds to 3rds

I = Treble moving from 3rds to 2nds.

B = Treble leading full.

The 720 is very regular, and is indeed a variation of an extent of Original composed by J. A. Trollope many years ago.

Nobody, perhaps, is anxious to ring much Original Minor (or Major for that matter), but I understand that the method is quite in order and that I may, if I wish, include a 720 in a peal recognised by the Central Council.

Now this being so, a little investigation brings to light an interesting fact. The 'Clavis' gives a method by (I think) John Reeves, which has a sequence of leads 23456, 35642, etc., a cycle of leads considered irregular to-day. But the extent of this irregular method, as given in 'Clavis' is, change for change, row for row, exactly the same as the 720 Original Minor given above.

If, therefore, I am making no great fundamental mistake, the following two statements are points of fact:—

1. There is no objection to extents of Original Minor and I may thus ring the above 720 with impunity;

2. If I ring the 720 from the 'Clavis' the extent will not be recognised by the Central Council.

And the following interesting query remains: If I ring both of them non-conducted, which, if either, is recognised for peal purposes?

Let me conclude, sir, by assuring you that I have no desire to embarrass those who are working so hard to set our ringing affairs in good order. I am prompted solely by the desire to emphasise once again that there are problems almost impossible to solve by peremptory dicta, and that in the world of change ringing the wisest course is often the least dogmatic.—Yours faithfully,

EDGAR C. SHEPHERD.

Solihull.

## ANOTHER PREGNANT TENOR

Dear Sir,—With reference to the letter from the Rev. Leonard J. Birch, under the heading 'A Pregnant Tenor,' in the issue of April 24th, there has been another Pregnant Tenor as the inscription on the old second bell of Banham, Norfolk, testifies. The inscription is as follows:—

'Thomas Newman made me  
We trebels cam by small consent  
Our birth I hope will give content  
Twins from old tenor our lost old dad  
Some we make merry and some are sad.'

JOHN P. FIDLER.

Loughborough.

## PRIORITY FOR ST. AUGUSTINE'S

Dear Sir,—It is indeed a coincidence that Mr. C. A. Wratten and myself should have published the same method in the same issue of 'The Ringing World' (May 1st) under the two names of 'Edinburgh' and 'St. Augustine's.'

I feel, however, that I must claim priority for the name of 'St. Augustine's.' Mr. Wratten states that it was rung for the first time at Cheriton on April 15th this year. We included it in a peal on April 17th, but we have been ringing it at Rugeley for several years, and we only published it after including it in a peal. As a matter of fact, I have been making inquiries of various people over the last three months to see if anyone knew of a name for it. I think my first inquiry was to Mr. Alan R. Pink in January.

With regard to Mr. Wratten's remarks on Rushall Doubles. To obtain the fourth extent it is necessary to start with a bob, calling a bob in the 4th, 8th and 12th leads also. This, of course, applies to several methods such as April Day and Reverse St. Bartholomew, where the bob does not alter the lead end, but alters the course of the bells before and after the treble has led.

Finally, although I agree with Mr. Wratten that it is almost, if not quite, as difficult to alter bobs as plain courses in a multi-method quarter or peal, I do feel that so many of these methods which are combinations of two others have been published, that it is high time the whole position was officially clarified.

Personally I would like to see the Methods Committee of the Central Council draw up a list of what might be termed 'pure methods,' i.e., each with its own distinctive plain course and calls (whether bobs only, or bobs and singles), and then find some other title under which to classify these 'combined methods.'

It would be interesting to have the views of other multi-method Doubles ringers on this point.—Yours faithfully,

J. H. JOYNER.

Rugeley.

## GRATEFULLY ACKNOWLEDGED

Dear Sir,—An analysis of donations acknowledged in 'The Ringing World' during 12 recent weeks chosen at random reveals the following:—

Peals (561 published). Total donations £15 3s. 6d.=64d. per peal.

Quarter peals (539 published). Total donations £29 14s. 9d.=1s. 1d. per quarter peal.

Peals average 12 to a page so the voluntary income is about 6s. 6d. per page for peals.

Quarter peals average 57 to a page giving a voluntary income of £3 1s. 9d. per page.

If personal donations could be analysed between peals and quarter peals the figures might move slightly more favourably towards peals. Nevertheless, whilst quarter peal ringers appear to be giving generous financial support to 'The Ringing World,' many peal ringers are evidently not doing so.—Yours, etc.,

NORMAN CHADDOCK

Rotherham.

## FOUR QUARTERS ON EASTER SUNDAY

Dear Sir,—In reply to K. Prime, Ashcott, Bridgwater, we, at St. Albans Cathedral, on Easter Sunday, April 4th, 1926, established a record by ringing four quarter peals in four different methods. Starting at 5 a.m. we rang a quarter of Stedman Triples for 6 a.m. Communion, a quarter of Bob Major for 11 a.m., a quarter of Grandsire Triples for Evensong and a quarter of Double Norwich after Evensong.

This record, I believe, still stands.—Yours faithfully,

H. GOODENOUGH.

St. Albans.

## A FORTNIGHT'S RINGING IN AUSTRALIA

### PEAL OF GRANDSIRE CATERS AT ST. PAUL'S CATHEDRAL, MELBOURNE

ON FRIDAY, February 27th, 1953, a party of four ringers from Sydney (Messrs. T. W. Goodyear, E. J. Fowell, J. J. Cummins and Miss J. E. Hills) set out on a fortnight's inter-State ringing tour. Our destination for the first week was Melbourne (with a brief visit to Ballarat), and for the second week we were to fly down to Hobart, which was new territory for all the party.

We left Sydney, in the middle of a spectacular thunderstorm, by the 7.30 p.m. train and arrived at Melbourne at about mid-day on Saturday. We were met at Spencer Street Station by Miss Valerie Willard, of St. Paul's Cathedral band; Valerie was to become the fifth member of our party during our stay in Hobart. The band would here like to express its thanks to her for her kindness and hospitality to us during our stay in Melbourne.

No ringing programme had been arranged for Saturday, so we took the opportunity of taking it easy—to recover from our overnight journey and to build up our strength for Sunday's big effort. We were scheduled to attempt a peal of Grandsire Caters on Sunday afternoon at St. Paul's Cathedral. To the best of our knowledge no previous peal of Grandsire Caters had been rung on tower bells in the Southern Hemisphere, and naturally we were all very keen to accomplish such a notable 'first.' We have no opportunities for ten-bell ringing in Sydney and two members of our party had rung no Caters since their last visit to Melbourne, over two years ago.

#### GRANDSIRE CATERS ACCOMPLISHED

A start was made shortly after two o'clock on Sunday afternoon, and during the first hour the bells settled down to a good beat; at times they attained a rhythm which was surprising when one considers the fact that we had never rung together before as a band, and the four visitors were unaccustomed to ringing Caters. There were no serious trips and Tom's powers as a conductor were never severely tested. The last hour was by no means as good as the first two and the ringing became less even as the prolonged effort and concentration began to make itself felt. However, after a bad moment about half an hour from the end, the bells finally ran round in just over three and a half hours. A broad smile spread over ten faces as the final 'This is all' rang out. We had rung the first peal of Grandsire Caters in Australia!

Congratulations were showered on 16-year-old Stanley Williams for the able way in which he rang his first peal. In spite of a fine crop of blisters, we rang for service—first fortified by a cup of tea. Prior to this we had been interviewed by a reporter from the A.B.C., and on the nine o'clock news that evening listened to a report of 'the longest and most complicated peal ever to be rung in Australia.'

No ringing had been arranged for Monday and we took advantage of a comparatively quiet day to pay a visit to St. Patrick's (R.C.) Cathedral. In one of the twin towers of this fine church hangs a ring of eight bells cast by Murphy's, of Dublin. We were fortunate enough to be escorted round by a most helpful priest, who took us up to see the bells and then out on to the parapet for a fine view over Melbourne. We were surprised to find that five of the bells were still up in spite of the fact that they had not been rung for a year. We were sorry to see such a fine ring in a state of disuse.

#### BOB ROYAL 'IN HAND'

We spent Tuesday sight-seeing and were fortunate enough to be taken up to the Dandenong Ranges by a friend of Chook's, who placed both himself and his car at our disposal for the day. Also on Tuesday the second peal of the

tour was scored—this time Bob Royal 'in hand.' Once more it was a notable achievement, being the first occasion on which the three lads had ever rung Royal 'in hand,' and being accomplished with only a preliminary course to get the feel of ten-bell ringing on handbells. The occasion was celebrated by an apple-pie bed for the absent member of the band—be assured that she evened up the score before the tour was over.

During Wednesday we thought of an occasion on which we could get St. Patrick's bells swinging. Monday, March 9th, was Labour Day in Victoria and special Mass is said at the Cathedral at 8.30. A letter was accordingly written to the Administrator asking if we might ring after this service, and a favourable reply was received.

On Wednesday we visited Joan Gray to admire the new house which she and Philip will soon be inhabiting at Montmorency, and were surprised to learn that these stalwarts have done much of the work themselves. Plumbing and carpentering do not seem to have prevented Phil and Joan from doing much fine work at St. Paul's, Melbourne, and we are much indebted to them for the arrangements which they made on our behalf during the first week of the tour. Wednesday concluded with practice at St. Paul's, preceded by handbell ringing.

During the course of the evening all four members of the band rang their first course of Grandsire Cinques on tower bells, while Tom and John scored their first Double Norwich.

#### THREE DAYS AT BALLARAT

On Thursday we left by train for Ballarat, some 70 miles west. Graeme Heyes, of St. Peter's Society, kindly met us at the railway station and escorted us to our hotel. There is a very young band at this tower—the majority of them still in their teens—and they have plenty of enthusiasm. We were very pleased to see four girls among them, all of whom are making good progress. We had two handbell evenings while in Ballarat, at the home of Graeme Heyes and Warne Wilson respectively. During our stay here we acquired a 'private chauffeur' in the person of Alex Herman, who drives a taxi, and who somehow always managed to be on the spot when we had a journey to make. Many thanks, Alex!

On Friday we rang a quarter peal of Bob Minor at St. Peter's as a birthday compliment to John Cummins. Jack certainly got away with a much quieter day than most ringers who celebrate their birthdays while on tour. This was the first quarter of Bob Minor for the two Graemes—Heyes and Waldron.

On Saturday St. Paul's Society arrived en bloc in a coach from Melbourne, and with our combined strength we had a most enjoyable ring on the bells of the City Hall. This is a fine octave by Mears (tenor 23 cwt.) and the 'go' of them is a real tribute to the care of Mr. Percy Gullock. Our stay in Ballarat coincided with the first Begonia Festival, and during the afternoon we had a 'grand stand view' from the top of the tower when one of the old Cobb and Co.'s coaches arrived—a link with the past which was a highlight of this Festival. As for the begonias themselves, we saw plenty of these delicate-hued beauties in the parks throughout Ballarat.

Sunday was our last day in Ballarat and we rounded off our visit by ringing at the Town Hall from ten until eleven o'clock in the morning. Barbara Beeson and Gwen Skinner, from Melbourne, had stayed overnight and with their assistance was accomplished a couple of touches of Bob Triples ('who said blackfellow's method'?). Back to Melbourne by bus after lunch, in company with Graeme Heyes and Ken Minchinson, of St. Paul's, Bendigo, who were spending the Monday holiday in Melbourne.

#### AT ST. PATRICK'S CATHEDRAL

On Monday we sacrificed breakfast in order to get up to St. Patrick's in sufficient time to do some maintenance on the bells—it turned out to be very necessary. This is, I think, the only anti-clockwise ring in Australia and the ropes have enormous sallies. The hanging of the bells would make a good steeplekeeper weep: pieces have been cut out of the frame to allow for the flight of the clapper in a couple of instances—and in one case actually to make room for the sound-bow of the bell as she swings. In spite of the application of grease and some minor adjustments by Tom, Chook and Graeme, it was impossible in the short time available to make the seventh really ringable. Some rounds on the eight were attempted but she proved such a handful that the two tenors were lowered and the front six rung to some pleasing rounds and call-changes.

#### HOBART'S BEAUTIFUL BELLS

This was our last ring in Melbourne and in the afternoon, now accompanied by Valerie, we flew over to Hobart. None of the four Sydney people had been airborne before and it would be appreciated if no questions were asked about airsickness. However, only one member of the band really disgraced herself, and even she was sufficiently recovered to appreciate ringing at St. David's Cathedral in the evening. To say that we were delighted with this modern ring of eight is putting it mildly. They were installed by Taylor and Co. in 1936 and their tone and 'go' is above reproach. We met the young members of St. David's band, who are under the captaincy of John Biggs, and also Mr. Wilson and Mr. Smith, from Holy Trinity. Although the treble was without a stay, she was raised and rung to Grandsire Triples and we tried some Kent and St. Clement's on the back six. What fun to attempt a peal on such a gem of a ring! Even those who had benefited least from the peal of Caters were enthusiastic when John offered us the bells on Saturday afternoon for a quarter or a full peal, whichever we wished to try. The evening finished, as was usual on the tour, with handbells—Mr. Smith ringing 5-6 very ably to Stedman Doubles.

On Tuesday evening we visited Holy Trinity, in whose tower hangs the oldest ring of bells still in existence in Australia—a light octave with a tenor of 9 cwt., by Mears and Stainbank. We had heard gruesome tales about the 'go' of these bells, but they turned out to be completely unjustified. We were able to give three of the local men their first opportunity of ringing Grandsire Triples, but once again rang mainly Minor on the back six.

The remainder of the week was not as strenuous as the preceding one had been and we devoted three days entirely to sight-seeing in this delightful island. We all fell in love with Tasmania at first sight and are resolved to make a return visit when time and circumstances permit.

#### PEAL SCORED AT HOBART

We had decided that the chance to attempt the first peal on St. David's Cathedral bells was too good to miss. In order to ring Triples we should have required the assistance of three local ringers, and as Triples ringers in Hobart are few and far between it was decided to stick to Minor. At first our ambitious conductor visualised a peal in seven methods, and we put in some pretty intensive practice on Val's handbells with this end in mind. However, it was obvious that we should be hard put to it to master five comparatively new methods and ring them with the degree of confidence required for a peal. In view of the fact that it might be many a long day before

(Continued on next page)

## THE KENT COUNTY ASSOCIATION

### Restoration Plans for St. Alphege's, Greenwich

**T**HE Spring meeting of Lewisham District, held at Farningham, was a happy occasion for the 55 ringers and friends from 14 towers who attended. Ringing, service, tea and business meeting were all enjoyed thoroughly, pleasure being modified only by the necessity to bid au revoir to one of their staunchest members.

Mr. E. Jones (Lewisham) supervised the ringing. The service was conducted by the Vicar, the Rev. G. Maxwell Young, who warmly welcomed the ringers to Farningham in the prelude to his interesting address. The lesson was read by Mr. J. D. S. Bramer, Vicar's warden, and the singing of hymns and psalm was led by Mr. F. Keene at the organ.

Tea and business meeting were held at the Lion Hotel, the Vicar presiding at both functions. In introducing the business session, he sketched in the historical associations of the village and hoped that the visitors' interest would not be wholly restricted to its belfry.

Two ringers were elected practising members of the Association.

Mr. A. S. Richards presented a report of proceedings at the committee meeting held at Canterbury on Easter Monday. This report was adopted, with thanks to Messrs. A. S. Richards and J. Dafters for its preparation.

Shoreham and Downe were nominated as place for the summer meeting, to be held on Saturday, July 25th. Shoreham was chosen by a substantial majority.

Mr. J. Dafters gave members an account of interviews he had had with the Vicar and officials of St. Alphege's Church, Greenwich, where a comprehensive scheme of restoration was contemplated. Much required to be done

to this historic church that was beyond the scope of War Damage repairs, so just what would finally be done about the bells would depend to some extent on funds available, but the authorities were keenly interested and eager to restore ringing there. Members thanked Mr. Dafters for his work in this connection.

#### GOOD WISHES TO MR. CORBY

Mr. Dafters also informed the meeting that the Lewisham District was to lose, at least for a time, the services of Mr. P. A. Corby. Mr. Corby's activities, he felt, had directly benefited every member and every tower in the district. He was pre-eminently a peal ringer and gifted composer, but even more he shone as a regular and conscientious Sunday service ringer. For a long time he had been of great assistance as a member of St. Mary's, Lewisham, ringers, and latterly had been very successful in organising and training a band at a neighbouring tower. He (Mr. Dafters) moved that an expression of their appreciation be entered in the minute book. This was seconded by Mr. A. S. Richards, who endorsed all that had been said, and added that it was to be hoped that Mr. Corby's advancement in his professional career would in due course bring him back to the Lewisham District (cheers).

Mr. Corby suitably replied and thanked members for their good wishes. He had enjoyed his experiences as a member of the Association, which he had joined at the April meeting at Farningham 18 years ago. If this was indeed to be his last meeting as a resident member, perhaps it was fitting that it was where and when it was.

Cordial thanks to the Vicar, churchwarden, organist and the local ringers were acknowledged by the chairman and the meeting closed.

Further ringing followed, including the use of handbells over 150 years old!

## COVENTRY DIOCESAN GUILD

### Fourteen Bells Suggested for Cathedral

**T**HE annual meeting of the Coventry Diocesan Guild took place at Stratford-on-Avon on April 18th. There was a good attendance of members and friends, with visitors from Worcestershire, Gloucestershire, Leicestershire, Oxfordshire and Staffordshire. The ten bells of Holy Trinity Church were made good use of during the afternoon until tea at 4.15 in Trinity Hall.

The Vicar of Stratford (Canon Noel Prentice) welcomed the company and took tea with them. The president of the Guild, the Rev. R. R. P. Rigby, Vicar of Chilvers Coton, also arrived in time for tea and to preside over the business meeting.

In her report the hon. general secretary (Mrs. Beamish) reviewed the year 1952 when the decision was made to dispense with printed reports and issue a Guild handbook. The then Mayor of Coventry, Councillor Harry Weston, presented the Guild with a beautifully bound peal book in which had been inscribed all the Guild peals since 1950, being the painstaking work of Mr. C. H. Webb, of the Allesley (Coventry) band. The Guild Committee had been active during the year in making representations to the Coventry Cathedral Reconstruction Committee with a view to getting the 14 bells of the Cathedral hung for ringing.

Fully paid up members numbered 219, made up of 14 honorary life members, 11 honorary members and 194 resident members: 38 resident and 8 non-resident members were elected during the year.

Twenty tower bell and five handbell peals were rung, one of the handbell peals being a first for the Guild, namely, Spliced Kent Treble Bob and Plain Bob Major. Three rang their first peal and 27 their first in the method. There were 15 conductors.

#### HEAVY EXPENDITURE

The balance sheet showed a balance of £7 9s. 5d., low on account of heavy expenditure on the publication of the handbook and the purchase of a further supply of badges. The Bell Repair Fund stood at £22 2s., having been augmented by the sum of £4 following a collection at the annual meeting. No calls had been made on it during the year.

The Guild lost an enthusiastic worker by the death in January of Mr. L. J. Hinde, of Bulkington.

The district secretaries reported good attendances at meetings with an influx of new members from the Southern District.

The election of officers resulted as follows: President, the Rev. R. R. P. Rigby, re-elected; vice-presidents, re-elected with the addition of Canon Noel Prentice (Vicar of Stratford) and the Right Rev. Newnham-Davis (Assistant Bishop of Coventry); Master, Mr. F. W. Perrens, re-elected; hon. secretary and treasurer, Mrs. D. E. Beamish, re-elected; hon. auditor, Mr. F. E. Pervin.

Following a proposal, which was carried, to divide the diocese into two areas, northern and southern, the election of the northern district secretary resulted in Mr. J. L. Garner-Hayward being appointed, with Mr. R. J. Edden being re-elected for the southern district.

New members elected were: Miss G. Styles and Miss M. Stokes (Nuncaton), G. Brown (Stratford), D. Harrison (Hatton) and H. Niblett and J. Keyte, non-resident.

The meeting closed with votes of thanks to the Vicar and the local ringers, and members hastened to church to take part in evensong. The Canon spoke of the important part played by ringers in the service of the Church, the bells having a wider appeal than the clergyman. 'Stick to your tasks Sunday by Sunday without thought of reward' was the keynote of the Vicar's remarks.

Ringing was resumed following the service until 8 p.m.

## A FORTNIGHT'S RINGING IN AUSTRALIA—Cont.

we could attempt another peal in Hobart, it was decided to limit the methods to two extents each of Kent and St. Clement's and three of Plain Bob. Our treble man was to be David Kirby, of St. David's band. Fortune must have looked on us very favourably during our tour, for in this instance also we were successful—scoring a good peal in 2 hours and 58 minutes. Much credit is due to our treble ringer, who, before attempting the peal, had rung no minor of any sort at all. Our day concluded with more handbell ringing at the home of Mr. Smith, to whose kindness we owe a great deal during our delightful stay in Hobart.

The next day, Sunday, March 15th, was, unfortunately, the last day of our holiday. Our aircraft left Cambridge Airport too early for us to join in any morning service ringing. At eleven o'clock we were 'looking our last' on the green and beautiful country of Tasmania and calculating just how soon we could afford to come back again. We left Joan behind to spend a further month's 'working holiday' in Hobart, during which time she may be able to help our new ringing friends there.

And so ended a wonderful ringing holiday, in the course of which we were able to renew acquaintance with many old friends and also forge new links with a ringing centre which is seldom visited by touring bands. Our thanks are due to all who helped to make our holiday the happy experience that it was.

Methods rung during the tour included the following:—Grandsire Doubles, Triples, Caters and Cinques; Stedman Doubles, Triples and Caters; Plain Bob Doubles, Minor, Triples, Major, Royal and Maximus; Kent and Oxford Minor and Major; St. Clement's, Double Oxford, Double Court, Reverse Bob and Double Bob Minor; Court Bob Triples and Double Norwich Major. J. E. H.

## HERTFORD COUNTY ASSN.

### Cycle Tour for Coronation Ringing

The Northern District held its first summer meeting on Saturday, April 25th. Ringing commenced at 2.30 at Weston with a 120 of All Saints' Doubles on this mixed ring of five (tenor 10 cwt. 3 lb.). The service at 4.30 was conducted by the Vicar (the Rev. D. L. Howells), with Mr. J. H. Tucker at the organ. Mr. B. Clements, of Weston, read the lesson.

The Vicar welcomed the Association to Weston, but apologised for having only five bells. He hoped the afternoon's ringing would make the village realise that another bell would make a vast difference to all concerned with the bells. An ample tea was provided by the Weston ringers and their wives and friends for a company of 39.

The Vicar was elected to the chair for the business meeting. Coronation ringing was discussed and it was hoped that there would be a cycle tour around some of the villages on Wednesday, June 3rd. Six new members were elected—the Vicar and Mrs. M. E. Marks, of Knebworth, as associate members, and Messrs. B. and T. Clements, J. Sandford, of Weston, and K. C. Timbury, of Hitchin, ringing members. The next meeting will be at Knebworth on Saturday, May 23rd, and the special method will be Hereward Bob Major. After tea further ringing continued until 9 o'clock at Graveley.

**CANNOCK, STAFFS.**—On May 12th, 1,260 Doubles (240 All Saints', 240 Plain Bob and 780 Grandsire): D. Borley 1, A. E. Barker 2, A. Armstrong 3, W. Benton 4, G. Bradbury (cond.) 5, E. J. Borley (first quarter) 6. First quarter peal in three methods by all the band.

**SOUTH WEALD, ESSEX.**—On May 9th, 1,272 Kent and Oxford Treble Bob Minor: N. J. Fleetwood 1, J. Armstrong (cond.) 2, D. M. Salisbury 3, D. W. Beard 4, A. J. Salisbury 5, C. E. Wright 6. First in the method for 1, 2 and 3.

## OBITUARY

### MR. GEORGE MARTIN

The Oxford Diocesan Guild, and more particularly the East Berks and South Bucks Branch, has lost one of its oldest members in the passing of Mr. George Martin at Maidenhead St. Mark's Hospital on May 5th in his 76th year, six months after undergoing an operation. During the last few months he had endured much pain with great patience and fortitude.

George was born in Maidenhead in 1877. He learned to ring at All Saints', Boyne Hill, where for more than 60 years he was a most loyal ringer. He set a very high example by his regular and punctual attendance for Sunday service ringing and weekly practices. He was a bricklayer by trade, an excellent tradesman, and served in the Royal Engineers during the first World War.

Everyone who knew George, and there were not many ringers in his area who did not know him, loved and respected him. He was always ready with help and advice to learners. He was well known as a most reliable ringer, a perfect striker and a brilliant conductor. It was mainly due to his ability as an instructor that the Boyne Hill band reached such a high standard in the period 1905-1935.

George was well known for his fearlessness in speaking out for what was right and fair; he spoke his mind without fear or favour and he was held in very high esteem by all who were privileged to know and ring with him.

George Martin rang and conducted his first peal, Grandsire, at All Saints', Boyne Hill, in 1895. He rang 621 peals for 27 different Associations, 449 for the Oxford Diocesan Guild, of which he had been a member for 60 years; he conducted 254 and took part in four non-conducted peals. He went on many tours arranged by the late Mr. W. H. Fussell, who in his diary affectionately refers to him as George III. In 1934 he went to Australia and New Zealand on the 'Great Adventure.' On that tour he rang in eight peals, conducting four of them.

It was most fitting that the last time he rang was in the opening touch of Stedman at the dedication of Hughenden bells for he had such happy associations with that tower where he rang 87 of his peals.

We wish to record, as encouragement to beginners, that Mr. George Martin scored his first peal at the 50th attempt.

### THE FUNERAL

On Sunday evening, after Evensong, his body was received into the church to which he had given so many years of devoted service, to rest the night.

The funeral service, which was attended by the family mourners and a large number of ringers, was held in All Saints' on May 11th, and was conducted by the Vicar, the Rev. Eric Perkins; it was fully choral. The 150th Psalm and the ringers' hymn, 'Unchanging God Who Livest,' was sung.

Before the service the bells were rung half-muffled to touches of Grandsire and Stedman by visitors and members of the local band.

The Rev. E. S. C. Lowman (chairman of the Branch) officiated at the interment at Maidenhead Cemetery, which is within hearing of his beloved bells. A course of Grandsire Triples was rung on handbells at the graveside by A. D. Barker 1-2, F. Goodfellow 3-4, W. Welling 5-6, H. Wingrove 7-8.

Among the many ringers present were Messrs. R. Biggs (Branch Ringing Master), A. D. Barker (treasurer of the Oxford Guild and Branch secretary), F. Goodfellow (Middlesex Association), J. Hawkins (Holborn), W. Lee (Wen-

dover), A. Cross and W. Welling (Old Windsor), N. W. Wolstencroft (Stoke Poges), T. J. Fowler (Cookham), J. H. R. Freeborn (Amersham), H. Wingrove (Beaconsfield), L. Stilwell (Horsham), R. Atkins, F. O. Nichols and D. Poole (Marlow), F. Hayes and P. Evans (High Wycombe), W. Henley (Farnham Royal), T. Cox (Hughenden), F. Russel, Mrs. Rolls, Mr. Norsworthy (Bray), Mr. Sinkins (Slough), Mr. R. Reid (Windsor) and many members of the local band.

Among the floral tributes were wreaths from Fellow members of the East Berks and South Bucks Branch of the Oxford Diocesan Guild; the Marlow Ringers; Brother Ringers at All Saints', Boyne Hill; Beaconsfield Ringers and Hughenden Ringers.

In the evening at attempt for a half-muffled peal of Stedman unfortunately came to grief after 1½ hours' beautiful ringing.

### HIS PEALS

Mr. Martin's peals are as follows:—

Minor.—Two methods 2 (conducted 1), three methods 3 (2), four methods 3 (3), seven methods 7, Cambridge 1.

Triples.—Grandsire 18 (7), Grandsire on handbells 2 (2), Stedman 52 (20), and one non-conducted Oxford Bob Triples 3.

Major.—Plain Bob 24 (12), Plain Bob on handbells 4, Double Norwich 111 (60), Kent Treble Bob 20 (11), Oxford Treble Bob 1, Spliced Kent and Oxford Treble Bob 1; Superlative Surprise 82 (42), two non-conducted Cambridge Surprise 117 (42), New Cambridge Surprise 6 (4), London Surprise 55 (36), Bristol Surprise 17 (7), Yorkshire Surprise 24 (5), 1 non-conducted, Lincolnshire Surprise 4 (1), Rutland Surprise 2 (1), Norfolk Surprise 5 (1), Beaconsfield Surprise 2, Ashted Surprise 1, Hughenden Surprise 1, Cranborne Surprise 1, Cassiobury Surprise 1, Painswick Surprise 1, Pudsey Surprise 1, Newcastle Surprise 1, Spliced Surprise 3, St. Clement's 1, Brighton Surprise 1.

Caters.—Grandsire 2, Stedman 8.

Royal.—Plain Bob 4, Double Norwich 2, Cambridge 7, Kent Treble Bob 5.

Cinques.—Grandsire 2, Stedman 6.

Maximus.—Plain Bob 1, Kent Treble Bob 5.  
E. E. G.

### MR. ARTHUR STURMAN

By the passing of Mr. Arthur Sturman, at the age of 81, the Bunwell company of ringers has lost its oldest member.

Mr. Sturman had been a ringer at Bunwell for about 60 years and a member of the Norwich Diocesan Association for over 50 years. From 1932-1946 he was Ringing Master at Bunwell and though living almost three miles from the church was most regular in attendance.

Besides being a ringer, he was for a period churchwarden and served for many years on the Church Council and as sidesman, and we at Bunwell feel we have lost an old and valued friend.

Ringers and choristers attended the funeral service and in the evening a half-muffled peal was rung on the bells by members of the Bunwell company.  
C. F. W. P.

**HONITON CLYST, DEVON.**—On May 8th, 1,260 Grandsire Triples: Miss R. Lake 1, W. Seldon 2, J. Salway 3, G. E. Retter (cond.) 4, E. E. Retter 5, A. Holway 6, W. Retter 7, A. Tapley 8. Rung half-muffled after the funeral of A. E. Allen, former captain of the local band. /

## NOTICES

### Scale of Charges

The charge of Notices for meetings is one penny a word, minimum 2s. 6d. For additional insertions with no change of type one half of the above charge for each insertion.

Other Notices one penny per word, minimum 3s.

All Notices must be prepaid.

Notices must be received on the Monday preceding publication.

### BIRTH

**CROFT.**—On Wednesday, May 13th, 1953, at Southampton, to Kenneth and Madeline Croft, a second son. 2633

### MARRIAGE

**PARSONS-BRITAIN.**—At All Saints' Church, Banstead, on Friday, May 8th, 1953, Mr. Raymond Parsons and Miss Jill Britain. Future address: 4, Carshalton Place Terrace, Carshalton, Surrey. 2619

### SILVER WEDDING

**COOK-CLARKE.**—On May 28th, 1928, at All Saints' Parish Church, Asfordby, Leicestershire, by the Rev. W. R. Finch, J. Harry to Doris V., 18, New Street, Asfordby. 2638

### CHANGE OF ADDRESS

The address of David E. Parsons is now 5, Lytton Gardens, Wallington, Surrey. 2619

### HOLIDAY ACCOMMODATION

**LLANDUDNO.**—Vacancies for Whitsun and onwards. Full Board 16s. per day. Close to sea, bowls, tennis, golf, buses and trams.—Mr. and Mrs. L. S. Griffiths, Maesteg, Clarence Road, Llandudno. Tel. No. 7271. 2579

### PUBLICATIONS

'ST. MARTIN'S YOUTHS,' by Edgar C. Shepherd. A survey of this ancient Society from 1755 to 1846, with index to John Day's 'Memoirs.' Post free 1s. 6d. from the author, 2, Witley Avenue, Solihull, Birmingham. 2304

'BELLS OF ALL NATIONS.'—An encyclopedia of bells of all types the world over. Profusely illustrated. Price 21s. direct from the author, Ernest Morris, F.R.Hist.S., F.R.G.S., M.R.S.L., The Verger's Lodge, St. Margaret's Vicarage, Leicester. 2329

'CHURCH BELLS AND RINGERS OF NORWICH,' by A. G. G. Thurlow, 5s. 6d. post free from the author, St. Clement's Rectory, 3, Colegate, Norwich. An account of the bells of one of England's most historic cities, well illustrated with plans, cross sections and pictures. Second edition, much improved; no increase in price.

### MISCELLANEOUS

**BATH AND WELLS DIOCESAN ASSOCIATION.**—Important Notice.—As from April 6th, 1953, all peals rung for the Bath and Wells Diocesan Association are subject to a peal booking fee of 6d. per rope. It would be appreciated if conductors would send to me, the undersigned, details of any peal rung together with fees and, where appropriate, figures of new compositions, as early as possible after the peal.—(Signed) H. J. Sanger, Hon. Peals Sec. 2621

**CORONATION Peal and Quarter Peal Cards.**—Special design in patriotic colours. Set of 12 (minimum) 5s. Order and remittance must be sent with report. Duplicate copy required with quarter peals.

**EDINBURGH.**—From May till September there will be joint practices at St. Mary's on the second Thursday and at St. Cuthbert's on the fourth Wednesday of each month, and these will be the only practices for these towers during these weeks. In the other weeks each tower will have its own practice. 2632

**A DAY'S TOUR IN NORFOLK.**—Saturday, June 13th. A few seats vacant. Ringing in six towers. For full details write to H. S. Peacock, 8, Roscrea Terrace, St. John's Street, Huntingdon. 2640

**KINGSTHORPE, NORTHAMPTON.**—Special evening ring open to all Peterborough Guild members and friends. Saturday, May 30th, 6.30 p.m. until 9 p.m. Please make this a successful venture. 2637

**LONDON COUNTY ASSOCIATION.**—Southern District.—Outing, Saturday, June 27th. Maximum cost, including dinner and tea, 25s. Deposit of 10s. 6d. will secure seat. Beginners and friends welcomed.—Write A. F. Udall, The Archway, St. Luke's Street, Chelsea, S.W.3. 2616

**EXTRA COPIES**—It is an advantage if those requiring extra copies will send their orders at the time copy of peals or quarter peals is submitted.

### MISS WINIFRED BURTON'S 100 PEALS

These peals have been rung for nine Associations and Societies and in 42 different towers. Her first peal, in April, 1950, was Stedman Triples, conducted by Mr. H. J. Poole. It has, therefore, taken just three years to complete her first 100. Details as under:—

Doubles.—Grandsire 3 (conducted 2), Stedman 1, three methods 1, five methods 1.

Minor.—Plain Bob 10, Kent 1, two methods 3, three methods 2, four methods 2, seven methods 1, Cambridge 5, York 1.

Royal.—Plain Bob 1, Cambridge 2, Yorkshire 1, Wye 1.

Triples.—Grandsire 1, Stedman 9.

Major.—Kent 1, Double Norwich Court Bob 3, Braunstone 1, Bristol 3, Cambridge 8, London 3, Painswick 2, Superlative 1, Yorkshire 12, Whitwick 1.

Caters.—Stedman 4, Double Norwich Court Bob 1.

Cinques.—Stedman 5.

Maximus.—Kent 1, Cambridge 3, Metropolis 1, York 1, Yorkshire 2, Spliced Yorkshire and Belgrave 1.

Total 100 (conducted 2).
