## RINGERS' OUTINGS

**W**E have now reached the season of ringers' outings. During the coming weeks ringers all over the country will be setting off early in the morning, in the majority of cases by motor-coach, to visit some half-dozen or so church towers in order to enjoy what, for them, is an undeniable pleasure, that of ringing bells in other than their own parish church or neighbouring towers.

These outings as a general rule are thoroughly enjoyed and looked forward to year by year by all who go, whether they are ringers or not. What is not always so fully appreciated is the amount of work which falls upon the organisers of such trips. Weeks beforehand those responsible for the trip must work out the route and note the towers desired. Then to each tower captain or secretary a letter must be written with a request for the use of the bells and the approximate times of arrival and departure. Meals also have to be arranged and times carefully worked out. All this involves a good deal of letter writing and awaiting replies. One tower perhaps is not available and the whole route may have to be reorganised involving more letter writing. Finally, the party must be made up and so come all the customary trials and tribulations—the indecisive, the last-minute cancellations and requests.

First, a few suggestions to organisers of these outings. Try to have as few non-ringers as possible on the outing. By that is meant those who only wish to go for the sake of the trip or because of the places to be visited. Potential ringers should be encouraged to go as it may well act as a final spur for them to start learning to ring. Beginners likewise should be encouraged as it gives them valuable experience in handling bells which, in all probability, are very different from those upon which they have learnt. One of the organiser's chief tasks on the outing is endeavouring to keep to the time-table; a help in this matter is to issue to each person a type-written notice of the towers to be visited, with times of arrival and departure, number of bells and the weight of the tenor add interest; meal times should also be stated. Where this idea has been tried it has been found to be a great help in the matter of punctuality. The actual route to be taken should be

mapped out and the coach driver consulted beforehand in order to avoid the party losing its way; this is particularly important if small country places are to be visited.

Secondly, to all who go on the outing. Obviously if the ringing is to be enjoyed, punctuality is a most important factor. One late-comer at any point during the day can so easily spoil it for the rest. When visiting a church tower it is indeed a pity, as does happen, to make the journey solely to and from the ringing chamber. All churches are worth looking at, both inside and out. Why not a moment on our knees in prayer for our fellow-ringers and the parish in which we are? A copy of the parish magazine, a leaflet about the church or a picture postcard bought in church will act as a reminder later, and a donation in the almost inevitable box is a way in which we can show our thanks for the use of the bells. One need hardly say that behaviour, especially within the church and its precincts, is most important.

Thirdly, a word to those whose towers receive a visit from one of these outings. However inconvenient it may be, it is highly desirable that some responsible person should meet the visitors, even if it means waiting about because they are delayed. Apart from any other consideration, it does make a big difference to the visitors to be met and to be made to feel that their visit is welcome. Unless quite unavoidable, visitors should never be left to find their own way to the ringing chamber and there possibly be confronted by that ominously dangerous notice, 'All bells are up.' Dangerous because if the tower is open to the expected visitors it is open to all and a nasty or even fatal accident is by no means impossible. The ringing chamber itself is well worth an extra clean up beforehand. The cleanliness or otherwise of the belfry is one of the first things that catches the eye of any visitor.

Finally, a word to the clergy. It is always much appreciated by a visiting band of ringers if the incumbent can manage to look in at some point during their brief visit. Better still if he has time to show those interested round the church, pointing out objects of historical and other interest. Most ringers do look round the church at which ringing is taking place and are as keenly interested in what they see as any other visitors.

M.

ERNEST MORRIS .. 1-2 | DANIEL T. MATKIN .. 5-6  
 MRS. F. J. MARSHALLSAY .. 3-4 | KATHLEEN E. FLETCHER .. 7-8

Composed by J. S. WILDE.

Arranged by Mr. Ernest Morris, of Leicester.

**SELBY AND DISTRICT SOCIETY**

The annual outing of the Society on Whit Monday was a great success. One bus started from Stainforth at 6.25 a.m. and the other from Barnby Don at 7 a.m., both meeting at Selby.

The first ringing was on the light six at Whixley, which had been recently overhauled. Then came Birstwith, a beautiful eight, when Mr. Jackson Ewbank had raised the bells, followed by Skipton, where cups of tea had been provided by the local company. These bells were a pleasure to ring on.

The weather deteriorated in the afternoon but ringing took place at Keighley and Bingley. At St. Ives Mansion a ham, tongue and salad tea was provided. Learners rang rounds and set changes at all towers visited.

**MANCHESTER CATHEDRAL**

Ossett Parish Church and Ripon Cathedral were visited by Manchester Cathedral band for their annual outing on June 12th. It was hoped to ring at the ancient Parish Church at Knaresborough but unfortunately the tower is unsafe. Ringing included Grandsire and Stedman Caters and Plain Bob and Kent Treble Bob Royal. The outing was a great success, the party numbering 30.

**LEIGHTON BUZZARD**

Leighton Buzzard had a three-county tour on Whit Monday for their annual outing, visiting Northamptonshire, Huntingdonshire and Rutland.

Ringing took place at Godmanchester, St. John-the-Baptist, Peterborough, Oakham, Uppingham (where the school was also visited) and Rothwell. After tea at Uppingham Mr. H. B. Whitney thanked the organiser, Mr. V. Conquest. Ringing reached a course of Superlative.

**OUTINGS****NEWARK**

Newark Parish Church ringers selected Scarborough for their annual outing. Leaving Newark at 7.30 a.m., Scarborough was reached at 11.45. St. Mary's Church (8, tenor 21 cwt.) was immediately visited where a warm welcome was received. Complicated methods were not attempted as the Society is now a very flourishing one with many young learners. Mr. J. W. Raithby is thanked for organising a most enjoyable day.

**BLAXHALL**

On June 19th the Blaxhall (Suffolk) ringers and friends from neighbouring villages had a most enjoyable and interesting tour in Essex, visiting Maldon (8), Danbury (6), Rayleigh (8), Leigh-on-Sea (6), Prittlewell (10) and Thorpe Bay (8). The success of the outing was due to the organisation of Mr. Gordon Keeble.

A. S. P.

**IPSWICH**

An outing to the Fen Country was enjoyed on June 5th by ringers of the Ipswich Churches of St. Lawrence, St. Clement, St. Margaret and Matthew and St. Andrew, Rushmere.

Ringing took place at St. Mary's, Newmarket (a fine six with a 21 cwt. tenor), St. Andrew-the-Great and St. Benet's, Cambridge, St. Ives, Hunts, Hemingford Abbots (a good six by the River Ouse), St. Mary's (8) and All Saints' (6), Huntingdon, and the recently restored eight at Godmanchester.

Torrential rain and vivid lightning occurred at Huntingdon, which delayed the programme but no one received a wetting. Ipswich was reached about 11.30 p.m.

**PORTISHEAD**

Was it just by coincidence that we elected to visit places with such names as Moreton-in-the-Marsh, Bourton-on-the-Water and Watermoor? Probably it was, but this certainly turned out to be the most 'watery' day of a wet period. Nevertheless, we shall have many pleasant recollections of this Cotswold tour. Firstly, there was the enjoyable ringing at Wotton-under-Edge (where the fine bells are worthy of the lovely church in which they are set), followed by a visit to Charlton Kings via the lovely Stroud Valley, and Birdlip.

We shall certainly not easily forget our visit to Blockley and the cordial welcome received from the Vicar, whose amiable company we enjoyed throughout our stay there. Those who braved the rain at Bourton-on-the-Water to inspect the model village were duly impressed, but the remark of a local 'You should see it when the sun is shining' was not appreciated. We were certainly intrigued to hear well-struck Caters coming from the model eight-bell tower! The best ringing of the day was reserved for Cirencester (Watermoor), where we had the help of that grand veteran Mr. F. J. Lewis, who is justly proud of his delightful octave.

Thanks to all who contributed to our pleasure, not forgetting the gentleman who awaited us on descending from the tower at Blockley to thank us for ringing and to say how much the villagers had enjoyed it. That, surely, is the ideal culmination of any tower grabbing!

A. J. G.

## EDITORIAL COMMITTEE:

J. FRANK SMALLWOOD (convener), 122, Lee  
Road, Blackheath, London, S.E.3.

FRANK I. HAIRS.

JOSEPH T. DYKE.

HAROLD J. POOLE.

R. S. ANDERSON.

EDITOR: T. W. WHITE.

The peal of Kent Treble Bob Royal at Stonham Aspal was the first peal to be rung since the recent restoration by Messrs. Gillett and Johnston. It was a silver wedding peal for Mr. and Mrs. Herbert Parker and a birthday compliment to Mr. J. Smy, of Blaxhall. The band tender their many thanks to Mr. and Mrs. Button for their kind hospitality, and to Mr. C. E. Fisher for kindly standing in at the last minute.

Last Easter the bells of SS. Peter and Paul's, Mitcham, were rehung after the destruction of the church by fire in 1943. A new local band was formed and four of them rang their first quarter on June 17th. With the exception of two, who were taught to handle by Mr. S. Howard, of St. Leonard's, Streatham, last August, the band is entirely self-taught. Its 12 members are regular Sunday service ringers.

Mrs. Mary P. Mayell is the first lady to ring a peal on the bells of Publow, Somerset.

Mr. John Ashcroft, of 7, Barn Lane, Golborne, near Warrington, is Wigan area correspondent to 'The Ringing World.'

Mr. W. Longman, the representative of the Chester Diocesan Guild, was not present at the Central Council meeting at Chester.

Four of the band who scored a quarter peal at Great Amwell, Herts, on June 5th, have been ringing less than five months. The band hope to announce a peal in the not too distant future.

Mr. E. J. Chivers, secretary of the Frome Branch of the Bath and Wells Association, is in hospital again, for the third time. His many friends wish him a speedy recovery from his long illness, now in its 14th week.

The Thames Valley Ringing Festival on Saturday attracted over 60 ringers to tea in Egham. Ringing took place at five towers, and, with the weather co-operating, a good time was had by all.

Aston, Birmingham, ringers will miss Mr. George Davis, a regular member of their band and one-time Ringing Master, who has accepted an appointment at Cardiff. A farewell quarter, which was rung with the best wishes of the band, took place on June 20th.

## BELFRY GOSSIP

Mr. Norman Chaddock, secretary of the Sheffield and District Society, gave a talk on 'Church Bells' to the Science Society and members of the Middle Forms of Rotherham Girls' High School on June 11th. His talk was preceded by a short selection of tunes on handbells by the Wickersley Modern School Handbell Ringers. As a result of the talk, which was illustrated, it is hoped to form a handbell team at the school, 18 girls having expressed a wish to join.

Miss Eileen M. Turner, a pupil at the Guildford County School for Girls, is the first lady ringer to conduct a peal for the Guildford Diocesan Guild.

We thank correspondents who have called attention to the typographical error regarding the peal at Stisted reported on page 390. The title of the peal was Beverley Surprise Minor.

Mr. E. S. Ruck, the grand old man of the Kent County Association, celebrated his 87th birthday by ringing two quarter peals at Willesborough on June 20th.

Although non-ringers. Mr. and Mrs. C. G. Pemberton have done much to foster ringing at Bidston, Cheshire. Their silver wedding anniversary was marked by a peal at Bidston on June 1st, which conveyed the congratulations not only of the ringers, but all active members of the Wirral Branch.

Mr. Leslie Hadfield, of East Croydon, who was taught to ring by Mr. Walter W. Wolstencroft and rang his first peal with him in 1925, had the pleasure of meeting his mentor after 26 years, at Windsor. Although in his 80th year, Mr. Wolstencroft still enjoys his ringing—in fact, he was performing for the colourful Knights of the Garter ceremony on June 14th.

METHODS COMMITTEE'S QUIET YEAR — RINGING POPULAR SUBJECT FOR NATIONAL PRESS —  
VIBRATORY CRACKS IN TOWERS — SPATE OF NEW METHODS — OLD PEAL BOARDS: FINAL  
APPEAL

## METHODS COMMITTEE

(Continued from page 410)

After having to peruse lengthy reports for the past few years it will, no doubt, be a pleasure to the Council to have to consider only a short statement from the Methods Committee! Our investigations proceeded on the Extension of Methods as a result of the acceptance by the Council of our recommendations last year, and we published in 'The Ringing World' of February 12th, 1954, the practical results of our work.

The preparation of a book of Doubles methods presented more problems than we had realised, in various directions. Each time we thought we really had finished during the past two or three years, new points cropped up which needed resolving. However, we are pleased to say that the task is now accomplished and the MSS. in the hands of the secretary of the Council for early publication. We trust that the book will fill a long awaited need of 5 and 6-bell ringers.

Our opinion has been asked about the naming of the method Loughborough. This was first rung in a peal of Spliced Major at Wigston Magna in 1937. The figures were published in 'The Ringing World.' The same method was rung at Helmingham in 1938 and called Framdsen. It appears as such in Corrigan's Surprise method book. We are unanimously of the opinion that the method be called Loughborough and that the name Framdsen should be withdrawn.

Mr. F. Sharpe asked if the committee would consider a book of Triples Methods desirable.

The Rev. K. W. H. Felstead: If it is the wish of the Council we should have much pleasure in producing such a book with special reference to splicing.

The report was adopted and the committee elected as follows: Rev. K. W. H. Felstead (convener), Messrs. F. N. Golden, C. K. Lewis and C. H. Kippin.

## LITERATURE, PRESS & BROADCASTING COMMITTEE

During 1953 bells and bell ringing received considerable notice in the Press. The period of the Coronation was, of course, marked by great ringing activity and newspapers all over the country gave much attention to the part that this ringing played in the ceremony and its attendant rejoicing. Among the broadcasts it is interesting to note that a recorded portion of the Coronation Day ringing was sent out on all English transmitters of the South African Broadcasting Corporation.

Numerous paragraphs and short articles on ringing matters have appeared in all papers during the year. Among these an article on the Westminster Abbey ringers' part in the Coronation was published in 'The Manchester Guardian,' a thesis entitled 'Silver Tongues' in 'The Wolverhampton Express and Echo,' and an editorial in 'The Star' complaining of bells and suggesting that they be rung only on special occasions. This editorial brought forth strong protests from Mr. G. L. Grover, of the Guildford Diocesan Guild, Miss W. Oliver, secretary of the Southern District of the Ladies' Guild, and others.

At the end of the year Norman Shrapnel, of 'The Manchester Guardian,' visited a belfry in Cheshire and captured the spirit of the seasonal ringing in an admirable article, and at about the same period 'The Leicester Evening News' dealt with New Year Eve ringing with Mr. Ernest Morris in the background.

Ringers themselves, too, contributed to the public Press, among these essays being 'St.

Martin's Youths,' by Edgar C. Shepherd, in 'The Birmingham Post,' and a series by W. A. Farmer in 'The Shropshire Magazine' entitled 'Shropshire Bells.'

In the columns of 'The Western Gazette,' an admirable article appeared from the pen of Mr. H. J. Sanger emphasising the value of bells as a traditional feature of country life. A little later the same journal published an account by Mr. J. B. Powlesland of young ringers receiving instruction at Shaftesbury.

That enterprising publication, 'The Belfry,' provides an attractive feature with sketches of Kentish churches and interesting notes on their history and architecture. 'The Belfry' evidently aims at encouraging a family spirit among ringers of the Maidstone District. 'The Ringing Towers' continues to give vivacious and detailed accounts of activities on the other side of the world. 'Irish Bell News' contains an interesting account of the bells of Mount St. Alphonsus Monastery, Limerick, and a lucid description of operations in a bell foundry, written by an eye-witness.

### A WEEK FOR A BIG EFFORT.

*This week starts a new half-year. We ask all representatives of 'The Ringing World' to make a great effort to start with a bumper number of new postal subscribers.*

*Rate for the half-year 11s. 8d. Send your remittance to Mr. J. E. Jeater, Greystones, Cusgarne, Truro, Cornwall.*

*Existing postal subscribers are requested to renew their subscriptions without delay.*

In May 'The Ringing World' received honourable notice from 'Punch' when an article called 'Belfry Probe,' by Alan Hackney, was cleverly and amusingly constructed from two articles in 'The Ringing World' of November 28th, 1952. Our journal reprinted the article on September 11th, 1953, and a copy of the booklet, 'St. Martin's Youths,' was sent to Mr. Hackney.

Considerable attention has been directed during the year to what has been described as the menace of synthetic bells and the use of recordings of bells amplified from towers. In May 'The Ripon Diocesan Gazette' issued a statement on the matter, and in November a motion came before the Church Assembly deprecating 'The introduction into churches of recordings of bells and instruments simulating the sound of bells.' The motion was deferred to the next session when it was duly carried.

In the same month 'The Newcastle Evening Chronicle' seemed to show some support for synthetic bells, as did also a misguided paragraph in 'The Church of England Newspaper,' but a letter to 'The Daily Telegraph' from Mr. E. A. Barnett, secretary of the Central Council, strongly condemned such things. Mr. H. Walker, Mr. Arthur and others also penned effective protests in the local Press.

During 1953 the following publications on bells and ringing made their appearance: 'Church Bells of Flintshire,' Ronald Clouston; 'St. Martin's Youths,' Edgar C. Shepherd; 'Church Bells of Oxfordshire, Vol. IV.,' Frederick Sharpe. From the pen of Mr. J. W. Clarke has appeared Part III. of 'Cheshire Bells,' also a most interesting account of 'The Chester Scholars.'

In the issue of December 12th, 1953, 'The Ringing World' gave an account of a week-end course in bell ringing held at Thaxted under the auspices of the Essex County Council Further Education Committee. This was a most interesting experiment, and it may be hoped that it will serve as an incentive to further enterprise in this direction in other parts of the country.

With the exception of Christmas morning, broadcasts of tower bells on the Home Services have been almost exclusively in connection with religious services, including the Coronation. Here one comment may be in place. In the ringing before a service it quite frequently happens that the general effect is spoilt by one inexperienced member of the band. Although the bells may be heard for only a minute, or slightly more, every effort should be made by careful practice and rehearsal to eliminate any obvious defect.

In the Christmas broadcast quite a good standard of striking was maintained, although without reaching perfection. For two years in succession the Easter festival has not been honoured with a special broadcast of bells, which is much to be deplored.

Handbells have occasionally been introduced in the Children's Hour and have also been heard from Luxembourg.

The Rev. F. Ll. Edwards, moving the adoption of the report, said it had been his privilege for a quarter of a century to present the report and during that time broadcasting had been added.

The Standing Committee recommended the acceptance of the report and thanked the committee for their services.

After the report was adopted the Standing Committee recommended that the committee be reconstructed—Literature and Press under Mr. Edgar Shepherd (convener) and Mr. F. E. Dukes with power to co-opt. This was agreed to.

Mr. Shepherd made an appeal to members to support the committee as it was not possible for him to read every newspaper.

## BROADCASTING AND TELEVISION

The Standing Committee recommended the establishment of a committee dealing with broadcasting and television, consisting of Messrs. H. J. Sanger (convener), G. E. Fearn and J. T. Dunwoody.

Mr. Crampion regretted that there was no representative on the committee.

The Secretary said the person who had most to do with ringing in London was Mr. Bert Langdon, and he was not a member of the Council.

Upon Mr. Crampion's suggestion, Mr. Hughes was added to the committee.

## TOWERS AND BELFRIES COMMITTEE

During the past year members of the committee have given advice on restoration work in 38 towers. Mr. J. W. Clarke has advised on two bell restorations in Cheshire and has done much useful work as a member of his Diocesan Advisory Committee. Mr. F. E. Collins has made inspections and given advice on new installations and restoration work in six towers, in the counties of Essex, Kent, Surrey, Sussex and Warwick. Mr. E. H. Lewis has been called in for advice in another Warwickshire tower. Mr. W. Osborn has visited seven towers in the West Country and advised on both new installations and restoration work. During the year Mr. Osborn has been appointed to serve on the Bath and Wells Diocesan Advisory Committee, and has also been in cor-

(Continued next page)

## CENTRAL COUNCIL—Cont.

responsiveness with the Rector of Oakville, Canada, regarding his bells. The convener has dealt with 22 cases; eight of them by direct correspondence with Diocesan Advisory Committees, whose requests for help are becoming more numerous. His remaining 14 cases were situated in the counties of Berks, Bucks, Norfolk, Northants, Oxford, Suffolk and Yorks.

Of the total of 38 cases dealt with by members of the committee, three have related to the structural condition of towers, one was a simple augmentation to an existing ring and, of the remaining 34, advice was given in 18 cases on the restoration of old bells and existing bell frames, and in 16 cases the parochial authorities were advised to install new frames. Some of these involved recasting of bells and augmentation of rings; in seven cases advice was also given on sound control.

The convener has had a great deal of correspondence on the subject of recorded bells. The members of the committee feel we need not be unduly anxious in regard to these installations. The Central Council for the Care of Churches is bitterly opposed to them and has strongly advised its Diocesan Advisory Committees accordingly. Most Chancellors act on the advice of their Advisory Committees, and it has been found that in many cases temporary faculties only have been granted.

The convener has again given a series of lectures on bells, bell towers and bell hanging to diocesan surveyors and architects at the York Architectural Institute.

The Council's handbook on the 'Installation, Preservation and Repair of Bells, Bell-frames and Fittings' is almost out of print. It was last reprinted in 1948 and has proved one of the library's 'best sellers.' The committee recommends it be reprinted subject to some minor revisions.

Moving the adoption of the report, Mr. F. Sharpe stated that during the year the committee had dealt with 38 cases situated in all parts of the country. He mentioned the case of a tower that had developed a vertical vibratory crack measuring 38ft. and where the ringers persisted in ringing. They were most annoyed when he suggested they should stop. They had considerable correspondence with the secretary of the Central Council for the Care of Churches and he would like it to be known that the authorities were doing all they could to stop recorded bells.

Mr. F. E. Collins seconded the adoption of the report.

Mr. J. H. Crampin considered this the most useful of all the committees of the Central Council. Speaking for his part of the country, he knew of the good work the committee had done.

Mr. J. W. Clarke said he had made a report on a tower in Cheshire which was split 8ft. in length due to the movement of the frame. He recommended the tenor be not used, but it was still in use. 'I may have to report serious damage to this tower in consequence,' he added.

The President: I think it was at the Newcastle meeting that the Towers and Belfries Committee was made. I had been working on the forces involved when the bells were swinging and I gave a brief report in 1913.

Mr. P. J. Johnson: I remember the diagrams which were sent round by Mr. Lewis and Mr. Richardson.

Mr. R. G. Blackman suggested that the Council send an official letter to the incumbent and the ringing master of the tower reported. If anything happened it might be the death of a ringer.

Mr. Clarke said he wrote to the Central Council for the Care of Churches and asked for the names of the architects they recommended. He got into touch with all three of them and none of them had any knowledge of bells and bell frames.

Mr. Sharpe added that they endeavoured to give instructions to diocesan surveyors and

architects in bell hanging. He had a case where the vicar called in one of the most prominent architects, who was satisfied with the bells. He (Mr. Sharpe) found that the frame was loose in nearly every joint and almost completely honeycombed by death-watch beetle.

The Standing Committee recommended that the committee be re-elected with Mr. Sharpe as convener, and that Mr. John Freeman be added to the committee. This was agreed to.

## RECORDS COMMITTEE

The committee begs to report the following new methods and progressive lengths rung during the year ended December 31st, 1953:—

### Tower Bells

- Jan. 10. 5088 Liscard Imp. Bob Maj. (Chester)
- Jan. 14. 5040 Waterloo Bob Triples (Norwich)
- Jan. 17. 5056 Oxfordshire Sur. Maj. (Oxford)
- Jan. 22. 5184 Trowbridge Surprise Major (St. Martin's)
- Jan. 24. 5088 Westminster Imp. Bob Major (Chester)
- Feb. 4. 5040 St. Edmundsbury Bob Triples (Norwich)
- Feb. 9. 5152 Crewe Sur. Major (St. Martin's)
- Feb. 11. 5040 Carshalton Bob Trip. (Norwich)
- Feb. 14. 5120 St. Valentine's Imp. Bob Maj. (Chester)
- Feb. 26. 5280 Metropolis Surprise Maximus (Leicester)
- Feb. 26. 5024 Neasden Sur. Maj. (Middlesex)
- Feb. 28. 5040 Malpas Imp. Bob Maj. (Chester)
- Mar. 12. 5040 Cheshunt Sur. Maj. (Middlesex)
- Mar. 14. 5152 Bebington Imp. Bob Major (Chester)
- Mar. 14. 5184 Loddon Delight Maj. (Norwich)
- Mar. 19. 5000 Hingham Little Imp. Bob Maj. (Norwich)
- Apr. 27. 5056 Sedburgh Court Maj. (Norwich)
- May 6. 5152 Aylestone Sur. Maj. (Leicester)
- May 16\* 5024 Chesterfield Sur. Maj. (Derbys)
- June 2. 5040 Spliced Sur. Max. (12 methods) (Leicester)
- June 13. 5152 Cholmondeley Bob Major (Chester)
- July 12. 5024 Wickien Sur. Maj. (Peterboro')
- July 16. 5056 Shalford Sur. Maj. (Guildford)
- Aug. 12. 5024 Shouldham Delight Major (Norwich)
- Oct. 17. 5152 Poulton Imp. Bob Maj. (Chester)
- Oct. 31. 5040 Spliced Triples (6 methods) (Worcestershire)
- Nov. 21. 5152 Imberhorne Sur. Maj. (Sussex)
- Nov. 23. 5056 Ashton-u-Lyme Sur. Major (St. Martin's)
- Dec. 5. 5152 Christleton Bob Maj. (Chester)
- Dec. 5. 5040 Pudsey Sur. Royal (Chester)
- Dec. 26. 5056 Kirklington Sur. Major (Southwell)
- Dec. 26. 5088 Eardisland Delight Major (Hereford)

### Handbells

- Aug. 21. 5040 Spliced Maximus (12 methods) (Universities)

### Progressive Lengths

- Jan. 31. 13139 Grandsire Caters (Winchester and Portsmouth)
- Oct. 17. 15840 Plain Bob Royal (Winchester and Portsmouth)

Longest length of Royal in any method on tower bells or handbells.

\* To replace false peal included in 1952 records and subsequently withdrawn.

Mrs. Fletcher, in moving the adoption of the report, asked for the deletion of Pudsey Surprise Royal by the Chester Diocesan Guild. The first peal in this method was rung 20 years ago.

The committee was re-elected, with Mrs. Fletcher as convener.

## PEAL BOARDS COMMITTEE

In presenting this report, we ask for permission to continue our collection, for we feel that there are a large number of old peal boards in different parts of the country of which we have no record.

Up to date, with the exception of a few peals (the name of their location not being known),

and the peal boards in Lancashire, which have not yet been taken from 'The Bell News,' the details of 273 old peal boards, recording performances of 1825 or earlier, have been typed out in triplicate.

These records, when complete, will be made up into loose leaf folders as suggested; one set in date order, the second in alphabetical place order and the third as a reserve check.

We ask every representative of the Council to make it his or her primary business to obtain further information and forward it to us that we may 'wind up' this committee's business.

Attached is a comprehensive list of the records in our possession:—

- Berkshire.—Reading.
- Bucks.—Denham.
- Cheshire.—Malpas, Stockport.
- Cambridgeshire.—March.
- Derbyshire.—Ashbourne, Derby.
- Essex.—Chelmsford, Waltham Abbey.
- Gloucestershire.—Cirencester, Gloucester, Painswick, Stroud.
- Hampshire.—Romsey.
- Hertfordshire.—Aspenden, Hatfield, Hertford, Rickmansworth, St. Albans, Watford.
- Isle of Wight.—Carisbrooke, Newport.
- Kent.—Ashford, Benenden, Biddenden, Bromley, Canterbury, Folkestone, Greenwich, Margate, Northfleet, Rolvenden, Woolwich, Wye.
- Norfolk.—Albourn, Aylsham, Costessey, Diss, East Dereham, Garboldisham, Gillingham, Hingham, Kenninghall, King's Lynn, Loddon, North Elmham, Redenhall, Swaffham, Thetford, Yarmouth, Yaxham.
- Northants.—Harlestone, Kettering, King's Sutton, Raunds, Rothwell.
- Northumberland.—Newcastle.
- Notts.—Newark.
- Oxfordshire.—Oxford.
- Shropshire.—Shrewsbury.
- Somerset.—Bristol.
- Staffs.—Walsall, Wolverhampton.
- Suffolk.—Boxford, Eye, Hadleigh, Halesworth, Lavenham, Woodbridge.
- Lancashire.—Bolton, Croston, Oldham, Preston.
- Lincolnshire.—Gainsborough, Grantham, Lincoln, Pinchbeck, Spilsby.
- London.—Cripplegate, Clerkenwell, Holborn, Islington, Kensington, Lambeth, Shoreditch, Southwark, Waterloo Road.
- Middlesex.—Ealing, Fulham, Twickenham.
- Surrey.—Epsom, Farnham, Godalming, Guildford, Kingston-on-Thames, Leatherhead, Mitcham, Reigate.
- Sussex.—Brighton, Cuckfield, Eastbourne, Horsham, Seaford, Waldron.
- Warwickshire.—Aston, Birmingham, Warwick.
- Wiltshire.—Aldbourne.
- Worcestershire.—Halesowen, Kidderminster, Worcester.
- Yorkshire.—Otley, Sheffield, Wath-on-Dearne.

Mr. J. W. Clarke said it was felt by the committee that the time had come to try and finish the work of the committee. It could be quickly finished if the suggestions made in the report were carried out.

The Standing Committee recommended that the committee, with the exception of the Rev. C. E. Wigg, be re-elected with Mr. Clarke as convener. This was agreed to.

(To be continued)

## BEDFORDSHIRE ASSOCIATION

About 50 ringers were present at Cardington on June 5th for the monthly meeting of the Bedford District. The service was conducted by the Vicar (the Rev. E. H. Fry), during which a heavy thunderstorm arose and consequently ringers had to be ferried in cars to the Howard Room for tea.

The Vicar presided at the business meeting at which D. Houghton, W. Corn and H. Cotnam were elected members. The next meeting will be held at Keysoe on July 3rd.

# LETTERS TO THE EDITOR

## MULTI-METHOD PEALS AND 'FLOATERS'

Dear Sir,—I am confident that, as the umpire, Mr. Segar, says in his report, the recent 42 Surprise Major method peal was a good one.

But surely his general contention that 'it is impossible to ring a bad peal so complicated as this' is open to doubt. In fact, where the band thoroughly know their sequence of lead-ends and the treble ringer is reliable in moments of difficulty (a characteristic of most multi-method spliced peals), it is dangerously easy for one or more ringers who lose their way to flounder on to the next lead-end and there take a firm footing again on dry land. Have not we all heard the rallying cry 'lead-end now'? Hence the curious result that it is often easier to carry a few 'floaters' in the band when ringing Spliced than when ringing, say, Stedman Triples.

Yes, the Yorkshiremen did well to appoint an umpire.—Yours faithfully,

R. B. MEADOWS.

Knowle.

## WILLIAM WEATHERSTONE

Dear Sir,—Your item of 'Forty Years Ago' was of interest to me, not because I happened to have rung in the peal, but because of the man who is the subject of this item. He certainly was a character, and must have travelled miles in visiting towers to assist in teaching the youngsters. Whenever he attended meetings of any kind he always definitely saw to it that his youngsters had a pull, no matter what the experts said or thought about it.

The peal in question was also a College Youth peal, because the first peal on the bells was by a band of College Youths conducted by Henry W. Haley. I well remember being asked to ring the tenor in this anniversary peal to enable a very important ringer to ring 'inside.' I also remember attending William Weatherstone's funeral at Nunhead cemetery on the afternoon of September 22nd following this peal, and on the following afternoon (Wednesday, September 23rd, 1914) it fell to my lot to call the Original at St. John's, being the only peal rung to his memory.—Yours sincerely,

F. W. RICHARDSON.

Brockley, S.E.4.

## TAILORS AND WORKING ON MONDAYS

Dear Sir,—Referring to the peal of Stedman Triples rung at St. John's, Deptford, under the heading of 'Forty Years Ago' in the issue of June 18th, would the reason that the ringer of the treble never worked on Mondays point to the fact that he was a tailor by trade?

I well remember about that period a master tailor, who employed extra seasonal workers in the trade, telling me they would never work on Mondays.

Perhaps some of the older generation would know if William Weatherstone came within this category, and the reason why Monday was treated as a rest day.—Yours sincerely,

F. S. MACEY.

Sutton Valence, Kent.

## PEALS AT HARROW

Dear Sir.—The following paragraphs appeared in 'Belfry Gossip' several years ago, probably sent in by the late Mr. J. A. Trollope:

'At the beginning of the nineteenth century there was a number of ringers living at Watford and Rickmansworth who were members of the Society of Cumberland Youths. On April 20th, 1810, they rang a peal of Grandsire Triples at Harrow, conducted by Daniel Pope.

'The third bell at Harrow-on-the-Hill was cast by W. Whitmore, of Watford, in 1654.'—Yours faithfully,

H. V. FROST.

St. Albans.

## CHURCH SPIRES

Dear Sir,—The crocketed spire of the Parish Church at Coleshill, Warwickshire, has a heavy weight hung inside. It is a block of stone 24in. by 18in. by 12in. at the end of a 30ft. heavy chain fixed to the base of the weather vane shaft. The steeple was last rebuilt in 1888 by Bodley, of London, but whether the weight was there in previous steeples I cannot find out. A slight pendulum movement is noticeable at all times.

I believe the spire of St. Matthew's, Walsall, has a steel ball hung therein. Would Mr. Young tell us what purpose these weights serve, and why they only appear to be necessary in so few structures.—Yours faithfully,

W. C. RHODES.

Coleshill, Birmingham.

## STONE SUSPENDED FROM SPIRE

Dear Sir,—Apropos Mr. Young's letter of June 11th, I do know of such a stone suspended from the apex of the spire in the manner described, but unfortunately I cannot now remember the name of the tower.

It lies in the south-east corner of Shropshire, well off the main road approaching Wolverhampton. There are six bells. Perhaps the ringers of Pattingham may be able to help.

The weight hangs right down to the base of the spire and, when I was watching it, there was considerable movement.—Sincerely yours,

ERNEST J. ROWE.

Tottenham, N.15.

## WHY NOT CHARGE FOR LETTERS?

Dear Sir,—I have read with great interest the various suggestions for improving the financial position of 'The Ringing World.' A charge for the publication of peal and quarter peal reports appears to be as unpopular as a straight increase in price. What other columns are available for the trumpet blowers to get their names into print? The correspondence page is a favourite. A flat rate fee for each letter would produce a useful revenue but a sliding scale according to length should, in addition, considerably reduce the need for editorial abridgement. There must be many other ways whereby particular sections of the ringing fraternity might be made to bear a larger part of the cost of publication—Yours faithfully,

A. W. T. CLEAVER

Bristol 5.

Note.—If a charge was made for letters the Editor would be constantly returning postal orders. Our letter page is a popular feature with all.—Ed.

## PORTSMOUTH'S WELCOME

Dear Sir,—With regard to Portsmouth's welcome for the Royal homecoming it was stated that this was the first occasion that peals have been scored on these two rings on the same day.

I should like to correct this statement. On Whit Monday, June 1st, 1914, when the Central Council met at Winchester, a peal of Bristol Surprise was rung at St. Thomas-a-Becket in the morning, followed by a peal of Superlative Surprise at St. Mary's, Portsea, in the afternoon. The peals were conducted by the late Bertram Prewett and Keith Hart respectively for the Winchester Diocesan Guild. I am the only surviving member of those bands.—Yours sincerely,

F. R. DENNIS.

Cambridge.

The first attempt for a quarter peal by a Sunday service band was made at Whitchurch, Oxfordshire, on June 15th. Apart from being ringers, three of the band are sidesmen, another a chorister and a parochial church councillor.

## EDLESBOROUGH BELLS SILENT FOR 30 YEARS

Dear Sir,—Although we are faced in the village of Edlesborough, Bedfordshire, with an immense Church Restoration Appeal, the total of which may reach £10,000, we have taken the bold step of rehanging the six bells, and the work has just begun. In all it will cost £563, and we embark on this in the belief that our bells, which have not been pealed within the last 30 years, should ring out from a tower that is a landmark for many miles round. It is, however, an act of faith to spend so much on our bells when the fabric of the church still needs urgent attention, and lack of funds has led to a suspension of work.

May I appeal through your columns to all friends of the Exercise to help us in our task, so that this effort to keep faith with the past in the matter of ringing may not set us too far back in the equally pressing duty of restoring a beautiful and historic church.—Yours truly,

DENYS H. JONES.

Vicar of St. Mary-the-Virgin,  
Edlesborough.

## ANGLER, NOT RINGER!

Dear Sir,—Our old friend T. V. Lister may not be an advanced ringer but I think he is an excellent angler. Whenever he makes a cast into the correspondence columns of 'The Ringing World' he is assured of numerous bites!—Yours faithfully,

W. B. KYNASTON

Rodbourne Cheney,  
Swindon.

## AN OBSERVANT READER

Dear Sir,—Why must we have a King's crown at the head of the peals and quarter peals rung in honour of the homecoming of our Queen? I am pleased, as I am sure many others are, to see the Queen's crowns round the heading of the news items of that day—Yours faithfully,

A. R. BRIDGER.

Theberton, Leiston,  
Suffolk.

[Note.—Our printers assure us that these crowns were issued specially for the Coronation and are not old stock. The error seems to be widespread.—Ed.]

## Golden Wedding of Mr. Caleb Fenn

His many friends in the Exercise will learn with joy of the golden wedding anniversary of Mr. Caleb Fenn, of Barking, Essex, who has been steeplekeeper of Barking tower for 58 years and still carries on the good work.

The event was celebrated in the traditional way and also, on June 20th, when 1,260 Stedman Triples was rung by C. Fenn (conductor) 1, A. W. Beard 2, L. S. Woods 3, R. W. Stannard 4, D. M. Salisbury 5, D. W. Beard 6, F. V. Gant 7, E. G. Cottis 8.

## Mr. T. G. Morton Married

The marriage of Mr. Terence G. Morton and Miss Patricia M. Bishop took place at St. Peter's Church, Great Berkhamsted, on June 12th. Mr. Morton is the captain of the progressive six-bell tower at St. Mary's, Apsley End, and amongst his achievements as a ringer is a peal in 32 Surprise methods.

Ringers from Apsley End and Hemel Hempstead presented cutlery to Mr. and Mrs. Morton, and an attempt was made on June 14th for a peal in 11 Surprise methods to mark the occasion. The peal failed and the band then rang a quarter peal consisting of 720 Lightfoot and Wearmouth and 720 of Norwich. The band was: R. E. Shutter 1, W. Ayre (cond.) 2, W. J. Puddifoot 3, A. V. Good 4, W. C. Hughes 5, F. J. Plummer 6.

B. N. B.

## PETERBOROUGH DIOCESAN GUILD

### War Memorial Tablet Unveiled

THE annual meeting of the Peterborough Diocesan Guild at Northampton on Whit Monday was an occasion of more than ordinary importance. During the service at All Saints' Church the Vicar (Canon J. Trevor Lewis) unveiled a tablet over the archway leading to the belfry recording the names of those members who lost their lives in World War II. The tablet is next to another erected in memory of those members of the Northamptonshire Central Association who died in the First World War.

The names engraved are:—O. Filler, E. Griffiths, A. Deacon, R. Smart, H. Fry, A. Morton, A. Humphrey and R. Minney.

Canon Lewis said, 'We shall not forget these men who gave their lives to their country.'

He spoke of the 'goodly fellowship of those who ring bells' and added a great feeling of goodwill and friendship was achieved in the Guild. 'Let nothing spoil that comradeship.'

Tea and the annual business meeting followed the service in the Holy Sepulchre Parish Room. In the absence of the president, the Archdeacon of Northampton (the Ven. C. J. Grimes), the Master (Mr. E. Whitmore) presided.

The officers were re-elected, but both the president and the Master suggested that other names should be nominated for their respective offices next year.

The general secretary (Mr. H. W. Jeffs), in his report, stated that resident members now totalled 1,172, being 11 honorary life members, 86 honorary members and 1,075 ringing members. Elected during the year were 13 honorary and 171 ringing members. A total of 90 had lapsed or left and 14 had died. Free life members now numbered 88. Nine non-resident life members were also elected.

Losses by death were: Messrs. H. Clark (Kettering), A. Henman (Kettering), S. Burditt (Desborough), G. Black (Geddington), B. Bosworth (Benefield), A. Joyce (Peterborough), H. Short (Brigstock), E. Saunders (Twywell), F. Ball (Great Addington), W. Perkins (Irthlingborough), A. Minney (Wollaston).

During the year 61 peals were rung, including nine on handbells. The peal of Wicken Surprise Major, the first ever to be rung in the method, was so named in honour of the parish in which it was rung. Three members of the Towcester Branch took part, and congratulations were extended to all the band.

The general account had not held its own, the balance being £82 1s. against £85 2s. 3d. The Bell Restoration Fund continued to be well supported and had a balance of £439 13s. Grants were made to Rothwell (£15), Edith Weston (£10) and Potterspury (supplementary, £10). Of the old six at Rushden two had been recast and two trebles added and all hung in a new steel frame. The spire also had been restored.

The Master, in his report, called attention to the progress of the Rutland Branch, which had almost doubled its membership. In a tribute to the late Mr. Walter Perkins, a life-long member of the Irthlingborough Band, the Master stated, 'This tower made history between the wars by ringing peals in a large

## LONDON COUNTY ASSOCIATION

The recently-augmented eight at St. George's, Barkingside, were visited by the Northern District for their quarterly meeting on June 12th. Although rather loud in the ringing chamber, these bells have a really pleasant tone with a tenor of 10½ cwt.

The business meeting was held in the telfry of St. Mary's, Woodford, with the Master (Mr. C. A. Hughes) in the chair. New members elected were:—Mr. Stafford Smith (Ilford), Mr. John Brice (Havering), Mr. Battley (West Ham) and Mr. Sidney Stevens (North Weald).

While the striking was not 100 per cent., everyone was well catered for and methods ranged from Grandsire to London Surprise Major.

*The memorial tablet unveiled in All Saints' Church, Northampton, to the memory of the eight members of Peterborough Diocesan Guild of Bellringers who died in the second world war. It adjoins the memorial to those who fell in the first world war.*

[Photo by permission of the 'Northampton Chronicle and Echo.'

## NORWICH ASSOCIATION Eastern Branch

Reedham, a village on the edge of the East Norfolk marshes with a pleasant ring of five, attracted 34 members to the meeting there on May 29th. The tea and meeting which followed the service conducted by the Rector (the Rev. L. F. Laurence) was held in the open air in the Rectory garden.

Mr. E. R. Goate presided at the business meeting when Pakefield was selected for the meeting on July 17th, with ringing at St. Margaret's, Lowestoft, in the evening. Mr. K. L. Brown, branch 'Ringing World' representative, reported on the progress of his efforts.

Votes of thanks included one to Mr. F. B. Petherick, of the local company, for the excellent arrangements.

variety of Surprise Major methods, many of them being conducted by Mr. Perkins. His passing and the passing of all faithful members is deeply regretted.

A large number of towers were available for ringing throughout the day.

## OXFORD DIOCESAN GUILD North Bucks Branch Golden Jubilee

Over 100 members attended the annual meeting at Newton-Longville on June 5th to celebrate the 50th anniversary of the North Bucks Branch, which was started there on June 11th, 1904, by the Rev. F. E. Robinson in conjunction with the Rev. C. Leslie Norris, of Newton-Longville. The following nine members attended the first meeting:—Messrs. B. Fisher, H. Sear, E. Willett, B. Jones, A. Crane, W. Daniels, F. Mynard, F. Vickers and F. Rowe. Mr. E. Yates, 86, of Stony Stratford, was unable to be present owing to an accident.

The Rev. Allan Campbell (Branch chairman) presided, supported by the Rev. C. E. Wigg (Master). Mr. W. Hibbert (general secretary) was also present. All the branch officers were re-elected.

In recognition of his 15 years as secretary and treasurer, Mr. R. H. Howson was presented with a testimonial.

The secretary's report stated that membership was a little less and there was a balance of £14. Tea was arranged on the Rectory lawn, where no effort was too great for the Rev. L. C. Butler and his church workers to provide an excellent spread complete with birthday cake with appropriate candles. Owing to a thunderstorm it was necessary to transfer the meal inside.

Eight veteran ringers rang the service touch for which a souvenir service sheet had been prepared by the Master. Six ringing choirmen joined the singers, and a very inspiring address was given by the Rt. Rev. R. M. May, Bishop of Buckingham.

Ringing continued afterwards at several local towers.

## SURREY ASSOCIATION The New Master

Mr. R. Davies is the new Master of the Surrey Association in succession to the late Mr. D. Cooper. In the ballot at the special meeting at Croydon on June 19th, he defeated Mr. F. E. Collins, the other nominee. Mr. Collins was, however, appointed liaison officer to the Guildford Diocesan Guild, a position which the late Master also held.

The General Committee had been instructed at an earlier meeting to reconsider the rules of the Association and revise as necessary. Their amendments were submitted to the meeting and passed.

Hearty votes of thanks were passed to the ladies responsible for the tea, the Vicar of St. Peter's, South Croydon (where ringing had taken place during the afternoon), and the Vicar, curate and organist of St. John-the-Baptist for the use of the bells and the service.

Twenty-three Surrey towers were represented.

## HERTS COUNTY ASSOCIATION

The first recorded visit to Pirton in the 70 years of the Association's existence took place on May 22nd, when 38 members attended this five-bell tower. The Vicar (the Rev. G. B. Ince) in his sermon gave a warning of ringing becoming too much of a hobby and not ringing to the glory of God.

A meat tea was provided by local ringers' wives and at the business meeting Mr. S. Ashton, of Pirton, was elected a ringing member.

# FORTY YEARS AGO

Extract from 'The Ringing World'  
July 3rd, 1914

[This is the only peal of Stedman conducted by a resident member of the Milverton tower. Mr. A. Tout is the only living member of that band.]

# OBITUARY

## MR. J. F. PRIEST

St. Mary's, Woodstock, South Africa, has lost its final link with the beginnings of change ringing in South Africa with the death of Mr. J. F. Priest on June 17th in his 91st year.

Jimmy Priest was born in Essex, and, as a choirboy at Christ Church, Wanstead, he taught himself to handle a bell. He joined the Cumberland Youths about 1880 and rang at Woodford, Leyton, Chelmsford, Dunmow, Braintree, Loughton, Limehouse, Stepney and Bow. In July, 1902, at the instigation of his workmate and fellow ringer, L. Green, he came to South Africa. He told me that prior to his departure he took part in a farewell peal by the Cumberland Youths at St. Martin's.

Joining the South African Railways, he retired in 1922, and was proud to be the oldest railway pensioner in the country. His recorded ringing at St. Mary's is not great, but two items are of historical interest:—

December 22nd, 1903: The first science ringing in South Africa, a touch of 720 Bob Minor.

December 15th, 1904: 5,040 Grandsire Triples, the first peal in South Africa, and the only peal of Triples yet scored at St. Mary's.

Of late years confined to bed, he appreciated the occasional visits from members of St. Mary's band, who sent a wreath and rang half-muffled on the evening of the interment.

A. V. S.
