transmission as a newspaper.

6d.

FINANCING THE BELFRY

EVERY well-organised ringing tower has a system of finance. The spirit of independence is strong to-day, and, while the recent census taken by the Church of England revealed a large number of paid ringers in the country, the term 'paid' is rather fallacious. Classified as 'paid' are those towers which receive any money from the Parochial Church Council to be administered by the ringers themselves. We know of one tower, for example, where the payment worked out at 1½d. an attendance, but against this remuneration the ringers themselves pay 9d. a week, and, while each individual ringer actually had no financial benefit, they proudly regarded their service to the Church on a professional basis.

From Kingsthorpe, Northamptonshire, we have received the following article dealing with the finances of their belfry which might be helpful to some towers without a system. A properly organised system cannot be too strongly stressed, and it places the tower in a happy financial relationship with the Guild or Association. Explaining his system, S. F. E. writes:—

We have two funds. One is entirely under the control of the belfry members, and the other called the 'Bell Maintenance Fund,' under the control of the P.C.C. Our own belfry fund has two sources of income. Each adult member pays 6d. per week, with non-earning members 3d., and whenever the bells are rung for weddings other than for active church members the fees, after compensating any loss of earnings by the ringers, are paid into the belfry funds. The charges are £2 2s. for weddings after noon on Saturdays and £3 3s. at other times. Out of the belfry funds are paid the Guild subscriptions, annual reports are purchased, and on the occasion of the summer outing members of the belfry pay for themselves but can take another person free of charge, or, if this privilege is not taken advantage of, a member going alone pays only half price.

During the last year various additions and improvements have been made to the belfry out of these funds, such as new tail end ropes, a belfry records book and bookcase, and it is now contemplated paying for the floor

covering to be cleaned. Over the last year or two the belfry has been equipped with a clock, shutters have been fixed to the louvres, electric light installed both in the belfry and up the steps to the bell chamber, and a good selection of ringing books bought. The ringing chamber is not suitable for much improvement, but if and when we have a ringing chamber we can call our own it will be a pleasure to the ringers to furnish and decorate it.

At each annual meeting we consider if it is possible to make some contribution out of the belfry fund to the 'Bell Maintenance Fund,' and usually this is £5. This maintenance fund stands at some £50, and out of this we purchase, with permission of the P.C.C., new ropes, stays, etc. It is a residue of the fund which was created some years ago to have the bells retuned and rehung, and it seemed a pity not to keep it going in some way.

The independence created by having our own fund has done much to weld the belfry members into an interested and progressive unit, and from the time weekly subs were introduced, when it was found that the declining income from weddings was insufficient for our needs, a keener interest was born. By making some financial contribution to the belfry, it is felt that new members are assisted to appreciate the fact that we ringers are privileged, not only to take an active part in the life of the church, but to have the pleasure of ringing for our enjoyment on bells costing many hundreds of pounds, requiring from time to time considerable expenditure to maintain.

The ring at St. Michael and All Angels', Hawkshead, in the Lake District, has been augmented to eight by the addition of two new bells, and the provision of a new steel frame. The clock has also been restored. The dedication ceremony will be performed by the Bishop of Penrith on Michaelmas Day, Monday, September 29th, at 7.30 p.m. The preacher will be the Rev. R. D. St. John Smith, president of the Lancashire Association, of which Association Hawkshead ringers are members.

Mr. T. J. Lock's tourists rang 11 peals in Hampshire, including two on the Isle of Wight in a thunderstorm.

Philip Walker (aged 16) who rang in the peal on September 10th, is the youngest person to ring Rotherham tenor to a peal and did so very well.

With the peal of Grandsire Triples at Wigston Magna, Leicestershire, Richard J. Carter has now rung eight peals in the tower, each on a different bell and in a different method.

The bells of Porthkerry (Glam.) rang for the first time for 14 months on September 14th to welcome the newly-instituted Rector, Rev. J. A. Jeffreys Jones, who was accompanied by the Bishop of Llandaff. The top portion of the tower has been completely rebuilt at a cost of almost £1,000.

At a meeting of Victorian towers in Melbourne, a resolution was passed approving of the first step taken to form the Australasian Association of Change Ringers. The co-operation of Sydney and other ringing centres is being sought and it is hoped to hold an inter-State meeting at an early date. There are approximately 200 ringers in Australasia—Victoria 45, South Australia 20, Tasmania 15, New Zealand 20, Queensland 10 and the remainder in New South Wales.

BELFRY GOSSIP

Henry Stalham, the Sussex veteran, at the age of 86 rang yet 'another one' on September 12th. He is certainly a most remarkable man for his years. Concentration and the way he rang his bell (absolutely faultless) in this peal were top class qualities. 'Harry,' to his friends, is looking for a pair of new 'feet' at a reasonable cost. Feet apparently are his weakest section; he is so anxious to have them in better shape for the 'Veterans' on September 27th.

The Society of Friends of the Exercise are holding their annual autumn tour in Devon. Most, if not all, will be travelling down to East Budleigh (the headquarters), this evening.

Mr. A. A. Hughes was on Tuesday presented with the honorary freedom of the Worshipful Company of Founders. He is also a liveryman of the Worshipful Company of Skinners.

On September 14th Mr. H. Watts of Ramsbury, Wilts, was the recipient of an illuminated framed token, in recognition of 50 years' service in the belfry, also a book containing a list of names of subscribers to a handsome cheque. The quarter peal rung on this occasion was by members of the Marlborough Deanery and Salisbury Diocesan Guild, of which Mr. Watts has been a member for 42 years.

The quarter peal at Tenterden, Kent, on Tuesday, August 26th, was rung in memory of Miss Margaret A. Babington, O.B.E., who passed away on August 21st, at the age of nearly 90 years. Miss Babington, who was daughter of the former Vicar of Tenterden, was perhaps best known for her work at Canterbury Cathedral. She was hon. steward and treasurer of the Friends of Canterbury Cathedral since it started in 1928, which has raised over £100,000 towards the maintenance and glorifying of the Cathedral.

UNIVERSITY OF LONDON SOCIETY ANNUAL RINGING WEEK

'Grave old plodders, gay friskers,
Fathers, mothers, uncles, cousins;
And over all
There was a rustling, that seemed like
a bustling
Of many crowds justling, at pitching
and hustling . . .'

seems roughly to describe the University of London Society assembled at Penscot Guest House, Shipham, Somerset, on August 23rd, for its Annual Ringing Week. Thirteen years ago, a dozen or so members of the Society made their first tour in the same part of the country on bicycles. This year a return was made to Somerset, with one or two important differences. The size of the company had increased almost threefold and those who bore the burden and heat of the day years ago now kindly placed their cars at our disposal, thus hastening travel quite considerably and enabling more places to be visited. Shipham used to be a lead mining village with an horrific reputation for lawlessness and thuggery. We trust our stay there did nothing to revive such times.

Ringing began on Saturday afternoon at St. Stephen's, Bristol, and St. Mary's, Redcliffe, where three leads of Bristol sounded well on the back eight. Anyone noticing frowns or worried faces during the evening would have found that they came either from five members of the party trying to ring Yorkshire on handbells or from the Master wondering how he could arrange 32 ringers to man 35 bells at the six different towers scheduled for service ringing on Sunday. The former did not make much headway with their Royal but acquitted themselves well with a course of London.

COW SHED SHELTER

Sunday started with corporate communion at Shipham. Breakfast over, the cars moved off in their various directions for Blagdon, Cheddar, Axbridge and Compton Bishop, while those with children, plus one or two others, rang at Shipham and Rowberrow. In between showers, members climbed the steep slope to ring at Uphill and, after tea, split forces to ring at the towers visited in the morning, plus Winscombe. A small contingent thought that a walk before dinner would give them a bigger appetite, but opinions changed when a fierce storm suddenly burst upon them. Those who retreated back to the guest house soon wished they had sought refuge nearer. One gallant young man persuaded three terrified lasses to forge ahead and found them shelter in a cow-shed. However, he too is a west countryman and so was excused.

Two attempts for peals on Monday (Yorkshire Royal at Minehead and Minor at Rowberrow) unfortunately came to grief, but the enjoyment of the countryside and the sunshine prevented the participants from mourning their losses too long. The rest of the party had a free morning. Lunch was taken picnic style at Washford, then a move made to Cannington. (Picnic style denotes sandwiches and cider—a system which served us well for the whole of the week.) Bridgwater, Huntspill and Axbridge, where there is no bridge and the River Axe is a mile or two away, were also visited and, for good measure, our organiser included Wedmore. Table-tennis, handbells and the Miner's Arms provided good entertainment for the evening.

Somerset bells must know that the U.L.S. do not normally go for peals on its tours, for the third attempt at Martock on Tuesday was again unsuccessful. The remainder, who had rung at Street, passed through Martock on their way to Chard, only to hear the dying rite. A 'trip' also occurred over whether lunch was to be taken in the King's Head or the King's Arms. Eventually we descended on the wrong house, later to learn that facilities had been laid on the other one.

Some of the best ringing of the tour was enjoyed in the afternoon at Crewkerne, West Coker and Queen Camel. We were advised to ring the bells at the last mentioned place slowly. We did and some very good ringing resulted, concluding with London Minor.

By special request, an effort was made after dinner to demonstrate some of the mysteries of our art to the local inhabitants. Ranald Clouston gave an excellent talk on how and why bells came to be rung in England in the way that they are to-day, bringing to light much information which was unknown to the many ringers present as well. Then some touches and tunes were rung on the handbells.

PEAL AT CHEWTON MENDIP

Wednesday brought a change in our fortunes, a fine peal of Bristol being scored at Chewton Mendip. Those not involved in this invaded Ubley, Compton Martin, East Harptree, Blagdon, Butcombe and Nempnett Thrubwell. This name was the cause of much amusement; of all the places visited none had a more conspicuous title. More strenuous

FORMS FOR SURVEY

To assist Associations in completing their Survey, 'The Ringing World' has available printed forms similar to that which appeared in our issue of Sept. 5th.

Will secretaries please write, stating numbers required, to The Editor, 'The Ringing World,' Onslow Street, Guildford.

work was required in the afternoon at the two churches in Wells, St. Cuthbert's and the Cathedral. Highlight of the day was a course of Cambridge Royal at the Cathedral. Our organiser remarked that the streets in Wells lead one round, rather than to the churches. How right he was! Tea was most refreshing and gave us sufficient fortitude to tackle Cheddar before the journey over the Mendips back to Shipham.

Some fairly flat country was encountered on Thursday over Sedgemoor and the Vale of Taunton. The day began at two six-bell towers, Ashcott and Wecton Zoyland; then, following some tricky map reading, visits were paid to Huish Episcopi and Drayton. An opportunity was taken while at Weston Zoyland to estimate where the battle of Sedgemoor was fought in 1685. It is only half mile or so north of this church.

A mile from Drayton is Curry Rivel. Here a stop was made for lunch to be followed by some good touches on this very pleasant ring of bells. Then on to Taunton for ringing at St James' (8) and St. Mary's (12), which hang in the tallest tower in Somerset. The tower itself rocks considerably, but this does not seem to affect the 'go' of the bells, which are a grand ring. Thirty miles still separated us from Shipham, so Taunton was left promptly at 6 p.m. while the bells played 'It's a long way to Tipperary.' Two jobs still waited to be done. One was to help with the local practice, the other to ring a handbell peal. The latter did not finish until 11.20 p.m. and a very welcome cup of tea appeared at its conclusion served by our hostess who, to our surprise, seemed rather pleased with our ringing and had had the kettle boiling for over an hour! An unusual footnote states that this was the first handbell peal rung by the Society in the Northern Hemisphere. Alternatively it could have read: 'The first handbell peal for the Society outside Australia.' It was a great pleasure to have both Val Willard and Philip Gray, who rang in the Australian peals, taking part in this one also.

SUCCESS AT WRINGTON

The north-west corner of Somerset was left for exploration on Friday. Ten members rang a peal of Grandsire Caters at Wrington while the rest rang at Backwell and Wraxall. Forces were joined at Nailsea, which is one of the centres of the Somerset cider-making industry, so what better than to stop here for lunch and fortify ourselves for a heavy programme in the afternoon. Ringing was resumed on the light sixes here and at Tickenham and so on to Congressbury to meet the C.U.G.C.R. for a joint ring. This is one of the few Somerset churches we found with a spire. Two more eights, Yatton and Banwell, made everyone feel that they had had a full day but were not too tired to enjoy a social in the evening.

Saturday was not so exhausting with only four towers on the programme. A pleasant ride round the Chew Valley Lake, Bristol's newest reservoir, brought us to Chew Magna. The journey to Mells required some very careful navigation but was reached well ahead of schedule. Mells has associations with Little Jack Horner and Raymond Asquith—a peculiar combination. This proved a very suitable place for lunch after which we returned to Bath. Ringing took place at Bathwick (for a wedding), and on the restored ten at the Abbey where a half course of Yorkshire Royal proved to be one of the highlights of the day after eight-spiced at Bathwick.

GIFT TO ORGANISERS

The party now began to diminish, but the majority stayed the night at the Full Moon in Bristol and provided bands for morning service ringing at the churches of St. Philip, St. Thomas and St. James. On Saturday evening Philip and Joan Gray were presented with an illustrated book of 'Somerset Churches' as a token of appreciation for the work they had undertaken in arranging such a successful and enjoyable tour.

We should like to record our thanks to the incumbents and local ringers of the churches visited during the week for their kind co-operation. Somerset ringers generally are proud of their bells and indeed have every right to be. It was an object lesson to learn how much time many of them devote to the upkeep of their bells, and the care taken over arrangements at the places where peals were rung was much appreciated. R. K.

GLOUCESTER AND BRISTOL ASSOCIATION

The meeting of the North Forest Branch on September 6th, held at Hartpury, coincided with the 80th birthday of the oldest ringer of the branch, Mr. H. J. Vallender, of Laughton Farm, Hartpury.

Mr. Vallender took part in the afternoon ringing after which the usual short service was held in the church.

The ringers then went to Laughton Farm where a wonderful tea was served on the lawn. Mr. Vallender cut his birthday cake, appropriately adorned with a bell and '1878-1958.' Sherry was served with the cake and the Rector, the Rev. J. Hogarth, proposed Mr. Vallender's health, remarking that Mr. Vallender was the oldest ringing member of the North Forest Branch and had been ringing at Hartpury for 60 years, training successive generations of ringers. Mr. Vallender suitably replied.

Mr. Harold Minchin, of Bromesberrow, proposed a vote of thanks on behalf of the Branch to Mr. Vallender and his family for the wonderful party.

PETERBOROUGH GUILD SUMMER FESTIVAL

ON Saturday, September 23rd, 1933, a special meeting was held at Oakham to discuss the formation of a branch for the county of Rutland. At the Summer Festival on Saturday, September 6th, 1958, the man who moved the resolution 'That a branch be formed,' Mr. Fred Stevens, of Preston, now a veteran of 88, was among the vast gathering again at Oakham. With him were also Mr. R. G. Black and Mr. B. P. Morris, who recalled that important occasion.

With the addition of visitors from near and far some 200 ringers assembled in the parish church for the Guild service at 3.45 p.m. The Vicar, with his curate, conducted the office, and the Guild President gave the address. Also present was the Rev. C. J. W. Faulkner, Rector of Harlestone, Northampton; the resident organist led some very inspired singing of four well known hymns. The President's address was on the theme of the English people's faith in three things, the English Home, the English Scene and the English Church.

Tea in the Victoria Hall followed, all accommodation being in use.

A certain amount of business had accumulated and so a business meeting was inevitable. The Vicar of Oakham was given precedence and he extended a warm welcome to all. He had expressed a wish to become an honorary member of the Guild and the chairman gave this matter his personal attention. He also at the same time recalled the many years of work for the Guild performed by Mr. B. P. Morris and proposed that he be elected an honorary life member. In each case loud applause greeted the decision.

The Rutland Branch President, Mr. R. Hill, briefly welcomed everyone to Rutland. The office of auditor having been vacant since the annual general meeting the opportunity was taken to elect Mr. Harry Richardson, of Raunds, to the office.

BOOK MEMBERSHIP

The Guild Master in general remarks called attention to the 20 per cent of the membership which he described as book members, and asked for the help of all members to remedy this. He also mentioned again the condition of the Cathedral bells and suggested a letter to the authorities to inquire into the matter.

The general secretary introduced the Central Council inquiry into the state of Sunday service ringing. Although there was not a complete identity of views on this matter it was generally agreed to co-operate with the committee appointed for this purpose.

A vote of thanks, proposed by Mr. E. G. Orland and seconded by Mr. B. P. Morris, to all those who so richly deserved gratitude for the arrangements and especially to Miss J. Hoy, the local branch secretary, was carried with acclamation.

The small but pretty county, looking probably at its best for the occasion on one of the few really sunny days of the summer, was fully enjoyed by the parties as they travelled around to the 19 towers which were open for ringing.

TELEVISION TEAM

The Associated Television team arrived at Oakham during the morning and were con-

ducted round to various churches by Miss Hoy. On arrival back at 'headquarters,' further filming was carried out recording the oldest ringer, Mr. Stevens, and the younger generation arriving for the service. The President, Master, and general secretary were also invited to face the camera.

The leader of the team said the arrangements for their visit were very satisfactory and they had enjoyed the day very much.

They were expected to join the company at tea but time did not permit and they regretfully had to decline a previously accepted invitation.

Ringling throughout the day was of a good standard and with the exception of a rope which disagreed with the wheel at one place no incident of grave concern was reported. Rumour however has it that at one village a flock of turkeys became so distressed at the sound of the bells that their owner rushed to the church and asked for them to be silenced. It is hoped that it wasn't the manner in which they were being rung which reminded the birds of Christmas.

It was dark before the last sounds of ringing died away and the bells were rung down.

There has probably never been so much ringing in so few hours in Rutland before and who can say what interest has been aroused. The local branch has scope for expansion among the bells sampled on Saturday and with the enthusiasm of the present branch officials, coupled with enterprise on the part of members, much could be achieved.

SUBSCRIPTION REMINDER

Subscriptions are now due for the last quarter of 1958. Rates: 3 months 7s. 6d.; 6 months 14s. 6d.; 12 months £1 8s. Please remit without delay to Mr. J. E. Jeater, Greystones, Cusgarne, Truro, Cornwall. New postal subscribers welcome.

BARNSELY DISTRICT SOCIETY

Barnsley won the Hoylandswaine Cup at the annual contest held at Hoylandswaine on September 13th. Mr. Harold Chant, of Ryhill, was the judge and Mr. Squire Fielding the marker. Results were:—

Barnsley 53 faults;
Shelley 98 faults 5 penalties;
Sandal 104 faults 10 penalties;
Cawthorne 177 faults 5 penalties.

The cup was presented by Mrs. J. Whitehouse to Mr. Eric Stainrod and each member of the team received a prize.

Mr. Noel F. Moxon, president, was in the chair at the business meeting when five new members were elected. As Thornhill tower would not be available, it is hoped to hold the next meeting at Wakefield on October 11th. The president proposed the vote of thanks to the churchwardens, to Mr. John Whitehouse and local company for the arrangements, and to the ladies for the tea.

Replying on behalf of the Hoylandswaine Company, Mr. John Whitehouse said he hoped they would be able to carry on with having the contests annually in the towers. Further ringing followed.

MR. JOHN CHILCOTT'S WEDDING

It was a fine sunny day when the wedding took place at St. Leonard's, Heston, Middlesex, on Saturday, September 6th, between Mr. John Chilcott, secretary of the Ancient Society of College Youths, and Miss Eileen Ricketts. The bells were rung before and after the service by the local band.

Given away by her father, Mr. Jack Ricketts, the bride wore a ballerina-length dress in white velvet and carried a bouquet of deep bronze chrysanthemums. She was attended by three bridesmaids, twin cousins, who wore ballerina-length dresses in deep bronze with matching shoes, and a friend as chief bridesmaid, in a lighter shade of bronze. They too carried bouquets of bronze chrysanthemums.

Mr. Frank Price, a ringing friend of the bride and bridegroom, was best man, assisted by Mr. Michael Chilcott and Mr. Peter Bettridge as ushers.

The reception was held in the garden of the bride's home and was made all the more enjoyable by the lovely weather. Greetings were received from many ringing friends, and among the presents displayed were a silver tea tray, the gift of the St. Paul's Cathedral Guild, and an electric clock from the Heston ringers. After a happy afternoon, the newly married couple left by motor-cycle for a honeymoon in the West Country. A peal of Stedman Cinques in their honour was rung at Southwark Cathedral that evening by the College Youths and a peal of Stedman Triples at Beddington the following Saturday by members of the Society of Roving Ringers.

SURREY ASSOCIATION

Despite fine weather the light ring of eight bells at Barnes only attracted 25 ringers for the N.W. District of the Surrey Association's quarterly District meeting. The majority of these were novices and the lack of experienced ringers combined with the length of draught and springy ropes resulted in a disappointing afternoon's ringing. The service was taken by the Rector and tea followed in the Church Hall. At the business meeting 12 new resident ringing members were elected, bringing District membership to 260.

The secretary reminded the company of the Survey of Sunday Service Ringing about to be undertaken and asked that all returns be completed promptly and accurately. It was not the intention that the state of affairs should be whitewashed or be made out worse than it really is. Only on a basis of correct fact could the committee to help Sunday service ringing make sound recommendations.

The meeting concluded with the usual votes of thanks to those who had provided tea and to the Rector of Barnes and the Vicar of Mortlake for allowing the use of their bells.

At Mortlake ringing continued until 7.45. An influx of more experienced ringers made for improvement in the striking and enabled courses of Cambridge and Yorkshire to be rung. W. P.

MAKERS OF THE FINEST BELL ROPES FOR NEARLY 250 YEARS

LETTERS TO THE EDITOR

THE EARLY STAGES

Dear Sir,—The letter of Mr. D. G. Mitchell on page 563, following my article on teaching beginners (pp. 529-530), raises three points on which I should like to comment.

Firstly in the early stages of handling a bell I do not agree that a 'panic' stage is inevitable and much trouble I believe can be avoided by the use of medium-heavy bells, with their greater stability, in the initial stages. Often other considerations may suggest the use of a light bell, e.g., in an eight-bell tower it might be convenient to have the trebles lashed throughout a practice with only the back six rung open. However, I would strongly commend the heavier bell and I believe that its advantages will outweigh the inconveniences.

Secondly, I strongly disagree about the initial stages of plain hunting on three and four bells being labelled 'glorified call-changes' because the pupil is told which bells he has to follow. It may be that there is some difference in our interpretation of 'call-changes.' As I understand the position, 'call-changes' involve only occasional variations from the rhythm of rounds when a new row is called as that row is then retained until further instructions. I said in my article that call-changes could teach little beyond what rounds could teach and therefore did not merit taking up time which could be devoted to more progressive exercises.

In approaching change-ringing after rounds the pupil is faced with two new situations—(i) constant variations from the rhythm of rounds and (ii) a different bell to find to follow at each stroke—and my idea is to introduce these one at a time. He is therefore put on the treble for plain hunt on three with the bells to follow memorised beforehand, and the variations in rhythm to be expected as detailed in my article. Initial instructions given while ringing run something like this.

Backstroke lead over 6 pulled to hold up over 2. Slowly over 2 pulled to hold up over 3. Steady over 2 pulled only lightly to check in over 3 to lead again over 6.

This exercise with its variations in rhythm is therefore fundamentally different from call-changes.

Thirdly, there is the introduction of dodging via treble bob hunting on the treble prior to Plain Bob 'inside.' I am very pleased to note Mr. Mitchell's enthusiasm for this suggestion. Too often I think that our ringing books by their allocation of separate sections to the various methods tend to suggest that each method is something on its own. I feel that the need is to regard method ringing as a whole and one does not need to have mastered the first method (Plain Bob in this case) before venturing on to a second (Kent Treble Bob). I hope to develop this theme in another article which I have in mind.

Circumstances vary greatly in instructing beginners and one cannot lay down hard and fast rules. Often what can be attempted is greatly restricted by the lack of supporting ringers. Obviously, call-changes when sufficient other ringers are not available is much to be preferred to inactivity. However, I think that the implied purpose of my article is clear, viz., that the various steps in tuition should be cut to a minimum with progress at each

step. The scheme that I have described is one applicable to the augmentation of an existing band and it needs the co-operation of other members of the band. I cannot do better than conclude by freely acknowledging the ready co-operation of my colleagues at Chester-le-Street and their contribution towards any successes that have been achieved.

—Yours sincerely,
DENIS A. BAYLES.

Chester-le-Street.

NEW COMPOSITIONS

Dear Sir,—I would like to point out that the composition of four Spliced Surprise Major, by N. J. Diserens, printed on page 599 of September 12th issue of 'The Ringing World' and rung as a 5,056 at AlGermaston on August 9th, 1958, is false.

It will also, no doubt, be quite obvious to most conductors and composers of Spliced Surprise that Mr. A. J. Pitman's unique system of method arrangement with the 6th home and in 5ths, the arrangement of methods, and reversed calling for each quarter peal, is in every respect the basis of this composition (except: where the falseness occurs), and therefore Mr. Diserens can hardly claim to have composed it. Arranged would have been a better word, but even that would be stretching it a bit.

For some time now, years in fact, compositions have appeared in the 'R.W.' by new composers and in many instances these compositions have only been variations of 'Old Masters.' Whilst some of these arrangements are very clever, there is nothing new, except the name of the composer.

Notable composers and ringers of our day have from time to time written excellent articles explaining variations and transpositions of originals, and the difficulties to be encountered in trying to obtain original and individual compositions, but still we get these arrangements that are only variations and deserving of little praise or consideration.

Now that we have practically exhausted the field of composition for single methods (except for new methods with unusual falseness) our attention is turning more to the composition of Spliced. This offers vast opportunities for the enthusiast—but for new methods only, or a new system of splicing. We should take due care, and not belittle by variations or transpositions the amazing compositions that Mr. Pitman and other notable composers have given us over the years.—Yours faithfully,

M. S. LANCEFIELD.

Willesborough.

Mr. R. H. Diserens writes:—I should like to point out that there is a Bob Before missing in the last course of my composition of 'four spliced,' published on page 599 of 'The Ringing World.'

[This composition was printed as submitted.—Editor.]

TWYWELL, NORTHANTS.—On Sept. 12th. 1.260 Doubles (St. Martin's, St. Simon's and Plain Bob): Miss P. Mason 1. A. Sansom 2. D. W. James (cond) 3. L. G. Berridge 4. F. E. Crosler 5.

25 YEARS AFTER.

Dear Sir,—How the time flies. Twenty-five years ago this morning I was one of the ten privileged English bell ringers to sail from King George V Docks on that wonderful trip to Australia to ring for the Victoria Centenary celebrations, and for the opening of the 1914-18 War Shrine at Melbourne by the Duke of Gloucester. I offer my best wishes to all who went, or rather to all who are left of us, and especially to those who gave us such a wonderful send off.—Yours sincerely,

W. LINTER.

Fareham, Hants.

CORRECTION TO 5,075 GRANDSIRE CATERS

Dear Sir,—I would like to point out that there is a mistake in the composition of 5,075 Grandsire Caters by G. Freebrey on page 584 in 'The Ringing World.' The eighth course should read 9-3 not 8-3 for 43256978, and of course it will also be 9-3 in the repeat.

—Yours faithfully,

BRIAN PATTISON.

Bedford.

HERTS COUNTY ASSOCIATION Northern District

Ashwell is an attractive old village, with a magnificent church and rich-toned bells. More than a dozen ringers arrived there on September 6th, but only the clock chimes were heard for some time, and the visitors had ample time to admire the famous graffiti before the keys came.

Having entered the ringing chamber, there was a short struggle to fix the hammers back, then the bells were swung. Not for long, for there was an ominous grinding, and more was discovered about the wiring system on the hammers.

At 4.40 p.m. the last of the bells was safe, and before a score of ringers sat down to tea at the Three Tuns they had heard the six bells.

The business meeting was held in the churchyard. Among the matters discussed was the census of Sunday Service Ringing. Later there was plenty of ringing for all before the pleasant meeting was ended.

J. S.

THE LADIES' GUILD

Western District

There was a good attendance of members and visitors at the quarterly meeting at Kingstons Seymour on Saturday, September 13th. The advent of a sunny day, coupled with the unusually attractive harvest decorations in the church greatly added to the enjoyment of the day. After the usual ringing, the service was conducted by the Rector, after which tea was served in the Church Hall, which was provided by Mrs. Norton and her helpers.

At the business meeting which followed four new members were elected: Miss Mary Neath, Miss June Crees, Miss Jean Watson and Miss Ruth Yeats. It was with great pleasure that Miss E. Lomas was elected an honorary member of the Guild.

It was decided that in the coming year the outing should take place on the second Saturday in September, instead of the usual day in June, so will members please make a note of this change in the arrangements. B. J.

ANOTHER TOUR OF DEVON AND CORNWALL

A BLUE and cream omnibus decorated with a banner bearing the words 'A hunting we will go' left Haslemere, Surrey, for a fortnight's tour of Devon and Cornwall, organised by John McDermott and John Queen. The party included David French (Rotherham), Pat Butler (Maidstone), A. Patrick Cannon (Dorking), Peter Smart (Guildford), Angela Martin and Jeremy Salter (Bramshott), John McDermott, John Queen, Eve Parsons and A. V. Queen (Haslemere).

A missing clapper on the ninth at Wimborne Minster, the first tower, limited ringing to Bob Major. At Bridport the party met the Chaddocks and they followed on to Axminster where the fine eight were soon going well to Kent and Stedman. An amusing time was had at Colyton, the heaviest six in Devon (tenor 24½ cwt.) at chiming the bells in rounds. Bed was very welcome at Okehampton where Jean Addicott (Leamington) joined the party.

As the visitors were unable to ring at Okehampton on Sunday morning, Pat arranged for ringing at South Tawton and Belstone and in the afternoon a peal of Bob Major was scored at Tawstock.

Monday was the first full day with Ashburton (8, 21 cwt.), Buckfastleigh (8, 15 cwt.), Totnes (8, 22 cwt.), Berry Pomeroy (8, 17 cwt.), Paignton (8, 22 cwt.), Brixham (8, 15½ cwt.), Churston Ferrers (6, 12½ cwt.), Kingsbridge (8, 11 cwt.), Modbury (6, 17½ cwt.), and Ugborough (8, 19 cwt.) on the list. Ugborough's proved to be the most difficult to handle and the flat second did not improve the sound.

Tuesday was an 'off day,' being spent at Dartmouth. The three towers here, St. Saviour's (8, 18½ cwt.), St. Petrox (6, 7½ cwt.) and St. Clement's (6, 8 cwt.) were all visited during the morning.

FAME AT LAST

Another peal was arranged for the evening at St. Saviour's in Dartmouth. Apparently this was quite an event as at the end of the peal it seemed there was half the town sitting in the church watching. This was the first peal of Major on the bells as it was at Tawstock and even the local Press mentioned the tour. Fame at last!

Wednesday was a day of eights, the heaviest being Teignmouth, St. Michael's (8, 22½ cwt.).

The others were Chagford (8, 18 cwt.), Moreton Hampstead (8, 15 cwt.), Bovey Tracey (8, 14½ cwt.), Highweek (8, 11½ cwt.), Torquay, St. Mary's (8, 19 cwt.), Torquay St. Mary Magdalene's (8, 14½ cwt.), Babbacombe (8, 14½ cwt.), Teignmouth, St. James' (8, 14 cwt.), Dawlish (8, 11½ cwt.), and Chudleigh (8, 12½ cwt.).

Some good ringing was had during the day and by this time the ringers were fairly proficient at Cambridge and so the next day it was suggested that they should ring a 720 of Cambridge Minor. This was attempted at Hartland (6, 17½ cwt.), but unfortunately did not materialise. The rest of the day was spent at Clovelly (6, 10 cwt.) where two well respected members arrived late at the church in the evening after having had 'a pleasant little chat with two of the local girls.' Well, that was their excuse anyway.

After a somewhat restless night during which various parts of a bed were found in three separate bedrooms, the party set off on a day of sixes with four eights

thrown in for the more ambitious. The towers visited were Hatherleigh (8, 14 cwt.), Merton (6, 10 cwt.), Little Torrington (6, 12 cwt.), Great Torrington (8, 15 cwt.), Fritelstock (6, 17 cwt.), Monksleigh (6, 8½ cwt.), Bideford (8, 17 cwt.), Fremington (6, 9 cwt.), Bickington (6, 7 cwt.), Barnstaple (8, 22 cwt.), Landkey (6, 13 cwt.) and Swimbridge (6, 11½ cwt.). By the time Swimbridge was reached the visitors were only too glad to hear the locals ring some of their famous call-changes, and all agreed that it was the finest striking that they had ever heard.

EXETER CATHEDRAL

Saturday was the only really fine day and full use was made of the sea at Torquay. They met again in the evening at Exeter Cathedral, together with Margaret Beamish and Shelagh Collins, who were to join for the next week. They now numbered thirteen, Jean having said goodbye in the morning. Very little persuasion was needed to make Pat turn the Cathedral tenor in to Bob Royal and all were very sorry to leave this magnificent ring.

Sunday, again, and the first stop was Shebbear (6, 9 cwt.) and then on to North Tawton (8, 15 cwt.) which is reputed to have one of the finest call-change bands in Devon. It was necessary to have the assistance of a local ringer on the treble. The rest of the day was spent at Bude although a quarter peal of Cambridge Major was attempted in the afternoon at Bridgerule (8, 10½ cwt.). This broke down a course from the end.

On Monday, goodbye was said to Pat. All were of the opinion that Tiverton's (8, 25½ cwt.) were the best eight that they had ever rung on and here they were given one of the green sallies, which was duly draped across the front of the 'bus. The other towers visited during the day were Bow (6, 14 cwt.), Crediton (8, 27 cwt.), Cadbury (6, 11 cwt.), Silvertown (8, 16 cwt.), Bradninch (8, 20 cwt.), Cullompton

(10, 19½ cwt.), Culmstock (8, 19 cwt.), Halberton (6, 17½ cwt.) and Witheridge (8, 23½ cwt.).

After having a good ring at Witheridge including a course of Grandire Triples with a local ringer on the treble trying his hand at 'scientific,' the villagers in the 'local' were entertained with the handbells. This was so much appreciated that one man, who had not bought a round for a good many years, bought the whole party a drink each. It was in high spirits that they returned home that night.

Tuesday the tourists set off complete with bathing costumes and towels hoping to spend the day in, on or by the sea at Ilfracombe. It poured and poured with rain and they spent the day in the amusement arcade, and the cinema. The evening, however, turned out to be fine and after ringing at the two towers in Ilfracombe, Holy Trinity (8, 12 cwt.) and SS. Philip and James' (8, 11 cwt.) they spent the rest of the evening wandering round the town. That night somebody deposited small, but extremely smelly pieces of gorgonzola cheese in two people's beds. Shakespeare must have turned in his grave at hearing such misuse of the English language but eventually, about 2.30 a.m., peace was restored.

'GO ERIN'

On Wednesday came the first course of Erin Triples, this being at Plympton, St. Mary's (8, 25½ cwt.). John was particularly anxious to call a touch of this method so that he could say 'Bob, Go Erin.' This was attempted at Plympton St. Maurice's (8, 16 cwt.) but unfortunately did not come round. He was successful, however, at Plymouth Emmanuel Church (8, 21½ cwt.) having previously rung on the grand ten in Plymouth St. Andrew's (10, 35 cwt.). The other towers visited were Tavistock (8, 24 cwt.), Whitchurch (6, 13 cwt.), Buckland Monochorum (8, 15½ cwt.), Bickleigh St. Mary the Virgin's (6, 9½ cwt.), Bickleigh St. Mary's (6, 8 cwt.) and Shaugh Prior (6, 17 cwt.).

On Thursday four or five people did not feel too well so while they spent the day in bed the rest of the party went to Exeter to the cinema coming home via Teignmouth and stopping for a ring at Dunsford (6, 14 cwt.).

On Friday, the party, up to full strength again, set off for Cornwall, ringing at Lifton (8, 21 cwt.), Launceston St. Mary's (8, 15½ cwt.), Launceston St. Thomas' (6, 10½ cwt.), Bodmin (8, 15½ cwt.), St. Erme (6, 12 cwt.), Truro, St. Mary's (10, 33½ cwt.), Truro St. Keyne's (8, 15½ cwt.), Probus (8, 20 cwt.) and St. Austell (8, 18½ cwt.). At Launceston they met Desmond Painter and Bill Cook who helped through Double Norwich and London. A good half course of Superlative was scored at Bodmin, and at Truro Cathedral, where Allan Carveth joined, they rang some good Bob Royal and Stedman Caters.

The last tower of the day was St. Austell where, in spite of having to ring in complete darkness for the first touch they managed to score a full course of Superlative. Here was met David Burnett and after satisfying hunger in a local cafe all arrived home in the early hours.

Saturday was the last day and they sadly said goodbye to Okehampton and made their way home via Queen Camel (6, 36½ cwt.), Yeovil (10, 40½ cwt.) and Sherborne (8, 46 cwt.) A. V. Q.

READY FOR AN ASSAULT ON THE 'RINGS EVEREST'

OBITUARY

MR. JOHN L. MORRIS

A wide circle of ringing friends, particularly in the Kent County Association, the Royal Society of Cumberland Youths and the London University Society, read last week of the untimely death of Mr. John Leigh Morris, of Lancing Road, Orpington, on September 15th. Only a week previously he had taken his first appointment at a school at Addington, Surrey, and it was while at school he collapsed and died.

Educated at Eltham College (1947-55) and London University (1955-58), he had obtained a B.Sc. degree in Maths and Physics. Some ten years ago he came under the influence of Mr. Frank C. W. Knight and learnt to ring at Chislehurst. His progress was rapid. He rang his first peal at Foots Cray on March 29th, 1948, for the Royal Society of Cumberland Youths, and conducted his first peal at the age of 13 (Bob Major at Wrotham on March 19th, 1949). Before this he had already rung a peal of Bob Royal at Rochester Cathedral, and when only 14 took part in the 12,740 Bob Royal at Prittlewell on August 7th, 1950. His last peal—his 202nd—was Cambridge Surprise Major at Benhilton on September 8th. His peals included Spliced Surprise Major (one of which he conducted) and Stedman Cinques, as well as a great variety of methods.

As a practical ringer he was a first-class striker and completely safe in any method on any number of bells. He had produced many interesting compositions, and recently composed a peal of London Surprise Major using mainly 'In and 5ths' courses with other short courses with alternate callings. This composition was rung on a recent Hampshire peal tour and again at St. John's, Erith, on the day of his funeral.

He was an enthusiastic supporter of the Cumberlands, and represented the Society on the Central Council for the first time at the meeting at Chelmsford. With his great ability, both practical and theoretical, he was surely destined to have become a distinguished member of the Council in future years.

Like all true leaders of the Exercise, and he was certainly destined to become one, he recognised his first duty as a Sunday service ringer. When his mentor, Frank Knight, left the district, John joined the band at Bexley, where as a ringer, an instructor, a conductor—but perhaps most as a completely unaffected and charming person—he will be sadly missed. Great sympathy will go out to Judith Cox in the loss that she will feel so personally, and all the other, young Bexley ringers.

The funeral took place at Croydon Crematorium on September 19th, conducted by the Vicar of Bexley. Mr. and Mrs. H. R. Morris (parents) and many relations and friends, including Miss J. Cox and Mr. Ian H. Oram, were present, and there were many beautiful floral tributes. Flowers had been sent by the Royal Society of Cumberland Youths, the Kent County Association and the Bexley ringers. The ringers present were Mr. and Mrs. E. A. Barnett (representing the Central Council), Messrs. P. A. Corby (Kent County Association) and A. G. Mason (R.S.C.Y.) and D. Beresford (Bexley ringers).

The Exercise will extend sympathy to Mr. and Mrs. Morris and John's young sister in their great loss.

MR. JOHN THOMAS

With sincere regret we report the death of Mr. John Thomas, of Hinton-on-the-Green, Worcestershire. Last Saturday afternoon he collapsed in Painswick belfry and died within a few moments. He was aged 76.

The funeral service was held at Hinton Parish Church yesterday (Thursday) afternoon.

MR. A. H. FOX

Mr. A. H. Fox, of Kirk Ella, who died on September 16th, aged 79, was known to a wide circle of ringing friends.

He was a vice-president of the Yorkshire Association (Eastern District), for whom he was also organist. Mr. Fox joined the Association in 1926 and introduced change-ringing at Kirk Ella where he had trained many ringers. He had been organist and choirmaster at Kirk Ella for 51 years.

A band of local ringers and friends rang a half-muffled touch on the evening of the day of the funeral.

MR. HARRY FRANCE

Lancashire has lost another of its older generation of ringers by the sudden death, whilst holidaying in Scotland, on August 28th, of Mr. Harry France, of Leyland. He was in his 75th year.

Taking up the art at the age of 18 at St. Andrew's, Leyland, Mr. France rang there until 1925, being one of the band that was much helped and encouraged by the late Benjamin A. Knights, the talented ringer and conductor. Afterwards, and until his death, he rang with Leyland St. James' band, where he was a member of the Parochial Church Council and often sang in the choir.

Always to be found in his place for Sunday service ringing, he was diffident about standing in peal attempts in his latter years, preferring, so he said, to leave it to the younger ones, and to conserve his energy for Sunday. He took part in 45 peals in a variety of methods, and on varying numbers of bells, his favourite methods being Cambridge Surprise and Stedman.

In his younger days Mr. France was regularly to be seen with the Morris Dancers in the celebrated Leyland May Festival.

His fellow ringers, who acted as bearers, rang the St. James' bells half muffled prior to the funeral service, and afterwards at Leyland St. Andrew's following interment there.

In addition to the family mourners and representatives of the various organisations at St. James', the St. John Ambulance Brigade, and the Independent Order of Oddfellows, M.U., of which he was a member, were represented. Mr. E. R. Martin and Mr. L.

Walmsley, of the Lancashire Association, who had been associated with him for many years and had had the pleasure of joining him in peals, were present.

On September 8th a peal of Minor in four methods—Oxford Bob, Plain Bob, Oxford and Kent Treble Bob—was rung by members of the Preston Branch of the Lancashire Association.

OUTING

BALDOCK AND NORTON

September 13th was a pleasant day for Baldock and Norton ringers: the sun shone: the coach was kept to time; and everyone seemed to be happy.

St. Andrew's, Hertford, was first visited, and many found the octave not easy to strike well. The journey to St. Mary's, Cheshunt, was made in brilliant sunshine. The bells, another medium-weight octave, were much easier to strike, but do not sound well outside.

As the coach came towards Waltham Abbey, the white, sunlit tower stood out, thrusting through the green of the surrounding trees. Before trying these twelve bells, with the tenor weighing 39 cwt., we fortified ourselves with tea. These are pleasant bells, but unfortunately it is extremely difficult to hear them from the ringing chamber.

Last tower of the day was at St. John the Baptist's at Epping. There we were warmly welcomed, and had good ringing. J. S.

Gratefully Acknowledged

The Editorial Committee acknowledge with gratitude the following donations towards the cost of producing 'The Ringing World':—

Personal.—St. Mary's, Woodstock, Cape Town 19s. 6d., Anon 2s. 6d.

Peals.—Arlecdon 3s., Cranford 1s. 6d., Leyland 2s. 6d., Penwortham 2s. 6d., Chester 3s.

Quarter Peals.—Cranford 1s. 6d., Finchley 2s., Croydon 4s., Walthamstow 3s. 6d., Wimbledon 2s. 6d., Yeovil 2s. 6d., Rayleigh 3s., Egham 4s., Havant 5s., Usk 4s. 6d., Stinchcombe 3s., Kirk Ella 2s. 6d., Walthamstow 4s., Heston 2s. 6d., Horsell 4s., Ramsbury 3s., Stratton 4s., Cannock 4s.

The conductor of the peal of Yorkshire Surprise Major rung at Wicken (page 586 'R.W.') was Basil Jones and not Brian Harris as stated. Our correspondent sends his apologies.

YORKSHIRE ASSOCIATION

Western District In Wharfedale

A very successful meeting of the Western District was held on September 6th in Wharfedale. During the afternoon, ringing took place on the recently recast bells at St. Peter's, Addingham, this very musical six being visited for the first time by the majority of those present.

In order to facilitate catering arrangements it had been found necessary to bring the meeting forward one week from the date originally planned. This unfortunately prevented several people from being present but, nevertheless, an attendance of about 50 members was recorded. Addingham bells were lowered at about 4.30 p.m. and the visitors journeyed on to Ilkley, where the local company had arranged an excellent tea in the Church Institute.

In the absence of the vice-president, the chair at the business meeting was taken by the general secretary of the Association, Mr. L. W. G. Morris. A unanimous vote of thanks was accorded to all those responsible for the arrangement of the meeting. Reference was also made to Jasper Whitfield Snowdon, first President of the Association, whose home was at Ilkley, and whose memory is to be honoured when the annual commemoration dinner is held at the Griffin Hotel, Leeds, on October 11th. Snowdon's instructional books on ringing are still recognised as the most authoritative works of their kind in existence and very widely used.

The following new members were elected:—Roy Clarke, David Frith, Russel Stephenson, Margaret Evans, Janet Newell, Harold Brown, Graham Wood, John H. Fielden and Philip Dunderdale.

Following the business meeting ringing took place on the octave at All Saints', Ilkley, methods ranging from Plain Bob to Spliced Surprise Major in five methods. Whilst the ringing progressed many visitors took advantage of the opportunity to see the stained glass memorial window to Jasper Snowdon in the church.

A kind invitation was received from Mr. C. Maxfield for the next meeting to be held at St. James', Wetherby, on December 13th, full details of which will be announced in due course.
